imperil, populations, using up, endangered, roam, hold steady, prohibited, established, purchase, strain out, contaminate, recreational, draws, from all directions, benevolent

1 Match the Meaning

Set 1 · Story 1. The Protective Power of Nature Preserves · Part 1 of 6

CCSS L.5.4 · L.5.5 · L.5.6

NAME _____ DATE _____

Directions. Read each word. Fill in the circle next to the meaning that matches BEST.

WORD LIST

imperil · populations · using up · endangered · roam · hold steady · prohibited · established · purchase · strain out · contaminate · recreational · draws · from all directions · benevolent

Q1 L.5.5

imperil

- ○ **A.** to put something in danger
- ○ **B.** to catch and remove bits from a liquid, like a filter
- ○ **C.** to take a photo of something
- ○ **D.** to forbid by a rule or law

Q2 L.5.5

populations

- ○ **A.** the buildings in a city
- ○ **B.** all the people or animals of one kind living in a place
- ○ **C.** the maps of a country
- ○ **D.** in danger of dying out completely

Q3 L.5.5

using up

- ○ **A.** to share something with others
- ○ **B.** to start or create something that will last
- ○ **C.** to use all of something until none is left
- ○ **D.** to attract or bring people to a place

Q4 L.5.5

endangered

- A. kind and helpful; wanting to do good
- B. in danger of dying out completely
- C. done for fun and relaxation
- D. living only in zoos

Q5 L.5.5

roam

- A. to walk or travel around without a set plan
- B. to get something by paying money for it
- C. to run in a race
- D. to put something in danger

Q6 L.5.5

hold steady

- A. to walk or travel around without a set plan
- B. to use all of something until none is left
- C. to move to a new home
- D. to stay at the same level without going up or down

Q7 L.5.5

prohibited

- A. to explain something
- B. to make something dirty or unsafe by adding harmful things
- C. to forbid by a rule or law
- D. to stay at the same level without going up or down

Q8 L.5.5

established

- A. to start or create something that will last
- B. to forbid by a rule or law
- C. to make something dirty or unsafe by adding harmful things
- D. to visit something once

Q9 L.5.5

purchase

- **A.** to borrow something
- **B.** to use all of something until none is left
- **C.** to put something in danger
- **D.** to get something by paying money for it

Q10 L.5.5

strain out

- **A.** to start or create something that will last
- **B.** to catch and remove bits from a liquid, like a filter
- **C.** to get something by paying money for it
- **D.** to pour a liquid into a cup

Q11 L.5.5

contaminate

- **A.** to catch and remove bits from a liquid, like a filter
- **B.** to stay at the same level without going up or down
- **C.** to make something dirty or unsafe by adding harmful things
- **D.** to make something cold

Q12 L.5.5

recreational

- **A.** done for a job or for money
- **B.** kind and helpful; wanting to do good
- **C.** in danger of dying out completely
- **D.** done for fun and relaxation

Q13 L.5.5

draws

- **A.** to attract or bring people to a place
- **B.** to walk or travel around without a set plan
- **C.** to make a picture of something
- **D.** to catch and remove bits from a liquid, like a filter

Q14 L.5.5

from all directions

- A. very late at night
- B. from only one small town
- C. from many different places all around
- D. all the people or animals of one kind living in a place

Q15 L.5.5

benevolent

- A. done for fun and relaxation
- B. very strict
- C. in danger of dying out completely
- D. kind and helpful; wanting to do good

2 Fill in the Blank

Set 1 · Story 1. The Protective Power of Nature Preserves · Part 2 of 6

CCSS L.5.4 · L.5.5 · L.5.6

Directions. Choose the word that best fills in the blank.

WORD LIST

imperil · populations · using up · endangered · roam · hold steady · prohibited · established · purchase · strain out · contaminate · recreational · draws · from all directions · benevolent

Q1 L.5.6

Oil spills _____ sea birds and fish.

○ **A.** roam ○ **B.** imperil ○ **C.** purchase ○ **D.** strain out

Q2 L.5.6

The _____ of many cities keep growing.

○ **A.** prohibited ○ **B.** from all directions ○ **C.** recreational ○ **D.** populations

Q3 L.5.6

We are _____ all the paper in the printer.

○ **A.** contaminate ○ **B.** draws ○ **C.** hold steady ○ **D.** using up

Q4 L.5.6

Tigers are _____ animals.

○ **A.** endangered ○ **B.** recreational ○ **C.** benevolent ○ **D.** established

Q5 L.5.6

Horses _____ freely across the open plains.

○ **A.** imperil ○ **B.** hold steady ○ **C.** roam ○ **D.** strain out

Q6 L.5.6

Prices should _____ for the next few months.

○ **A.** contaminate ○ **B.** hold steady ○ **C.** imperil ○ **D.** purchase

Q7 L.5.6

Swimming is _____ in this lake.

○ **A.** prohibited ○ **B.** established ○ **C.** draws ○ **D.** using up

Q8 L.5.6

The school was _____ in 1950.

○ **A.** roam ○ **B.** prohibited ○ **C.** established ○ **D.** using up

Q9 L.5.6

We need to _____ a new tent for camping.

○ **A.** roam ○ **B.** purchase ○ **C.** imperil ○ **D.** strain out

Q10 L.5.6

Use a net to _____ the leaves from the pool.

○ **A.** hold steady ○ **B.** purchase ○ **C.** strain out ○ **D.** contaminate

Q11 L.5.6

Trash can _____ the river.

○ **A.** roam ○ **B.** contaminate ○ **C.** purchase ○ **D.** strain out

Q12 L.5.6

The park has many _____ activities, like hiking and boating.

○ **A.** endangered ○ **B.** benevolent ○ **C.** populations ○ **D.** recreational

Q13 L.5.6

The fair _____ big crowds every summer.

○ **A.** prohibited ○ **B.** draws ○ **C.** established ○ **D.** using up

Q14 L.5.6

Birds flew in _____ to the feeder.

○ **A.** populations ○ **B.** benevolent ○ **C.** endangered ○ **D.** from all directions

Q15 L.5.6

The _____ king shared his food with the poor.

○ **A.** endangered ○ **B.** benevolent ○ **C.** recreational ○ **D.** from all directions

3 Synonyms, Antonyms & Pairs

Set 1 · Story 1. The Protective Power of Nature Preserves · Part 3 of 6

CCSS L.5.4 · L.5.5 · L.5.6

Directions. Items 1-6: choose the SYNONYM (same meaning). Items 7-11: choose the ANTONYM (opposite). Items 12-15: choose the example that FITS the word.

Q1 L.5.5

SAME Choose the synonym of **imperil**:

○ **A.** measure ○ **B.** borrow ○ **C.** threaten ○ **D.** decorate

Q2 L.5.5

SAME Choose the synonym of **roam**:

○ **A.** wander ○ **B.** hammer ○ **C.** stack ○ **D.** count

Q3 L.5.5

SAME Choose the synonym of **prohibited**:

○ **A.** banned ○ **B.** tossed ○ **C.** polished ○ **D.** stirred

Q4 L.5.5

SAME Choose the synonym of **established**:

○ **A.** hugged ○ **B.** wrinkled ○ **C.** founded ○ **D.** sprinkled

Q5 L.5.5

SAME Choose the synonym of **purchase**:

○ **A.** buy ○ **B.** sweep ○ **C.** dig ○ **D.** chew

Q6 L.5.5

SAME Choose the synonym of **draws**:

○ **A.** drops ○ **B.** scrubs ○ **C.** mends ○ **D.** attracts

Q7 L.5.5

OPPOSITE Choose the antonym of **using up**:

○ **A.** sweeping ○ **B.** saving ○ **C.** painting ○ **D.** folding

Q8 L.5.5

OPPOSITE Choose the antonym of **endangered**:

◯ **A.** noisy ◯ **B.** purple ◯ **C.** thriving ◯ **D.** crunchy

Q9 L.5.5

OPPOSITE Choose the antonym of **hold steady**:

◯ **A.** tie up ◯ **B.** doze off ◯ **C.** drop sharply ◯ **D.** pop out

Q10 L.5.5

OPPOSITE Choose the antonym of **contaminate**:

◯ **A.** stretch ◯ **B.** purify ◯ **C.** sing ◯ **D.** knit

Q11 L.5.5

OPPOSITE Choose the antonym of **benevolent**:

◯ **A.** sandy ◯ **B.** woolly ◯ **C.** cruel ◯ **D.** shiny

Q12 L.5.5

GOES WITH Choose the example that fits **populations**:

◯ **A.** the tallest tree in one forest ◯ **B.** all the deer found in one forest

◯ **C.** a hiking trail that winds through a forest ◯ **D.** one deer drinking from a stream

Q13 L.5.5

GOES WITH Choose the example that fits **strain out**:

◯ **A.** a kettle boiling water on the stove ◯ **B.** a hose spraying water across a dusty yard

◯ **C.** a bucket filling up with rain on the porch ◯ **D.** a sieve catching sand as water drips through

Q14 L.5.5

GOES WITH Choose the example that fits **recreational**:

◯ **A.** kayaking on a lake on a sunny weekend ◯ **B.** filling out tax forms at the kitchen table

◯ **C.** waiting in line at the dentist's office ◯ **D.** scrubbing pots after a big family dinner

Q15 L.5.5

GOES WITH Choose the example that fits **from all directions**:

◯ **A.** visitors all coming in through one narrow gate ◯ **B.** a single family arriving on the morning bus

◯ **C.** visitors leaving by the only road out of town ◯ **D.** visitors arriving from north, south, east, and west

4 Read & Infer

Set 1 · Story 1. The Protective Power of Nature Preserves · Part 4 of 6

CCSS RI.5.4 · L.5.4

Directions. Read each short passage. Choose the best meaning of the bold word as it is used.

