Directions. Use what you learned from each story to think more deeply. Each question helps you grow as an IB learner.

Q1 Perspective DOK 2

In "Young Frank Architect," **Young Frank** thinks his chair, twisted tower, and city are real architect work. **Old Frank** thinks they are not. By the end, Old Frank changes his mind. Why does each one think his way?

TWO-SIDE FEELING WEB

Step 1 · Draw Young Frank's face and Old Frank's face. Show how each one feels at the START of the story.

YOUNG FRANK

OLD FRANK

proud curious unsure sad surprised wiser

Step 2 · Circle two feelings for Young Frank and two for Old Frank.

Step 3 · Tell why each one feels that way. Use words from the story.

Q2 Causation DOK 3

In "Sky Color," WHY does Marisol end up making a brand-new "sky color"? What things made it happen? Use the idea of CAUSE and EFFECT.

CAUSE & EFFECT

CAUSE · WHAT HAPPENS TO MARISOL (NO BLUE PAINT, RAINY SKY, DEEP DREAM)	→	EFFECT · WHAT MARISOL DOES (SWIRLS COLORS, MAKES "SKY COLOR")

If Marisol HAD found blue paint, would she still have made "sky color"? Write one sentence.

Q3 Connection DOK 2

"Sky Color" and "Joaquín's Zoo" both show a child who DREAMS and then MAKES something new. What is the SAME and what is DIFFERENT in the way Marisol and Joaquín create?

COMPARE

MARISOL · SKY COLOR	JOAQUÍN · JOAQUÍN'S ZOO

What is the SAME for BOTH children? Write one idea.

Q4 Responsibility DOK 3

In "Joaquín's Zoo," Joaquín uses **scraps** — old leftover things — to build ten animals. What four KINDS of scraps does he use, and why is it good to use scraps?

SCRAPS WEB

Using Scraps

SCRAP 1 · CHEESE GRATER (HIPPO)

SCRAP 2 · OLD PHONE (ENRIQUE MOUSE)

SCRAP 3 · LAMP + TWO WHEELS (BORTOLO RABBIT)

SCRAP 4 · FRENCH HORN FOR TRUNK (ELEPHANT)

Why is it good to use scraps instead of throwing them away? Write one reason.

Q5 Reflection DOK 4

Essential Question: How can thinking in new ways help solve problems? Use ideas from TWO stories you read.

According to the passage, who sewed the soft fur on Chester's earmuffs?

- **A.** A teacher
- **B.** His grandma
- **C.** A neighbor
- **D.** The town mayor

Q11 RIT 163 | Lexile 55L | AR 1.2 | Inference

Jin's class was painting a big mural. There was no green paint. Jin took yellow and blue, and mixed them on a plate. A new green came out. Jin painted the grass with her new green.

Why did Jin mix yellow and blue?

- **A.** She wanted to throw the paint away.
- **B.** Her plate was hungry.
- **C.** There was no green, so she made green a new way.
- **D.** The mural was already finished.

Q12 RIT 164 | Lexile 70L | AR 1.3 | Main Idea

Many big things in our world began as a small dream. Earmuffs began with a cold-eared boy. Planes began with two brothers who watched birds. Phones began with a man who wanted to talk far away. A dream is the first small step to something new.

What is the main idea of this passage?

- A. Big inventions only happen by accident, so no one really needs to dream.
- B. Earmuffs and planes are the only inventions that ever began with a dream.
- C. Dreams have nothing to do with the real things people invent.
- D. Many real inventions began as one person's small dream.

Q13 RIT 165 | Lexile 80L | AR 1.3 | Cause & Effect

Marco wanted to build a small toy car. He had no wheels. He looked around. He found four old buttons. He used the buttons as wheels. The little car rolled across the table.

Why did Marco use buttons?

- **A.** Cars
- **B.** Big trains
- **C.** Birds
- **D.** Boats

Q16 RIT 168 | Lexile 120L | AR 1.5 | Inference

Aiko spoke two languages. At school, she sometimes felt that one was not enough. She read in English. She read in Japanese too. She wrote stories in both. Her teacher said her two languages were like two open windows.

What does the teacher mean by "two open windows"?

- **A.** Aiko's house has two windows that are broken.
- **B.** Two languages let Aiko see and learn from two worlds.
- **C.** Aiko should close one window forever.
- **D.** Windows are made of paper.

Q17 RIT 169 | Lexile 140L | AR 1.5 | Main Idea

A problem is something we have to fix. Sometimes the same old way does not work. So we have to think in a new way. A new idea may sound silly at first. But many silly-sounding ideas have changed the world.

What is the main idea of this passage?

- **A.** When old ways do not work, a new idea — even a silly one — can solve the problem.
- **B.** All silly-sounding ideas should be thrown away before anyone tries them.
- **C.** The same old way always works, so we never need to think in a new way.
- **D.** A problem is best left hidden away, instead of being fixed at all.

Q18 RIT 170 | Lexile 150L | AR 1.6 | Cause & Effect

Soo wanted to make a star for the school show. The store was closed and she had no foil. She cut a star from a juice box. The shiny inside of the box made a bright star on stage. The crowd cheered.

Why did the crowd cheer?

- A. Soo made a bright star a new way, using a juice box, when the store was closed.
- B. The store opened just in time and sold her a box of foil.
- C. Soo dropped the star and it fell off the stage.
- D. The whole show was canceled and everyone went home.

Q19 RIT 171 | Lexile 150L | AR 1.6 | Vocabulary
