## Module Overview

**Essential Question:** What can we learn from different people and cultures?
**Quote:** "We are all the same and we are all different. What great friends we will be." — Kelly Moran
**Big Idea Words (3):** culture, harmony, heritage
**Main Stories (workbook 4):**

- Where on Earth Is My Bagel? · Frances Park & Ginger Park (illus. Grace Lin) · Realistic Fiction
- May Day Around the World · Tori Telfer (illus. Lynne Avril) · Narrative Nonfiction
- Goal! · Sean Taylor (photographs by Caio Vilela) · Informational Text
- Poems in the Attic · Nikki Grimes (illus. Elizabeth Zunon) · Poetry

Note. SoT lists 27 core vocabulary items on Worksheet A (3 Big Idea + 8 Bagel + 4 May Day + 4 Goal! + 8 Poems), in mybook page-order. Shades-of-Meaning and Quick-Teach words are NOT counted as core vocabulary. Worksheet E is intentionally omitted — the V3.1 workflow uses 4 worksheets (A·B·C·D). One Power Word ("breathless" in Poems in the Attic) is confirmed on the title spread but its body occurrence was not located in cleaned OCR — that workbook item uses the title-spread vocabulary card and a natural classroom context; flagged in SoT. ("imaginary" body use is located at OCR line 2626, Goal! step-over passage.)

## Answer Distribution (79 Multiple-Choice Items)

Verified counts across Worksheets A (27), B (32), and D (20). Worksheet C is open-response IB and not counted in MCQ balance.

**A · 20 · B · 20 · C · 20 · D · 19**

*Balance enforced via choice-order rotation only — correct-answer meanings and option texts are preserved from the Source of Truth. All 27 SoT vocabulary words covered on Worksheet A in mybook page-order (Big Idea → Bagel → May Day → Goal! → Poems in the Attic).*

## Voca Trap Items (Worksheet A)

5 of 27 ≈ 19%, below the 30% target — see note. Trap pattern: polysemy / sound-near / homograph distractors as flagged below. (M10 SoT has many narrative-anchored Power Words for which natural traps are limited; future revision may lift to 8 by adding 3 polysemy items on darting/hollered/stacked.)

- Q7 **slippery** — polysemy / sound-near with "slipper" (small house shoe)
- Q11 **grunted** — sound-near with "hunted"
- Q12 **trunk** — polysemy (elephant's nose / car trunk / clothing trunk vs. tree trunk)
- Q19 **founded** — sound-near with "found" / homograph with "founded = melted into liquid metal"
- Q22 **leave** — polysemy (a leaf / going away / school permission slip vs. time of rest from duty)

## Reading Trap Items (Worksheet B) — Team Lead #1 Reinforced

13 of 32 ≈ 41%, above the 30% target. Trap pattern for Section B: cross-text genre confusion (siblings of one module), SoT-anchored detail bait (real character names + Power Words pulled from the wrong story), and length-balanced correct answers so longest-option-wins heuristic fails. Distractors built from SoT only — no hallucination.

- Q8 **Bagel BIG IDEA** — distractors swap Joe/Baker Oh/pigeon roles; "fragrant" pulled from Power Words
- Q10 **May basket race** — Carlos / Ms. Garcia / lily of the valley cross-bait from same story
- Q14 **genre · narrative nonfiction** — siblings: realistic fiction (Bagel) / informational+photo (Goal!) / poetry (Poems)
- Q16 **May Day BIG IDEA** — single-country bias (England-Maypole / Sweden-bonfire / basket=lei)
- Q18 **patient** — imaginary ball / final game / founded England cross-bait inside Goal!
- Q21 **genre · informational+photo** — siblings of all three other genres
- Q22 **Vilela's photos purpose** — Brazil-founded / final-winner / imaginary-ball bait
- Q23 **connects children** — England-rules / leather-ball / World-Cup bait
- Q24 **Goal! BIG IDEA** — England-only / final-winner / Brazil-best single-country bait

- Q29 **genre · poetry** — siblings of all three other genres
- Q30 **two voices** — Mama-only-matters / Captain Grandpa voice / Grandma voice bait
- Q31 **Poems vs Goal!** — sibling-genre swaps + Air Force / soccer-England cross-bait
- Q32 **Poems BIG IDEA** — Mama-only / lose-heritage / hide-poems inversion bait

## MAP Mini-Passage Word Counts (Worksheet D)

- Passage 1 · Soo-yun's Lunchbox · **150 words** · Lexile 240–290L · RIT 180–189
- Passage 2 · Grandpa's Korean New Year · **147 words** · Lexile 300–350L · RIT 190–195
- Passage 3 · The Diwali Lights Next Door · **149 words** · Lexile 360–410L · RIT 195–199
- Passage 4 · One Game, Many Languages · **150 words** · Lexile 440–500L · RIT 199–200

All four passages within target band 80–150 words; RIT 180→200; Lexile 240L–500L. Each passage models a different facet of the EQ — a multicultural lunchroom (food), an intergenerational Korean tradition (heritage), neighbors learning a new festival (harmony), and a shared game crossing language lines (culture as a meeting place).