Q1 RI.5.4

Nature needs our protection. All over the world, humans' actions **imperil** natural areas and the plants and animals in them.

What does **imperil** mean here?

- **A.** to put something in danger
- **B.** to take a photo of something
- **C.** to clean something
- **D.** to grow something

Q2 RI.5.4

People are using more of the earth's resources. As human **populations** grow, people put the environment at risk by using up natural resources.

What does **populations** mean here?

- **A.** all the people or animals of one kind living in a place
- **B.** the weather in a place
- **C.** the buildings in a city
- **D.** the maps of a country

Q3 RI.5.4

People are using more of the earth's resources. As human populations grow, people put the environment at risk by **using up** natural resources such as trees, water, and land.

What does **using up** mean here?

- **A.** to save something for later
- **B.** to pick something up
- **C.** to share something with others
- **D.** to use all of something until none is left

Q4 RI.5.4

There is a way to help nature. Nature preserves protect **endangered** species and natural areas.

What does **endangered** mean here?

- **A.** very large
- **B.** living only in zoos
- **C.** in danger of dying out completely
- **D.** very fast

Q5 RI.5.4

In a nature preserve, nature is kept safe. Plants are free to thrive as they naturally would, and animals are free to **roam**.

What does **roam** mean here?

- **A.** to run in a race
- **B.** to eat plants
- **C.** to hide underground
- **D.** to walk or travel around without a set plan

Q6 RI.5.4

Nature preserves are carefully managed. Within these areas, plant and animal populations can **hold steady** or even grow.

What does **hold steady** mean here?

- **A.** to hold on tightly
- **B.** to hide in a nest
- **C.** to stay at the same level without going up or down
- **D.** to move to a new home

Q7 RI.5.4

Different preserves have different rules. Some activities are allowed in certain preserves. In others these activities are **prohibited**.

What does **prohibited** mean here?

- **A.** to build something
- **B.** to forbid by a rule or law
- **C.** to explain something
- **D.** to visit something

Q8 RI.5.4

People around the world protect nature. Nature preserves have been **established** in many different countries.

What does **established** mean here?

- **A.** to start or create something that will last
- **B.** to buy land
- **C.** to visit something once
- **D.** to study animals

Q9 RI.5.4

Some people work to protect land. These people work to **purchase** the land or to convince the land's owners or the government to protect it.

What does **purchase** mean here?

- **A.** to protect something
- **B.** to get something by paying money for it
- **C.** to borrow something
- **D.** to study something

Q10 RI.5.4

Wetlands do important work. They **strain out** pollutants that contaminate human water systems, too.

What does **strain out** mean here?

- **A.** to catch and remove bits from a liquid, like a filter
- **B.** to stretch a muscle
- **C.** to pour a liquid into a cup
- **D.** to boil water

Q11 RI.5.4

Wetlands do important work. They strain out pollutants that **contaminate** human water systems, too.

What does **contaminate** mean here?

- **A.** to make something bigger
- **B.** to make something dirty or unsafe by adding harmful things
- **C.** to pour something out
- **D.** to make something cold

Q12 RI.5.4

Nature preserves are useful in many ways. Nature preserves also provide scientific and **recreational** opportunities.

What does **recreational** mean here?

- **A.** done by scientists
- **B.** done for a job or for money
- **C.** done very quickly
- **D.** done for fun and relaxation

Q13 RI.5.4

Costa Rica has a nature preserve in a cloud forest. The Monteverde Cloud Forest Reserve **draws** scientists to study its incredibly varied plant and animal life.

What does **draws** mean here?

- **A.** to make a picture of something
- **B.** to study a place
- **C.** to protect a place
- **D.** to attract or bring people to a place

Q14 RI.5.4

The Monteverde Cloud Forest Reserve is popular with visitors. The reserve also brings tourists **from all directions**.

What does **from all directions** mean here?

- **A.** very late at night
- **B.** from only one small town
- **C.** from many different places all around
- **D.** in a straight line

Q15 RI.5.4

Nature preserves help people care for the earth. In nature preserves, people use natural resources in **benevolent** rather than harmful ways.

What does **benevolent** mean here?

- **A.** kind and helpful; wanting to do good
- **B.** very strict
- **C.** very old
- **D.** very rich

WORD LIST

urban · lush · humble · state-of-the-art · planting the seeds for · perseverance · plots · ensuring · freeing up · cultivates · ahead of their time · alternative · transform · reap · draining · artificial · a matter of time · aftermath · reinforced · dig in · yield · influence · hard to come by · communal · break out · resist · reliable · flip side · boost · stamina

Q1 L.5.5

urban

- ○ **A.** having to do with a city
- ○ **B.** having to do with the ocean
- ○ **C.** full of healthy green plants that grow thickly
- ○ **D.** certain to happen sooner or later

Q2 L.5.5

lush

- ○ **A.** full of healthy green plants that grow thickly
- ○ **B.** made stronger by adding extra support
- ○ **C.** difficult to find or get
- ○ **D.** dry and covered with sand

Q3 L.5.5

humble

- ○ **A.** very proud and showy
- ○ **B.** shared by everyone in a group
- ○ **C.** using the newest and best ideas and machines
- ○ **D.** simple and not fancy or large

Q4 L.5.5

state-of-the-art

- A. able to be trusted to work well every time
- B. having to do with a city
- C. using the newest and best ideas and machines
- D. using simple tools from long ago

Q5 L.5.5

planting the seeds for

- A. to grow and take care of plants
- B. doing something now that will help something grow later
- C. pulling weeds out of a garden
- D. to stop something harmful from hurting you

Q6 L.5.5

perseverance

- A. the quality of continuing to try even when something is hard
- B. the habit of giving up quickly
- C. the period of time after something bad, like a disaster
- D. small pieces of land used for a special purpose, such as gardening

Q7 L.5.5

plots

- A. a different choice you can use instead
- B. the other side or result of something
- C. small pieces of land used for a special purpose, such as gardening
- D. the large fields used for sports

Q8 L.5.5

ensuring

- A. to forget that something happens
- B. to have an effect on something
- C. to change something completely
- D. to make certain that something happens

Q9 L.5.5

freeing up

- A. to lock something away
- B. to use up something little by little until it is gone
- C. to take something out so you can start using it
- D. to make something available to be used for something else

Q10 L.5.5

cultivates

- A. to make something available to be used for something else
- B. to cut down trees
- C. to grow and take care of plants
- D. to gather a crop or get something good from work you did

Q11 L.5.5

ahead of their time

- A. having ideas that became popular only later
- B. doing things the old-fashioned way
- C. made by people, not by nature
- D. simple and not fancy or large

Q12 L.5.5

alternative

- A. the quality of continuing to try even when something is hard
- B. the strength to keep doing something for a long time
- C. the only choice you have
- D. a different choice you can use instead

Q13 L.5.5

transform

- A. to change something completely
- B. to make certain that something happens
- C. to make something stronger or better
- D. to keep something the same

Q14 L.5.5

reap

- **A.** to start doing something with energy
- **B.** to gather a crop or get something good from work you did
- **C.** doing something now that will help something grow later
- **D.** to throw away a crop

Q15 L.5.5

draining

- **A.** doing something now that will help something grow later
- **B.** to produce something, such as a crop or seeds
- **C.** to add more and more of something
- **D.** to use up something little by little until it is gone

Q16 L.5.5

artificial

- **A.** shared by everyone in a group
- **B.** having ideas that became popular only later
- **C.** made by people, not by nature
- **D.** growing wild in a forest

Q17 L.5.5

a matter of time

- **A.** having to do with a city
- **B.** never going to happen
- **C.** able to be trusted to work well every time
- **D.** certain to happen sooner or later

Q18 L.5.5

aftermath

- **A.** the period of time after something bad, like a disaster
- **B.** the time before something happens
- **C.** the strength to keep doing something for a long time
- **D.** the quality of continuing to try even when something is hard

Q19 L.5.5

reinforced

- A. made weaker by taking parts away
- B. made stronger by adding extra support
- C. full of healthy green plants that grow thickly
- D. certain to happen sooner or later

Q20 L.5.5

dig in

- A. to change something completely
- B. to make something available to be used for something else
- C. to start doing something with energy
- D. to stop and take a break

Q21 L.5.5

yield

- A. to destroy something
- B. to produce something, such as a crop or seeds
- C. to start doing something with energy
- D. to make certain that something happens

Q22 L.5.5

influence

- A. to take something out so you can start using it
- B. to have an effect on something
- C. to ignore something
- D. to gather a crop or get something good from work you did

Q23 L.5.5

hard to come by

- A. using the newest and best ideas and machines
- B. simple and not fancy or large
- C. easy to find everywhere
- D. difficult to find or get

Q24 L.5.5

communal

- **A.** made stronger by adding extra support
- **B.** shared by everyone in a group
- **C.** owned by just one person
- **D.** made by people, not by nature

Q25 L.5.5

break out

- **A.** to produce something, such as a crop or seeds
- **B.** to put something away
- **C.** to take something out so you can start using it
- **D.** to grow and take care of plants

Q26 L.5.5

resist

- **A.** to make something stronger or better
- **B.** to stop something harmful from hurting you
- **C.** to catch something easily
- **D.** to use up something little by little until it is gone

Q27 L.5.5

reliable

- **A.** full of healthy green plants that grow thickly
- **B.** likely to break down often
- **C.** having ideas that became popular only later
- **D.** able to be trusted to work well every time

Q28 L.5.5

flip side

- **A.** small pieces of land used for a special purpose, such as gardening
- **B.** the very first step
- **C.** the other side or result of something
- **D.** a different choice you can use instead

Q29 L.5.5

boost

- **A.** to have an effect on something
- **B.** to make something weaker
- **C.** to stop something harmful from hurting you
- **D.** to make something stronger or better

Q30 L.5.5

stamina

- **A.** the strength to keep doing something for a long time
- **B.** the other side or result of something
- **C.** a short rest after work
- **D.** the period of time after something bad, like a disaster

What does **lush** mean here?

- ○ **A.** full of healthy green plants that grow thickly
- ○ **B.** very crowded
- ○ **C.** very noisy
- ○ **D.** dry and covered with sand

Q3 RI.5.4

About 800 million people grow food in cities. They grow it in everything from **humble** herb patches to state-of-the-art farms.

What does **humble** mean here?

- ○ **A.** very modern
- ○ **B.** very expensive
- ○ **C.** simple and not fancy or large
- ○ **D.** very proud and showy

Q4 RI.5.4

About 800 million people grow food in cities. They grow it in everything from humble herb patches to **state-of-the-art** farms.

What does **state-of-the-art** mean here?

- **A.** found far away
- **B.** built very quickly
- **C.** using simple tools from long ago
- **D.** using the newest and best ideas and machines

Q5 RI.5.4

City farmers grow food in many places. They're changing our urban landscapes while **planting the seeds for** our future.

What does **planting the seeds for** mean here?

- **A.** buying seeds at a store
- **B.** doing something now that will help something grow later
- **C.** pulling weeds out of a garden
- **D.** picking fruit from trees

Q6 RI.5.4

One man kept gardening even in very hard times. People visit his garden today as a monument of kindness, **perseverance**, and hope.

What does **perseverance** mean here?

- **A.** the size of a garden
- **B.** the color of a flower
- **C.** the habit of giving up quickly
- **D.** the quality of continuing to try even when something is hard

Q7 RI.5.4

During World War I, many people started victory gardens. The number of garden **plots** rose from 3.5 million in 1917 to more than 5 million in 1918.

What does **plots** mean here?

- **A.** the machines on a farm
- **B.** the seeds a farmer buys
- **C.** small pieces of land used for a special purpose, such as gardening
- **D.** the large fields used for sports

Q8 RI.5.4

Victory gardeners helped during World War II. They were **ensuring** the country—and its soldiers—had enough to eat.

What does **ensuring** mean here?

- **A.** to plant a garden
- **B.** to make certain that something happens
- **C.** to forget that something happens
- **D.** to fight in a war

Q9 RI.5.4

Victory gardeners helped during World War II. They were ensuring the country had enough to eat, and **freeing up** resources needed in wartime.

What does **freeing up** mean here?

- **A.** to lock something away
- **B.** to make something available to be used for something else
- **C.** to send letters
- **D.** to grow more food

Q10 RI.5.4

Americans were asked to help during the war. 'Everyone who creates or **cultivates** a garden helps,' President Wilson said.

What does **cultivates** mean here?

- **A.** to sell vegetables
- **B.** to cut down trees
- **C.** to grow and take care of plants
- **D.** to cook a meal

Q11 RI.5.4

Many people today grow food in cities. Those victory gardeners were **ahead of their time**!

What does **ahead of their time** mean here?

- **A.** late for a meeting
- **B.** very old
- **C.** doing things the old-fashioned way
- **D.** having ideas that became popular only later

Q12 RI.5.4

Cities are often crowded. When cities are too jam-packed to create wide growing spaces, one **alternative** is to go up—and up and up!

What does **alternative** mean here?

- **A.** a different choice you can use instead
- **B.** a tall building
- **C.** a kind of plant
- **D.** the only choice you have

Q13 RI.5.4

Some gardens grow on walls. Vertical gardens can **transform** brick, concrete, and siding into artistic and even edible walls.

What does **transform** mean here?

- **A.** to build a wall
- **B.** to keep something the same
- **C.** to change something completely
- **D.** to plant seeds

Q14 RI.5.4

Some living walls grow food. Those who tend the walls **reap** the harvest, which is not sold commercially.

What does **reap** mean here?

- **A.** to gather a crop or get something good from work you did
- **B.** to build a wall
- **C.** to water a plant
- **D.** to throw away a crop

Q15 RI.5.4

Designers are planning tall buildings for farming. They aim to produce as much food as possible without **draining** all of a city's resources.

What does **draining** mean here?

- **A.** to use up something little by little until it is gone
- **B.** to plant crops
- **C.** to build towers
- **D.** to add more and more of something

Q16 RI.5.4

Tall city farms may need extra light. Solar panels may need to be installed to supply energy for **artificial** growing lights.

What does **artificial** mean here?

- **A.** very bright
- **B.** made by people, not by nature
- **C.** growing wild in a forest
- **D.** very old

Q17 RI.5.4

Many people are excited about tall city farms. It's only **a matter of time** until we find out if they work.

What does **a matter of time** mean here?

- **A.** never going to happen
- **B.** long ago and forgotten
- **C.** certain to happen sooner or later
- **D.** too late to matter

Q18 RI.5.4

A group from Montreal shares its rooftop gardening skills. They took those skills to Haiti in the **aftermath** of the 2010 earthquake.

What does **aftermath** mean here?

- **A.** the time before something happens
- **B.** a type of farm
- **C.** a kind of math
- **D.** the period of time after something bad, like a disaster

Q19 RI.5.4

One building in Chicago has a garden on top. It's a huge, **reinforced** structure topped by a 906-square-yard rooftop garden.

What does **reinforced** mean here?

- **A.** made weaker by taking parts away
- **B.** very tall
- **C.** made stronger by adding extra support
- **D.** very old

Q20 RI.5.4

Starting a garden takes planning. But there are a few things to consider before you **dig in**.

What does **dig in** mean here?

- **A.** to stop and take a break
- **B.** to plant a tree
- **C.** to start doing something with energy
- **D.** to bury something

Q21 RI.5.4

Gardeners can save some seeds. Some types of fruits and vegetables will **yield** seeds that you can save for the next planting season.

What does **yield** mean here?

- **A.** to destroy something
- **B.** to sell something
- **C.** to water something
- **D.** to produce something, such as a crop or seeds

Q22 RI.5.4

Gardeners should test their soil. The nutrients the soil contains will **influence** the type of plants you can grow.

What does **influence** mean here?

- **A.** to have an effect on something
- **B.** to ignore something
- **C.** to dig something
- **D.** to measure something

Q23 RI.5.4

Community gardens can help many neighborhoods. They can make a world of difference in a food desert, where fresh produce is **hard to come by**.

What does **hard to come by** mean here?

- **A.** easy to find everywhere
- **B.** difficult to find or get
- **C.** quick to grow
- **D.** fun to watch

Q24 RI.5.4

Community gardens have rules. Most expect members to tend their gardens and do some **communal** work, such as cleaning out the common areas before winter.