# Worksheet C — IB Critical Thinking · Answer Key

5 questions · PYP Key Concepts · DOK 2–4

## Q1 Connection DOK 3

In **"Where on Earth Is My Bagel?"** show how TWO cultures (Korea and New York) CONNECT to make one bagel.

### MODEL ANSWER

**From Korea (the village):** Farmer Ahn brings flour. Fisherman Kee brings salt from the sea. Beekeeper Lee brings honey from his hives. Baker Oh has the oven and the patient hands. The village shares its own everyday gifts — gifts of the Korean land, the Korean sea, the Korean kitchen. **From New York (Joe):** Joe sends back the bagel RECIPE — the New York way to mix, shape, and bake the dough. He sends, across the ocean, the knowledge that no one in the village had. **How the bagel rises:** Without Joe's recipe, the Korean ingredients are just flour, salt, and honey. Without the Korean ingredients, Joe's recipe is just words. The bagel rises only when both halves meet — a Korean village's gifts + a New Yorker's know-how. The bagel is FRAGRANT because it carries two cultures at once.

### KEYWORDS (3)

village gifts = flour, salt, honey, oven | Joe = the New York recipe | both halves rise into one bagel

### SCORING NOTES

- Full credit (3): at least 2 Korean gifts + Joe's recipe named + statement that bagel needs BOTH sides.
- Partial (2): both sides described but no "needs both" link.
- Minimal (1): only "they share food" — no two-culture framing.

### TEACHING STEPS

**Step 1 · Two boxes.**

**강사:** *"Draw 2 boxes — Korea / New York. In each box, list what comes from that side."*

**코멘트.** 박스 2개 — 한국 / 뉴욕. 각각에서 오는 것 적기.

**Step 2 · Draw the arrow.**

**강사:** *"Draw a thick arrow between the two boxes. On the arrow, write one word: SHARE, MEET, or RISE."*

**코멘트.** 두 박스 사이 굵은 화살표. 화살표 위에 한 단어 — 나누다·만나다·부풀다.

**Step 3 · One bagel sentence.**

**강사:** *"Write one sentence: 'The bagel rises only when ____.' Fill it in."*

**코멘트.** 한 문장으로: 베이글은 ____ 할 때에만 부푼다.

### STUDENT PROMPTS

- "What is in the Korean kitchen that is NOT in the New York kitchen?"
  한국 부엌에 있고 뉴욕 부엌에 없는 건?
- "Could Joe alone have baked the bagel in Korea? Why not?"
  조 혼자 한국에서 베이글을 구울 수 있었을까? 왜 안 될까?

- "What does the PIGEON do that no person could do?"
  비둘기는 사람이 못 하는 무엇을 하는가?

## DIFFERENTIATION

STRUGGLING Provide 4 picture cards (flour / salt / honey / recipe scroll). Sort into "Korea" or "New York."
4장 그림 카드를 한국 / 뉴욕에 분류.

ADVANCED Pick one Korean food (kimbap, tteokbokki). Imagine a child somewhere in the world wants it. Which TWO cultures would need to share gifts to make it?
한국 음식 하나(김밥·떡볶이) — 두 문화가 무엇을 나눠야 만들 수 있을까?

## COMMON MISCONCEPTIONS

PITFALL "Joe makes the bagel." Joe sends the recipe — the VILLAGE bakes it. Both sides are needed.
조가 베이글을 만든 게 아님. 조는 레시피만 보냄. 양쪽 모두 필요.

PITFALL "A bagel is just bread." A bagel here carries TWO cultures — a Korean village's gifts + a New York recipe. Food is a culture-carrier.
베이글은 그냥 빵이 아님. 두 문화를 담은 음식.

## LEARNER PROFILE LINK

COMMUNICATORS Sending notes by pigeon — and then asking the village out loud — is how communicators bridge two cultures.
비둘기 편지 + 마을에 외치기 — Communicator의 두 문화 잇기.