What does **communal** mean here?

- **A.** very quiet
- **B.** shared by everyone in a group
- **C.** very old
- **D.** owned by just one person

Q25 RI.5.4

There are many reasons to garden. Feeding hungry people is just one good reason to **break out** your gardening gloves.

What does **break out** mean here?

- **A.** to take something out so you can start using it
- **B.** to run outside
- **C.** to put something away
- **D.** to break something into pieces

Q26 RI.5.4

Different types of plants have different strengths. For example, one type of tomato may be able to **resist** diseases.

What does **resist** mean here?

- **A.** to catch something easily
- **B.** to taste sweet
- **C.** to grow tall
- **D.** to stop something harmful from hurting you

Q27 RI.5.4

Q1 L.5.5

version

- ○ **A.** one form of something that is a little different from other forms
- ○ **B.** the power used to make machines work
- ○ **C.** a way of thinking about things
- ○ **D.** the price of something

Q2 L.5.5

reduce

- ○ **A.** to repeat something
- ○ **B.** to flip something so the other side faces up
- ○ **C.** to catch your foot on something and stumble or fall
- ○ **D.** to make something smaller or less

Q3 L.5.5

no big deal

- ○ **A.** not important or not a problem
- ○ **B.** falling or flowing down like a waterfall
- ○ **C.** aware of something and paying attention to it
- ○ **D.** very exciting

Q4 L.5.5

environmentally

- **A.** in a way that has to do with nature and the earth
- **B.** used when you change or correct what you just said
- **C.** in a way that has to do with money
- **D.** every year for many years

Q5 L.5.5

conscious

- **A.** very sleepy
- **B.** aware of something and paying attention to it
- **C.** not very big or important
- **D.** not important or not a problem

Q6 L.5.5

implying

- **A.** to suggest something without saying it directly
- **B.** to stop for a short time before going on
- **C.** to shout something loudly
- **D.** to use up fuel to make energy

Q7 L.5.5

topics

- **A.** one form of something that is a little different from other forms
- **B.** places where people live
- **C.** subjects that people talk, read, or write about
- **D.** an early version of something that is not finished

Q8 L.5.5

contradict

- **A.** to make something smaller or less
- **B.** to say something again
- **C.** to say or do the opposite of something
- **D.** to make a big difference that helps many people

Q9 L.5.5

turn over

- A. to be used or needed to make something
- B. to go through a place without stopping long
- C. to fold something in half
- D. to flip something so the other side faces up

Q10 L.5.5

draft

- A. people whom others look up to and copy
- B. subjects that people talk, read, or write about
- C. an early version of something that is not finished
- D. a drawing of a person

Q11 L.5.5

reuse

- A. to slowly grow into a large amount
- B. to use something again
- C. to say or do the opposite of something
- D. to throw something away

Q12 L.5.5

minor

- A. not very big or important
- B. slightly cold
- C. used up so that little or none is left
- D. very loud and strong

Q13 L.5.5

year after year

- A. only once
- B. every year for many years
- C. used when you change or correct what you just said
- D. in a way that has to do with nature and the earth

Q14 L.5.5

add up

- **A.** to fall apart
- **B.** to make something higher or stronger, like heat or sound
- **C.** to give something to help others
- **D.** to slowly grow into a large amount

Q15 L.5.5

energy

- **A.** old things that are not useful or wanted
- **B.** a kind of paper
- **C.** one form of something that is a little different from other forms
- **D.** the power used to make machines work

Q16 L.5.5

go into

- **A.** to come out of something
- **B.** to use something again
- **C.** to be used or needed to make something
- **D.** to suggest something without saying it directly

Q17 L.5.5

change the world

- **A.** to stay the same
- **B.** to suggest something without saying it directly
- **C.** to be used or needed to make something
- **D.** to make a big difference that helps many people

Q18 L.5.5

role models

- **A.** an early version of something that is not finished
- **B.** people who build model airplanes
- **C.** people whom others look up to and copy
- **D.** old things that are not useful or wanted

Q19 L.5.5

mindset

- **A.** a way of thinking about things
- **B.** the power used to make machines work
- **C.** subjects that people talk, read, or write about
- **D.** a list of rules

Q20 L.5.5

cascading

- **A.** not very big or important
- **B.** aware of something and paying attention to it
- **C.** falling or flowing down like a waterfall
- **D.** climbing straight up

Q21 L.5.5

turning up

- **A.** to stop for a short time before going on
- **B.** to switch something off
- **C.** to use something again
- **D.** to make something higher or stronger, like heat or sound

Q22 L.5.5

chilly

- **A.** slightly cold
- **B.** used up so that little or none is left
- **C.** falling or flowing down like a waterfall
- **D.** very hot and sunny

Q23 L.5.5

junk

- **A.** people whom others look up to and copy
- **B.** old things that are not useful or wanted
- **C.** new things in a store
- **D.** a way of thinking about things

Q24 L.5.5

tripping over

- A. to say or do the opposite of something
- B. to catch your foot on something and stumble or fall
- C. to give something to help others
- D. to jump over something easily

Q25 L.5.5

donate

- A. to give something to help others
- B. to use up fuel to make energy
- C. to catch your foot on something and stumble or fall
- D. to sell something for a high price

Q26 L.5.5

passing through

- A. to flip something so the other side faces up
- B. to go through a place without stopping long
- C. to make a big difference that helps many people
- D. to stay in a place for a long time

Q27 L.5.5

depleted

- A. not important or not a problem
- B. broken in half
- C. slightly cold
- D. used up so that little or none is left

Q28 L.5.5

burning

- A. to make something smaller or less
- B. to use up fuel to make energy
- C. to make something higher or stronger, like heat or sound
- D. to save fuel

Q29 L.5.5

pausing

- **A.** to go through a place without stopping long
- **B.** to stop forever
- **C.** to stop for a short time before going on
- **D.** to slowly grow into a large amount

Q30 L.5.5

actually

- **A.** used when you change or correct what you just said
- **B.** every year for many years
- **C.** in a way that has to do with nature and the earth
- **D.** maybe someday

2 Fill in the Blank

Set 3 · Story 3. Living Green · Part 2 of 6

CCSS L.5.4 · L.5.5 · L.5.6

Directions. Choose the word that best fills in the blank.

WORD LIST

version · reduce · no big deal · environmentally · conscious · implying · topics · contradict · turn over · draft · reuse · minor · year after year · add up · energy · go into · change the world · role models · mindset · cascading · turning up · chilly · junk · tripping over · donate · passing through · depleted · burning · pausing · actually

Q1 L.5.6

The movie has a happy ending, but the book _____ does not.

○ **A.** energy ○ **B.** junk ○ **C.** mindset ○ **D.** version

Q2 L.5.6

We can _____ waste by using cloth bags.

○ **A.** turn over ○ **B.** reduce ○ **C.** contradict ○ **D.** go into

Q3 L.5.6

Spilling a little water is _____; just wipe it up.

○ **A.** chilly ○ **B.** no big deal ○ **C.** cascading ○ **D.** depleted

Q4 L.5.6

Riding a bike is _____ friendly.

○ **A.** change the world ○ **B.** year after year ○ **C.** actually ○ **D.** environmentally

Q5 L.5.6

She is _____ of how much water she uses.

○ **A.** conscious ○ **B.** minor ○ **C.** chilly ○ **D.** no big deal

Q6 L.5.6

Are you _____ that I'm always late?

○ **A.** burning ○ **B.** turning up ○ **C.** passing through ○ **D.** implying

Q7 L.5.6

We discussed many _____ in science class.

◯ **A.** topics ◯ **B.** draft ◯ **C.** version ◯ **D.** role models

Q8 L.5.6

His actions _____ his words.

◯ **A.** donate ◯ **B.** reuse ◯ **C.** contradict ◯ **D.** reduce

Q9 L.5.6

Please _____ your test when you finish.

◯ **A.** change the world ◯ **B.** add up ◯ **C.** turn over ◯ **D.** reduce

Q10 L.5.6

I wrote a rough _____ of my story.

◯ **A.** draft ◯ **B.** topics ◯ **C.** energy ◯ **D.** mindset

Q11 L.5.6

We _____ glass jars to store beads.

◯ **A.** donate ◯ **B.** add up ◯ **C.** turn over ◯ **D.** reuse

Q12 L.5.6

It's only a(n) _____ scratch.

◯ **A.** cascading ◯ **B.** minor ◯ **C.** depleted ◯ **D.** conscious

Q13 L.5.6

The birds return to this lake _____.

◯ **A.** actually ◯ **B.** year after year ◯ **C.** environmentally ◯ **D.** pausing

Q14 L.5.6

Small savings _____ over time.

SAME Choose the synonym of **tripping over**:

○ **A.** singing to ○ **B.** stumbling over ○ **C.** waving to ○ **D.** laughing at

Q8 L.5.5

SAME Choose the synonym of **donate**:

○ **A.** give away ○ **B.** pick up ○ **C.** bring back ○ **D.** run off

Q9 L.5.5

SAME Choose the synonym of **depleted**:

○ **A.** emptied ○ **B.** curly ○ **C.** sparkly ○ **D.** foggy

Q10 L.5.5

SAME Choose the synonym of **burning**:

○ **A.** polishing ○ **B.** whistling ○ **C.** consuming ○ **D.** painting

Q11 L.5.5

SAME Choose the synonym of **pausing**:

○ **A.** halting ○ **B.** racing ○ **C.** yawning ○ **D.** shouting

Q12 L.5.5

SAME Choose the synonym of **actually**:

○ **A.** once again ○ **B.** on second thought ○ **C.** at lunch ○ **D.** inside out

Q13 L.5.5

OPPOSITE Choose the antonym of **reduce**:

○ **A.** bake ○ **B.** increase ○ **C.** juggle ○ **D.** whistle

Q14 L.5.5

OPPOSITE Choose the antonym of **no big deal**:

○ **A.** a kind word ○ **B.** a fresh start ○ **C.** a sunny day ○ **D.** a big problem

Q15 L.5.5

OPPOSITE Choose the antonym of **conscious**:

○ **A.** fuzzy ○ **B.** salty ○ **C.** unaware ○ **D.** golden

Q16 L.5.5

OPPOSITE Choose the antonym of **contradict**:

○ **A.** sit on ○ **B.** run from ○ **C.** shout at ○ **D.** agree with

Q17 L.5.5

OPPOSITE Choose the antonym of **draft**:

◯ **A.** mitten ◯ **B.** final copy ◯ **C.** basket ◯ **D.** garden

Q18 L.5.5

OPPOSITE Choose the antonym of **minor**:

◯ **A.** purple ◯ **B.** woolly ◯ **C.** sleepy ◯ **D.** major

Q19 L.5.5

OPPOSITE Choose the antonym of **year after year**:

◯ **A.** upside down ◯ **B.** on purpose ◯ **C.** just once ◯ **D.** for free

Q20 L.5.5

OPPOSITE Choose the antonym of **turning up**:

◯ **A.** cheering on ◯ **B.** turning down ◯ **C.** dressing up ◯ **D.** lining up

Q21 L.5.5

OPPOSITE Choose the antonym of **chilly**:

◯ **A.** crunchy ◯ **B.** square ◯ **C.** dotted ◯ **D.** warm

Q22 L.5.5

GOES WITH Choose the example that fits **environmentally**:

◯ **A.** bringing a cloth bag to the store to save plastic

◯ **B.** leaving the car running while you shop for an hour

◯ **C.** grabbing a new plastic bag for every single apple

◯ **D.** tossing empty cans in the trash with the food scraps

Q23 L.5.5

GOES WITH Choose the example that fits **reuse**:

◯ **A.** buying a brand-new pencil holder at the store ◯ **B.** using an old jar as a pencil holder

◯ **C.** breaking an old jar while washing dishes ◯ **D.** throwing an old jar into the trash can

Q24 L.5.5

GOES WITH Choose the example that fits **add up**:

- ◯ **A.** pennies in a jar growing into a lot of money
- ◯ **B.** a jar of pennies spilling all over the floor
- ◯ **C.** spending your last dollar on a pack of gum
- ◯ **D.** one penny rolling under the couch and getting lost

Q25 L.5.5

GOES WITH Choose the example that fits **energy**:

- ◯ **A.** electricity that makes a lamp glow
- ◯ **B.** a cord that is tied neatly in a loop
- ◯ **C.** a switch plate painted to match the wall
- ◯ **D.** a bulb box sitting empty on the shelf

Q26 L.5.5

GOES WITH Choose the example that fits **go into**:

- ◯ **A.** the plate a cake is served on at a party

- ◯ **D.** winning a game of checkers against your uncle

Q28 L.5.5

GOES WITH Choose the example that fits **role models**:

- ◯ **A.** a big sister who borrows her little sister's crayons
- ◯ **B.** a big sister whose little sister copies what she does
- ◯ **C.** a big sister who forgets to feed the family fish
- ◯ **D.** a big sister who sleeps late on Saturday mornings

Q29 L.5.5

GOES WITH Choose the example that fits **mindset**:

- ◯ **A.** carrying your notebook in a bright blue backpack
- ◯ **B.** eating a healthy snack before a soccer game
- ◯ **C.** sitting in the front row during math class
- ◯ **D.** believing you can get better with practice

Q30 L.5.5

GOES WITH Choose the example that fits **passing through**:

- ◯ **A.** a bird building a nest in a tree to raise its chicks
- ◯ **B.** a bird stopping in a tree briefly on its flight south
- ◯ **C.** an owl living in the same tree for many years
- ◯ **D.** a squirrel storing nuts in a tree for the winter

4 Read & Infer

Set 3 · Story 3. Living Green · Part 4 of 6

CCSS RI.5.4 · L.5.4

Directions. Read each short passage. Choose the best meaning of the bold word as it is used.

Q1 RI.5.4

Eva noticed the time. 'We haven't made the final **version** of our Reduce, Reuse, Recycle poster for Ms. Garcia's class.'

What does **version** mean here?

- ○ **A.** the price of something
- ○ **B.** a box of markers
- ○ **C.** one form of something that is a little different from other forms
- ○ **D.** a large poster

Q2 RI.5.4

The friends are making a poster for class. Its title tells people to **reduce**, reuse, and recycle.

What does **reduce** mean here?

- ○ **A.** to make something smaller or less
- ○ **B.** to color something
- ○ **C.** to build something
- ○ **D.** to repeat something

Q3 RI.5.4

Eva worried that they had not finished their poster. Bo said, '**No big deal**. We know a lot about conservation.'

What does **no big deal** mean here?

- ○ **A.** very exciting
- ○ **B.** very expensive
- ○ **C.** not important or not a problem
- ○ **D.** very far away

Q4 RI.5.4

Bo was sure the friends cared about the earth. 'We're very **environmentally** conscious. This will be easy.'

What does **environmentally** mean here?

- **A.** in a way that has to do with money
- **B.** in a loud way
- **C.** in a quick way
- **D.** in a way that has to do with nature and the earth

Q5 RI.5.4

Bo was sure the friends cared about the earth. 'We're very environmentally **conscious**. This will be easy.'

What does **conscious** mean here?

- **A.** very angry
- **B.** very loud
- **C.** aware of something and paying attention to it
- **D.** very sleepy

Q6 RI.5.4

Grace asked if they were really environmentally conscious. Bo said, 'Of course we are! Are you **implying** that we aren't?'

What does **implying** mean here?

- **A.** to suggest something without saying it directly
- **B.** to write something down
- **C.** to shout something loudly
- **D.** to forget something

Q7 RI.5.4

Grace was not sure they really helped the earth. 'Well, we've read a lot about environmental **topics** in school.'

What does **topics** mean here?

- **A.** kinds of games
- **B.** pieces of paper
- **C.** places where people live
- **D.** subjects that people talk, read, or write about

Q8 RI.5.4

Grace asked an important question. 'Do our actions **contradict** our words?'

What does **contradict** mean here?

- **A.** to read a book
- **B.** to say or do the opposite of something
- **C.** to make a poster
- **D.** to say something again

Q9 RI.5.4

Grace had an idea about the poster board. 'Why don't we just **turn over** the board that we used to make the draft—and make the final version on the other side?'

What does **turn over** mean here?

- **A.** to flip something so the other side faces up
- **B.** to tear something up
- **C.** to fold something in half
- **D.** to throw something away

Q10 RI.5.4

Grace had an idea about the poster board. 'Why don't we just turn over the board that we used to make the **draft**—and make the final version on the other side?'

What does **draft** mean here?

- **A.** a box of glue
- **B.** a drawing of a person
- **C.** an early version of something that is not finished
- **D.** a type of poster board

Q11 RI.5.4

Grace explained her idea. 'No one will even see the original side, because it will be on the wall. **Reuse**!'

What does **reuse** mean here?

- **A.** to make something new
- **B.** to use something again
- **C.** to paint something
- **D.** to throw something away

Q12 RI.5.4

Bo rolled her eyes at Grace's idea. Grace said, 'I know, it seems so **minor**.'

What does **minor** mean here?

- **A.** very loud and strong
- **B.** not very big or important
- **C.** very far
- **D.** very new

Q13 RI.5.4

Grace explained why small things matter. 'But all these little things, every day, **year after year**—they add up.'