## KOREAN BRIDGE

표현 "The bagel rises only when both sides share." → "베이글은 양쪽이 나눠야 부풀어."
EQ 핵심 문장 — '문화는 나눌 때 자라난다'.

단어 "fragrant / 향기로운 — recipe / 조리법 — village / 마을"
핵심 단어 영-한 대응.

## Q2 Perspective DOK 2

In **"May Day Around the World,"** show how the tradition looks through THREE pairs of eyes.

### MODEL ANSWER

**Gustaf · Sweden:** Gustaf helps build a TALL BONFIRE in Uppsala for Walpurgis Eve. He sings as flames rise into the cool spring sky. For him, May Day is light fighting back against the long cold winter. **Adèle · France:** Adèle CLUTCHES a small bouquet of lily of the valley her grandfather gave her. For her, May Day is a tiny fragrant flower in her hand — a quiet wish for good luck through the whole year. **Nala · Hawaii:** Aunt Malia teaches Nala to string plumeria flowers into a LEI. For Nala, May Day is "Lei Day" — flowers worn around the neck, the smell of the islands, a circle of welcome. **Which tradition to try:** Most students will pick the lei — making something with their hands and wearing it is concrete and joyful. Some will pick the bonfire for its drama. Either choice is valid IF the student explains WHY it speaks to them.

### KEYWORDS (3)

bonfire = fire vs. winter | lily of the valley = small wish | lei = circle of welcome

### SCORING NOTES

- Full credit (3): 3 children + 3 distinct traditions named + personal choice with a reason.
- Partial (2): 3 traditions but no reflection on personal choice.
- Minimal (1): only "all kids celebrate May Day" with no detail.

### TEACHING STEPS

**Step 1 · Three columns.**

**강사:** *"Draw 3 columns — Gustaf / Adèle / Nala. In each, draw their May Day object (bonfire / flowers / lei)."*

**코멘트.** 3열 — Gustaf · Adèle · Nala. 각자의 May Day 물건 그리기.

**Step 2 · Why this object?**

**강사:** *"For each column, write ONE sentence: WHY does this culture choose this object?"*

**코멘트.** 각 열에 한 문장 — 왜 이 문화는 이 물건을 골랐을까?

**Step 3 · Your pick.**

**강사:** *"Star one you would try. Write one reason."*

**코멘트.** 한 개에 별표 — 해 보고 싶은 이유 한 가지.

### STUDENT PROMPTS

- "What do all THREE traditions have in common?"
  세 전통의 공통점은?
- "Why might Hawaii use FLOWERS while Sweden uses FIRE?"
  하와이는 꽃, 스웨덴은 불 — 왜 다를까?
- "What would a KOREAN May Day look like? What object would it use?"
  한국식 May Day는 어떤 모습일까? 어떤 물건을 쓸까?

### DIFFERENTIATION

STRUGGLING Match 3 picture cards (bonfire / lily / lei) to 3 country labels (Sweden / France / Hawaii).

3장 그림 + 3장 라벨 매칭.

ADVANCED Add a 4th and 5th column (Maria USA / Annabelle England). What objects do THEY use? Why those?

USA·England 추가 — 어떤 물건, 왜?

## COMMON MISCONCEPTIONS

PITFALL "May Day is the same everywhere." It is the same DATE (May 1), but each culture's gift on that date is different.

May Day는 같은 날(5월 1일)이지만 각 문화의 표현은 다름.

PITFALL "One tradition is right and the others are wrong." All are right inside their own culture. Perspective lets us see why each one fits its place.

하나만 옳은 것 아님 — 각 문화 안에서 모두 옳음.

## LEARNER PROFILE LINK

OPEN-MINDED Seeing one day through three pairs of eyes is open-minded thinking.

하루를 세 시각으로 보는 사고 — Open-minded.

## KOREAN BRIDGE

표현 "Same day, different gifts." → "같은 날, 다른 선물."

M10의 핵심 문장 — 어린이도 따라 쓸 수 있게.

Q3 Form DOK 3

In **"Goal!"** map FOUR countries — and what is the SAME about the game in each.

## MODEL ANSWER

**Brazil:** Children play on dirt fields, sandy beaches, narrow streets. The ball may be a real one — or made of rags. **Nepal:** Children play on mountain paths and rocky open spaces. The field is steep, but the goal still counts. **Iran:** Children play in dusty courtyards and on uneven ground. Sometimes the ball is an IMAGINARY one — they pretend. **Pakistan:** Children play in groups on village fields and on city streets. The team and the cheer are what matters. **What is the SAME:** The FIELD is different (dirt / mountain / courtyard / street). The BALL is different (leather / rag / bottle / imagined). But the GAME is the same — passing, running, scoring, cheering. And PATIENCE is the same — children everywhere wait for the right moment. Soccer was FOUNDED in England, but it now belongs to children everywhere.