What does **year after year** mean here?

- **A.** every year for many years
- **B.** only once
- **C.** far away
- **D.** late at night

Q14 RI.5.4

Grace explained why small things matter. 'But all these little things, every day, year after year—they **add up**.'

What does **add up** mean here?

- **A.** to fall apart
- **B.** to clean up
- **C.** to slowly grow into a large amount
- **D.** to count to ten

Q15 RI.5.4

Grace thought about how paper is made. 'Think about all the **energy** and resources that go into cutting down the trees, manufacturing the paper, transporting the paper to stores . . .'

What does **energy** mean here?

- **A.** a heavy rock
- **B.** a kind of paper
- **C.** the power used to make machines work
- **D.** a short game

Q16 RI.5.4

Grace thought about how paper is made. 'Think about all the energy and resources that **go into** cutting down the trees, manufacturing the paper, transporting the paper to stores . . .'

What does **go into** mean here?

- **A.** to be used or needed to make something
- **B.** to come out of something
- **C.** to walk into a room
- **D.** to cut down trees

Q17 RI.5.4

Bo did not think kids could do much. 'But we're only in fifth grade. It's not like we can **change the world**.'

What does **change the world** mean here?

- **A.** to move to a new country
- **B.** to stay the same
- **C.** to win a game
- **D.** to make a big difference that helps many people

Q18 RI.5.4

Eva thought kids could make a difference. 'And we're **role models** for the little kids. My little sister mimics everything I do.'

What does **role models** mean here?

- **A.** people who build model airplanes
- **B.** people whom others look up to and copy
- **C.** people who live far away
- **D.** people who act in movies

Q19 RI.5.4

Bo started to rethink things. 'Maybe we have to change our . . . what does Ms. Garcia call it? **Mindset**.'

What does **mindset** mean here?

- **A.** a list of rules
- **B.** a type of poster
- **C.** a kind of game
- **D.** a way of thinking about things

Q20 RI.5.4

Bo was trying to think of ideas. She was idly examining a vine **cascading** from a nearby plant.

What does **cascading** mean here?

- **A.** falling or flowing down like a waterfall
- **B.** spinning in a circle
- **C.** climbing straight up
- **D.** sitting still

Q21 RI.5.4

Eva had another idea. 'Instead of **turning up** the heat when you get a little chilly, put on a sweater or a hoodie.'

What does **turning up** mean here?

- **A.** to switch something off
- **B.** to turn around
- **C.** to show up at a party
- **D.** to make something higher or stronger, like heat or sound

Q22 RI.5.4

Eva had another idea. 'Instead of turning up the heat when you get a little **chilly**, put on a sweater or a hoodie.'

What does **chilly** mean here?

- **A.** very wet
- **B.** slightly cold
- **C.** very hot and sunny
- **D.** very windy

Q23 RI.5.4

Grace talked about her room. 'I have so much **junk** in my room that I'm usually tripping over it.'

What does **junk** mean here?

- **A.** toys for babies
- **B.** new things in a store
- **C.** old things that are not useful or wanted
- **D.** food for dinner

Q24 RI.5.4

Grace talked about her room. 'I have so much junk in my room that I'm usually **tripping over** it.'

What does **tripping over** mean here?

- **A.** to clean something
- **B.** to pick something up
- **C.** to catch your foot on something and stumble or fall
- **D.** to jump over something easily

Q25 RI.5.4

- ◯ **A.** crowds gathering to watch a hot-air balloon launch
- ◯ **B.** a girl reading a book by herself in the shade
- ◯ **C.** a farmer quietly hoeing his corn before sunrise
- ◯ **D.** crowds waiting in a long line at the post office

Q26 L.5.5

GOES WITH Choose the example that fits **packet**:

- ◯ **A.** a small envelope of sugar at a café
- ◯ **B.** a tall jar of honey on a café shelf
- ◯ **C.** a wide tray of muffins on the counter
- ◯ **D.** a big barrel of coffee beans in the back

Q27 L.5.5

GOES WITH Choose the example that fits **vaccinations**:

- ◯ **A.** a nurse checking a child's height against the wall
- ◯ **B.** a nurse giving a child a shot to prevent measles
- ◯ **C.** a nurse bandaging a scraped knee after a fall
- ◯ **D.** a nurse handing a child a sticker after a checkup

Q28 L.5.5

GOES WITH Choose the example that fits **mound**:

- ◯ **A.** a deep hole a child dug at the beach
- ◯ **B.** a long line a child drew in the wet sand
- ◯ **C.** a little hill of sand a child built at the beach
- ◯ **D.** a flat towel a child spread on the beach

Q29 L.5.5

GOES WITH Choose the example that fits **received word**:

- ◯ **A.** mailing a birthday card to your cousin far away
- ◯ **B.** drawing a picture of your cousin for the fridge
- ◯ **C.** getting a letter saying your cousin is coming to visit
- ◯ **D.** waving goodbye to your cousin at the train station

Q30 L.5.5

GOES WITH Choose the example that fits **heart skips a beat**:

- ◯ **A.** a sleepy feeling when the bus ride is long and slow
- ◯ **B.** a bored sigh when the teacher reads the lunch menu
- ◯ **C.** a little itch when your new sweater rubs your neck
- ◯ **D.** a sudden thrill when you see your name on the winners' list

4 Read & Infer

Set 4 · Story 4. The Good Garden · Part 4 of 6

CCSS RI.5.4 · L.5.4

Directions. Read each short passage. Choose the best meaning of the bold word as it is used.

Q1 RI.5.4

María Luz's family lives in a farming community. But **drought** and insects are ruining the crops in their community.

What does **drought** mean here?

- ○ **A.** a long time with little or no rain
- ○ **B.** a kind of insect
- ○ **C.** a field of corn
- ○ **D.** a short, heavy rainstorm

Q2 RI.5.4

María Luz's family lives in a farming community. But drought and insects are **ruining** the crops in their community.

What does **ruining** mean here?

- ○ **A.** to water something
- ○ **B.** to plant something
- ○ **C.** to sell something for money
- ○ **D.** to damage something so badly it is spoiled

Q3 RI.5.4

The coyote makes poor farmers pay back three times the seeds they borrow. To avoid this, María's father has gone away **in search of** work.

What does **in search of** mean here?

- ○ **A.** running away from something
- ○ **B.** waiting for someone
- ○ **C.** looking for something
- ○ **D.** talking about something

Q4 RI.5.4

It is the dry season. There is dust in the air and **wispy** clouds high above.

What does **wispy** mean here?

- **A.** thin, light, and soft, like smoke
- **B.** cold and wet
- **C.** loud and bright
- **D.** dark and stormy

Q5 RI.5.4

María Luz walks to school. As she walks, she thinks of her father in the **highlands**.

What does **highlands** mean here?

- **A.** areas of thick jungle
- **B.** areas of high, hilly land
- **C.** areas of busy city streets
- **D.** areas of flat land by the sea

Q6 RI.5.4

Don Pedro thinks the dark school is no good. 'This school is good for bats and owls, but not for children,' he exclaims, **flapping** his arms.

What does **flapping** mean here?

- **A.** to stamp your feet
- **B.** to hold something very still
- **C.** to move something up and down quickly, like wings
- **D.** to clap loudly

Q7 RI.5.4

Don Pedro wants more light in the school. Soon there is daylight **streaming** into the classroom, making it easier for María Luz and the others to read and write.

What does **streaming** mean here?

- **A.** to freeze
- **B.** to drip one drop at a time
- **C.** to pour or flow steadily in large amounts
- **D.** to blow away

Q8 RI.5.4

Don Pedro shows how to make compost. He will collect **manure** from the school's chicken coop and add it to the pile.

What does **manure** mean here?

- **A.** chemicals used to kill bugs
- **B.** water used to wash tools
- **C.** seeds used to plant crops
- **D.** animal waste used to help plants grow

Q9 RI.5.4

Don Pedro shapes the hillside behind the school. María Luz watches as he shovels the soil into giant steps he calls **terraces**.

What does **terraces** mean here?

- **A.** wooden fences around a field
- **B.** tall towers for storing grain
- **C.** deep holes dug for wells
- **D.** flat steps cut into the side of a hill for growing crops

Q10 RI.5.4

Don Pedro builds terraces on the hill. Many people in town come to see the **spectacle**.

What does **spectacle** mean here?

- **A.** a quiet, ordinary day
- **B.** a pair of glasses
- **C.** an unusual or exciting sight that people come to watch
- **D.** a kind of seed

Q11 RI.5.4

Don Pedro protects the terraces. On the side of each step, he plants vines and grass to hold the terrace **in place**.

What does **in place** mean here?

- **A.** in the correct position and not moving
- **B.** in a hurry
- **C.** far away from home
- **D.** out of order

Q12 RI.5.4

Don Pedro gets the terraces ready. He mixes rich compost into the soil, then **pokes** holes in the terraces and plants his seeds.

What does **pokes** mean here?

- **A.** to pat something gently with your hand
- **B.** to push something with a finger or a pointed object
- **C.** to pour water on something
- **D.** to pull something up

Q13 RI.5.4

Families come to watch and learn. Some of them **admire** the marigolds, which Don Pedro calls the smiles of the soil.

What does **admire** mean here?

- **A.** to plant something
- **B.** to look at something with fear
- **C.** to throw something away
- **D.** to look at something with pleasure and respect

Q14 RI.5.4

María Luz builds her own terraces. Her steps look rough and **uneven**, but they will hold the soil.

What does **uneven** mean here?

- **A.** not flat, smooth, or level
- **B.** very wet
- **C.** very long
- **D.** very shiny

Q15 RI.5.4

María Luz works on her terraces. Her little brother, Pepito, **toddles** out to see.

What does **toddles** mean here?

- **A.** to run very fast
- **B.** to walk with short, unsteady steps like a small child
- **C.** to crawl on hands and knees
- **D.** to jump high

Q16 RI.5.4

Don Pedro helps María Luz start her own garden. He has given her a **packet** of radish seeds.

What does **packet** mean here?

- **A.** a small paper or plastic package
- **B.** a kind of seed
- **C.** a large wooden box
- **D.** a bag of soil

Q17 RI.5.4

María Luz will grow radishes. Don Pedro says they will **sprout** in just a few weeks and sell for a good price at the market.

What does **sprout** mean here?

- **A.** to dry up and die
- **B.** to be picked
- **C.** to begin to grow and push up from the soil
- **D.** to be sold

Q18 RI.5.4

María Luz thinks about what her family needs. Should she take Pepito for his **vaccinations** or save to buy a burro?

What does **vaccinations** mean here?

- **A.** lessons at school
- **B.** shots that protect people from diseases
- **C.** check-ups at a dentist
- **D.** pills for a cough

Q19 RI.5.4

Pepito is with María Luz. She gives his little hand a **squeeze** and picks up the watering can.

What does **squeeze** mean here?

- **A.** a gentle tap
- **B.** a quick wave
- **C.** a loud shout
- **D.** the act of pressing something firmly

Q20 RI.5.4

The work has made them hungry. María Luz knows that only a small **mound** of beans and a little tortilla dough remain.

What does **mound** mean here?

- **A.** a flat field
- **B.** a deep hole in the ground
- **C.** a small pile or heap
- **D.** a tall tree

Q21 RI.5.4

María Luz takes care of her garden. One day, as she **weeds** with Pepito, a long shadow falls across her vegetable rows.

What does **weeds** mean here?

- **A.** to water flowers
- **B.** to pull unwanted plants out of a garden
- **C.** to plant new seeds
- **D.** to pick fruit

Q22 RI.5.4

A long shadow falls across María's vegetable rows. 'You are growing crops for cash, I see,' says the **growly** voice of Señor Lobo, the local coyote.

What does **growly** mean here?

- **A.** deep, rough, and grumpy-sounding
- **B.** very fast
- **C.** quiet and sleepy
- **D.** very bright

Q23 RI.5.4

María Luz shakes her head but does not speak. She hears the coyote **snort** and watches his shadow retreat.

What does **snort** mean here?

- **A.** to sing a song
- **B.** to laugh quietly
- **C.** to whisper a secret
- **D.** to make a loud noise by pushing air out through the nose

Q24 RI.5.4

María Luz shakes her head but does not speak. She hears the coyote snort and watches his shadow **retreat**.

What does **retreat** mean here?

- **A.** to climb up
- **B.** to move back or away
- **C.** to stand still and wait
- **D.** to sit down

Q25 RI.5.4

Mama calls the children to the house. Mama has **received word** from Papa—he did find work and will be home soon.

What does **received word** mean here?

- **A.** to get news or a message
- **B.** to learn a word
- **C.** to send a gift
- **D.** to read a book

Q26 RI.5.4

María Luz is near her house. Her **heart skips a beat**. A familiar sombrero is bobbing up the path to her house.

What does **heart skips a beat** mean here?

- **A.** to feel very sleepy
- **B.** to run very fast
- **C.** to have a stomachache
- **D.** to feel a sudden rush of excitement or surprise

Q27 RI.5.4

María Luz is near her house. Her heart skips a beat. A **familiar** sombrero is bobbing up the path to her house.

What does **familiar** mean here?

- **A.** very new
- **B.** very far away
- **C.** known well because you have seen or heard it before
- **D.** very large and heavy

Q28 RI.5.4

María Luz is near her house. Her heart skips a beat. A familiar sombrero is **bobbing** up the path to her house.

What does **bobbing** mean here?

- **A.** to spin around
- **B.** to roll sideways
- **C.** to stay perfectly still
- **D.** to move up and down quickly

Q29 RI.5.4

Papa tells about his time away. Long, **backbreaking** days on a coffee plantation were worth it, he says.

What does **backbreaking** mean here?

- **A.** short and quick
- **B.** very hard and tiring, especially physical work
- **C.** very dangerous
- **D.** very boring

Q30 RI.5.4

Don Pedro meets María's father. 'Mucho gusto,' says Don Pedro, **pumping** Señor Duarte's hand.

What does **pumping** mean here?

- **A.** to fill a tire with air
- **B.** to lift a heavy box
- **C.** to wave from far away
- **D.** to move someone's hand up and down in a strong handshake

Q1 L.5.5

flight

- ○ **A.** machines that keep eggs warm until they hatch
- ○ **B.** partners that animals pair up with to raise young
- ○ **C.** the act of building a nest
- ○ **D.** the act of flying

Q2 L.5.5

scaly

- ○ **A.** free and not controlled by another country
- ○ **B.** covered with small, hard, flat plates on the skin
- ○ **C.** having a sharp, unpleasant taste
- ○ **D.** covered with feathers

Q3 L.5.5

bitter

- ○ **A.** ready or likely to attack or fight
- ○ **B.** having a sharp, unpleasant taste
- ○ **C.** having a salty taste
- ○ **D.** sticky and soft

Q4 L.5.5

rebuilt

- **A.** to damage something so badly that it is ruined
- **B.** to make a loud, harsh cry like a bird
- **C.** to paint something a new color
- **D.** to build something again after it was damaged

Q5 L.5.5

mates

- **A.** partners that animals pair up with to raise young
- **B.** enemies that animals fight
- **C.** a person who buys and sells goods, or a ship that carries goods for trade
- **D.** the act of flying

Q6 L.5.5

back and forth

- **A.** a strong building made to defend a place
- **B.** in a straight line forever
- **C.** high in the air
- **D.** first in one direction and then in the other, many times

Q7 L.5.5

fluffing

- **A.** to protect someone or something from attack
- **B.** to spread from one place into another
- **C.** to flatten something
- **D.** to shake or pat something so it looks fuller and softer

Q8 L.5.5

toil

- **A.** to work very hard for a long time
- **B.** to fight against someone
- **C.** to rest in the shade
- **D.** to shake or pat something so it looks fuller and softer

Q9 L.5.5

capture

- **A.** to take control of a place by force
- **B.** to visit a place for fun
- **C.** to build something again after it was damaged
- **D.** to send a boat or ship out onto the water

Q10 L.5.5

harbor

- **A.** a place that governs itself but has a special connection to a larger country
- **B.** a high mountain
- **C.** a safe area of water where ships can stay
- **D.** the state of being kept in a cage or closed place

Q11 L.5.5

merchant

- **A.** a black material made by burning wood, used as fuel
- **B.** a person who buys and sells goods, or a ship that carries goods for trade
- **C.** a large cage or building where birds are kept
- **D.** a person who fights in wars

Q12 L.5.5

launched

- **A.** to poke quickly and hard with something pointed
- **B.** to send a boat or ship out onto the water
- **C.** to work very hard for a long time
- **D.** to paint a boat

Q13 L.5.5

fort

- **A.** a safe area of water where ships can stay
- **B.** groups of soldiers
- **C.** a strong building made to defend a place

4 Read & Infer

Set 5 · Story 5. Parrots Over Puerto Rico · Part 4 of 6

CCSS RI.5.4 · L.5.4

Directions. Read each short passage. Choose the best meaning of the bold word as it is used.

Q1 RI.5.4

Puerto Rican parrots live in the forest. If you are very lucky, you might catch the bright blue flashes of their **flight** feathers.

What does **flight** mean here?