## KEYWORDS (3)

field varies / game same | ball varies / cheer same | patience belongs everywhere

## SCORING NOTES

- Full credit (3): 4 country cells filled + one clear "what is the same" sentence.
- Partial (2): 4 cells but "same" line is vague ("they all play").
- Minimal (1): only one or two countries described.

## TEACHING STEPS

**Step 1 · Four photo cells.**

**강사:** *"In each cell (Brazil / Nepal / Iran / Pakistan), write ONE detail from the photo — type of field, kind of ball, who plays."*

**코멘트.** 각 칸 — 사진 한 가지 디테일 적기(필드·공·플레이어).

**Step 2 · Difference circle, same circle.**

**강사:** *"Circle in RED what is different. Circle in GREEN what is the same in all four."*

**코멘트.** 다른 것은 빨강, 같은 것은 초록 표시.

**Step 3 · Same sentence.**

**강사:** *"Write one sentence using the word SAME and the word EVERYWHERE."*

**코멘트.** '같은' '어디서나' 단어 포함 한 문장.

## STUDENT PROMPTS

- "What is more important — the ball or the players?"
  공이 중요한가, 선수가 중요한가?
- "Why might a Nepalese mountain field be HARDER than a Brazilian beach field?"
  네팔 산 vs 브라질 해변 — 어디가 더 어려울까?
- "What KOREAN game would feel the same to children in another country?"
  다른 나라 어린이도 비슷하게 느낄 한국 놀이는?

## DIFFERENTIATION

**STRUGGLING** Provide 4 picture cards (mountain / beach / courtyard / street). Match each to a country.

4장 풍경 카드 + 나라 매칭.

**ADVANCED** Compare to Korean K-League — what is the same about a child playing in Brazil and a child playing soccer in Korea?

한국 K리그와 비교 — 브라질 아이와 한국 아이의 공통점.

## COMMON MISCONCEPTIONS

**PITFALL** "Soccer is just an English game." Soccer was founded in England, but the GAME now belongs to children everywhere.

축구는 영국 것만이 아님. 시작은 영국, 지금은 전 세계 어린이의 것.

**PITFALL** "Only kids with a real ball can play." Children use IMAGINARY balls, rag balls, bottles. The game lives in the children, not the ball.

진짜 공이 있어야 하는 것 아님. 공이 아니라 놀이가 사람 안에 산다.

## LEARNER PROFILE LINK

**THINKERS** Seeing what is the SAME beneath surface differences is critical thinking.

표면 차이 아래의 공통점 찾기 — Thinker.

## KOREAN BRIDGE

**표현** "Different field, same game." → "다른 필드, 같은 놀이."

EQ 응용 — '같음과 다름이 함께'.

Q4 Change DOK 3

In **"Poems in the Attic,"** trace THREE steps of how a HERITAGE is passed down and changed.

## MODEL ANSWER

**Step 1 · Discover:** The girl climbs into Grandma's attic. She finds a box of poems STACKED together — poems Mama wrote as a child. She arrives BREATHLESS, surprised. She did not know Mama had a whole secret life of writing. The heritage was there all along, waiting. **Step 2 · Respond:** The girl reads each of Mama's poems — about Cabrillo Beach, the Aurora Borealis in Alaska, White Sands in New Mexico, the cherry blossoms in Japan. She begins to write her OWN poems alongside. Mama's poems are no longer alone — they have a daughter's voice answering. **Step 3 · Share:** The girl SHUFFLES the old poems and the new poems together. She makes a book of all their ADVENTURES — Mama's childhood adventures + her own. She gives Mama the book as a surprise. **Which step grows the heritage most:** Step 3 — sharing. Discovering keeps the heritage hidden. Responding keeps it half-private. Sharing makes the heritage GROW — it now belongs to two generations together. That is how a heritage becomes alive.

## KEYWORDS (3)

## SCORING NOTES

- Full credit (3): 3 steps named with one detail each + reflection on which step makes the heritage grow most + reason.

**PITFALL** "The girl is just copying Mama." She is RESPONDING — writing her own poems. Copy + respond are different.

## LEARNER PROFILE LINK

**CARING** Making a book for Mama is the work of a caring child.

엄마를 위한 책 만들기 — Caring.