- **A.** the act of flying
- **B.** the act of building a nest
- **C.** a loud call
- **D.** a kind of tree seed

Q2 RI.5.4

Long ago, the island was full of life. Tiny tree frogs, kapok trees, and big, **scaly** iguanas covered the land.

What does **scaly** mean here?

- **A.** very loud
- **B.** covered with feathers
- **C.** covered with small, hard, flat plates on the skin
- **D.** very fast

Q3 RI.5.4

Iguaca! Iguaca! the parrots called. They flew to sierra palm trees to eat their dark, **bitter** fruit.

What does **bitter** mean here?

- **A.** very soft
- **B.** having a sharp, unpleasant taste
- **C.** having a salty taste
- **D.** very colorful

Q4 RI.5.4

Hurricanes often hit the island. Each time hurricanes destroyed their homes and schools, the colonizers **rebuilt** them.

What does **rebuilt** mean here?

- **A.** to build something again after it was damaged
- **B.** to visit a school
- **C.** to paint something a new color
- **D.** to sell a house

Q5 RI.5.4

In the treetops, the parrots searched for **mates**. The new pairs sat on branches, bowing and calling to each other.

What does **mates** mean here?

- **A.** nests in trees
- **B.** enemies that animals fight
- **C.** partners that animals pair up with to raise young
- **D.** kinds of fruit

Q6 RI.5.4

The new pairs of parrots sat on branches. They bowed, called **back and forth** to each other, and fluffed their wings and tails.

What does **back and forth** mean here?

- **A.** in a straight line forever
- **B.** high in the air
- **C.** very quietly
- **D.** first in one direction and then in the other, many times

Q7 RI.5.4

The new pairs of parrots sat on branches. They were bowing, calling back and forth, and **fluffing** their wings and tails.

What does **fluffing** mean here?

- **A.** to cut something
- **B.** to flatten something
- **C.** to shake or pat something so it looks fuller and softer
- **D.** to wash something

Q8 RI.5.4

People from other places came to the island. Starting in the 1500s, Africans were brought to the island to **toil** as enslaved people under the hot sun in fields of sugarcane.

What does **toil** mean here?

- **A.** to sing songs
- **B.** to rest in the shade
- **C.** to sail across the sea
- **D.** to work very hard for a long time

Q9 RI.5.4

Puerto Rico was valuable. For centuries, people from other countries in Europe tried to **capture** Puerto Rico.

What does **capture** mean here?

- **A.** to visit a place for fun
- **B.** to take control of a place by force
- **C.** to map a place
- **D.** to build a place

Q10 RI.5.4

European countries wanted Puerto Rico. They wanted to control the deep **harbor** at San Juan, where merchant ships and warships could be launched.

What does **harbor** mean here?

- **A.** a busy market
- **B.** a deep forest
- **C.** a safe area of water where ships can stay
- **D.** a high mountain

Q11 RI.5.4

European countries wanted Puerto Rico. They wanted to control the deep harbor at San Juan, where **merchant** ships and warships could be launched.

What does **merchant** mean here?

- **A.** a person who builds forts
- **B.** a person who fights in wars
- **C.** a person who studies birds
- **D.** a person who buys and sells goods, or a ship that carries goods for trade

Q12 RI.5.4

European countries wanted Puerto Rico. They wanted to control the deep harbor at San Juan, where merchant ships and warships could be **launched**.

What does **launched** mean here?

- **A.** to sell a ship
- **B.** to send a boat or ship out onto the water
- **C.** to sink a ship
- **D.** to paint a boat

Q13 RI.5.4

The Boricuas protected their island. Starting in 1539, they built a **fort** that grew and grew until its walls were 18 feet thick.

What does **fort** mean here?

- **A.** a kind of ship
- **B.** a strong building made to defend a place
- **C.** a large farm
- **D.** a small shop for selling food

Q14 RI.5.4

The United States and Spain went to war. The war was really about Cuba, another of Spain's colonies, but the fighting **spilled over** into Puerto Rico.

What does **spilled over** mean here?

- **A.** to pour a drink
- **B.** to fall off a table
- **C.** to spread from one place into another
- **D.** to stay in one place

Q15 RI.5.4

The war came to Puerto Rico. Thousands of American soldiers landed on the island and began **battling** Spanish troops.

What does **battling** mean here?

- **A.** to sail with someone
- **B.** to trade with someone
- **C.** to make friends with someone
- **D.** to fight against someone

Q16 RI.5.4

Thousands of American soldiers landed on the island of Puerto Rico. They began battling Spanish **troops**.

What does **troops** mean here?

- **A.** groups of people who come to visit
- **B.** big guns on wheels
- **C.** groups of soldiers
- **D.** tall walls around a fort

Q17 RI.5.4

People cut down many trees. Many of the parrots' tall, old trees were made into **charcoal** to use for cooking fires.

What does **charcoal** mean here?

- **A.** a black material made by burning wood, used as fuel
- **B.** a kind of bird
- **C.** a type of tree
- **D.** a white powder used for baking

Q18 RI.5.4

Pearly-eyed thrashers tried to take over parrot nests. The parrots fought the thrashers, **jabbing** at them with their sharp beaks.

What does **jabbing** mean here?

- **A.** to fly away
- **B.** to poke quickly and hard with something pointed
- **C.** to sing loudly
- **D.** to pat gently

Q19 RI.5.4

The parrots fought the thrashers. They were **defending** their nests with harsh cries.

What does **defending** mean here?

- **A.** to protect someone or something from attack
- **B.** to share something
- **C.** to clean something
- **D.** to build something

Q20 RI.5.4

Puerto Ricans elected their first governor. The island became a U.S. **commonwealth**—not a state, not an independent nation, but something in between.

What does **commonwealth** mean here?

- **A.** a place that governs itself but has a special connection to a larger country
- **B.** a big forest
- **C.** a city with no government
- **D.** a kind of bird

Q21 RI.5.4

Puerto Ricans elected their first governor. The island became a U.S. commonwealth—not a state, not an **independent** nation, but something in between.

What does **independent** mean here?

- **A.** very small and poor
- **B.** very crowded
- **C.** very old
- **D.** free and not controlled by another country

Q22 RI.5.4

Scientists made a plan to save the parrots. The first part of the plan was to create an **aviary**, a safe place for parrots to live and raise chicks.

What does **aviary** mean here?

- **A.** a pond where fish live
- **B.** a nest in a tree
- **C.** a kind of parrot
- **D.** a large cage or building where birds are kept

Q23 RI.5.4

Scientists collected eggs and chicks. Parrots **squawked** as scientists with long-handled nets gently lifted eggs and chicks from their nesting holes.

What does **squawked** mean here?

- **A.** to make a loud, harsh cry like a bird
- **B.** to fly away
- **C.** to build a nest
- **D.** to whisper softly

Q24 RI.5.4

The scientists cared for the eggs. **Incubators** in the aviary kept the eggs warm.

What does **incubators** mean here?

- **A.** machines that keep food cold
- **B.** boxes for mail
- **C.** machines that keep eggs warm until they hatch
- **D.** nets used to catch birds

Q25 RI.5.4

The scientists raised parrots in the aviary. The Puerto Rican parrots raised in **captivity** had no experience as parents, so Hispaniolan parrots helped raise the chicks.

What does **captivity** mean here?

- **A.** the state of being lost
- **B.** the state of being kept in a cage or closed place
- **C.** a kind of feather
- **D.** a type of tree

Q26 RI.5.4

Hispaniolan parrots helped raise the chicks. They are like cousins of Puerto Rican parrots but are not as **rare**.

What does **rare** mean here?

- **A.** very loud and bright
- **B.** not found or seen very often
- **C.** very large
- **D.** very old

Q27 RI.5.4

Some chicks needed help. One chick was rescued from the wild after its wings were badly damaged by **gooey** slime inside its nest.

What does **gooey** mean here?

- **A.** sticky and soft
- **B.** very loud
- **C.** cold and icy
- **D.** very bright

Q28 RI.5.4

Hurricane Hugo roared through Puerto Rico in 1989. The hurricane wiped out crops and **wrecked** buildings and homes.

What does **wrecked** mean here?

- **A.** to damage something so badly that it is ruined
- **B.** to sell something
- **C.** to fix something
- **D.** to measure something

Q29 RI.5.4

Scientists chose a new home for some parrots. This forest is less **humid** than El Yunque, and many parrots had once lived there.

What does **humid** mean here?

- **A.** very sunny
- **B.** cold and windy
- **C.** very dark
- **D.** warm and damp, with a lot of water in the air

Q30 RI.5.4

The scientists kept the parrots safe. They kept more **aggressive** pairs of parrots away from gentler ones, so the gentler birds would not be frightened.

What does **aggressive** mean here?

- **A.** very hungry
- **B.** very old
- **C.** ready or likely to attack or fight
- **D.** very colorful