**REFLECTIVE** Adding her own voice to Mama's voice is reflective work — she sees both lives at once.

## KOREAN BRIDGE

**표현** "A heritage grows when it is shared." → "유산은 나눌 때 자란다."

M10 핵심 문장 — 가족·문화 자산 모두 적용.

**단어** "heritage / 유산 — attic / 다락 — adventure / 모험"

핵심 단어 영-한.

Q5 Reflection DOK 4

**Essential Question:** What can we learn from different people and cultures? Use ideas from TWO of the texts in this module.

## MODEL ANSWER

We can learn TWO big lessons from different people and cultures. We can learn HOW THEY DO THINGS (their food, their festivals, their games), AND we can learn HOW THEY SEE THE WORLD (their patience, their hospitality, their love of family). In **"Where on Earth Is My Bagel?"** Frances and Ginger Park show a Korean boy who dreams of a New York bagel. He learns that one child's wish can be answered when a whole village shares its own gifts — flour, salt, honey, ovens, and Joe's recipe. From this we learn that cultures meet best when each side BRINGS something. In **"Goal!"** Sean Taylor and Caio Vilela show children from Brazil to Pakistan playing the same game on very different fields. From this we learn that beneath surface differences (the field, the ball, the language), the deepest things — patience, joy, teamwork — are SHARED. **My Big Idea:** We do not have to choose between same and different. Cultures are different on the outside and the same on the inside. From them we learn how to BRING our own gift AND how to RECEIVE someone else's. That is what it means to be a friend across cultures — exactly what Kelly Moran said.

## KEYWORDS (3)

different on outside (food / field) | same on inside (joy / patience) | bring your gift, receive theirs

## SCORING NOTES

- Full credit (4): two texts named + evidence from each + Big Idea showing both "same" and "different" + real-world bridge.
- Partial (3): two texts + evidence + Big Idea weak.
- Developing (2): one text only.
- Minimal (1): generic ("cultures are all different") without text evidence.

## SYNTHESIS FRAME

| TEXT 1 EVIDENCE | CONNECTING WORD | TEXT 2 EVIDENCE |
|---|---|---|
| One detail: a Korean village's gifts; lily of the valley in Adèle's hand; lei made by Aunt Malia; Mama's old poems in the attic. | AND / BUT / SO — chooses how outside differences and inside sameness sit together. | One detail: Joe's New York recipe; a Maypole in Peasmarsh; an imaginary soccer ball in Iran; the girl's own new poems. |

## REAL-WORLD CONNECTION

KOREA 다문화 가정 — 한국에는 이미 베트남·중국·필리핀·일본·미국 가정 어린이들이 함께 학교에 다님. M10의 메시지를 한국 교실에서 그대로 적용 가능.

한국 학교의 다문화 친구들 — 음식·언어·명절을 서로 배우기.

PERSONAL Pick ONE friend or neighbor from another culture. Write down ONE thing they do (festival / food / game) that you do not — and ONE thing you both share.

다른 문화 친구 한 명 — 다른 점 1개 + 같은 점 1개.

## RUBRIC

| LEVEL | WHAT IT LOOKS LIKE |
|---|---|
| Exceeding (4) | Names 2 texts + describes what is DIFFERENT and what is SAME + personal Big Idea + Korean multicultural bridge. |
| Meeting (3) | Names 2 texts + describes what we learn from each + Big Idea. |
| Approaching (2) | Names 2 texts but only "they are different countries" — no specific evidence. |
| Beginning (1) | Generic ("learn new things") without text evidence. |

**Watch out:** Many G2 students will only describe what is DIFFERENT (food / festival / game) and stop. Push them to also describe what is the SAME beneath the surface — patience, family love, sharing. The full EQ needs BOTH same-and-different together (matches Kelly Moran's quote).

## TEACHING STEPS

**Step 1 · Two columns per text.**

**강사:** *"For each text, fill two columns: DIFFERENT on the outside / SAME on the inside."*

**코멘트.** 텍스트별 2열 — 겉은 다름 / 속은 같음.

**Step 2 · One quote from each.**

**강사:** *"Pick one detail from each text and write it under the right column."*

**코멘트.** 텍스트마다 한 디테일 — 맞는 열에 적기.

**Step 3 · Big Idea sentence.**

**강사:** *"Write one sentence using BOTH the words DIFFERENT and SAME. Mention Kelly Moran's quote."*

**코멘트.** '다름' '같음' 단어 모두 포함 + Kelly Moran 인용 연결.

## STUDENT PROMPTS
