MODULE 2

Look Around and Explore!

"Isn't it splendid to think of all the things there are to find out about?"

— L. M. MONTGOMERY

ESSENTIAL QUESTION

How does exploring help us understand the world around us?

MAIN STORIES

1	**Many Kinds of Matter** · Jennifer Boothroyd	INFORMATIONAL
2	**The Great Fuzz Frenzy** · Janet Stevens & Susan Stevens Crummel	FANTASY
3	**Water Rolls, Water Rises** · Pat Mora	POETRY
4	**The Puddle Puzzle** · Ellen Weiss	DRAMA

CONTENTS

NAME _____ DATE _____

Worksheet A — Vocabulary

Module 2 · Look Around and Explore! · Grade 2 · 27 Items

CCSS L.2.4 · L.2.5 · L.2.6

NAME _____ DATE _____

Directions. Read each question carefully. Watch out for tricky choices. Fill in the circle next to the BEST answer.

BIG IDEA WORDS

Q1 L.2.6

examine

When you **examine** something, you —

- ○ **A.** glance at it for just a second
- ○ **B.** look at it carefully
- ○ **C.** ignore it and walk away
- ○ **D.** guess about it without looking

Q2 L.2.6

identify

When you **identify** something, you —

- ○ **A.** hide it so no one knows it
- ○ **B.** forget what it is called
- ○ **C.** change it into something else
- ○ **D.** say what it is

Q3 L.2.6

record

When you **record** notes, you —

- ○ **A.** erase them from the board
- ○ **B.** read them out loud only
- ○ **C.** write them down
- ○ **D.** throw them away

POWER WORDS · MANY KINDS OF MATTER

Q4 L.2.4

amount

"Mass is the **amount** of material in an object." Here, **amount** means —

- ○ **A.** the color of something
- ○ **B.** the shape of something
- ○ **C.** the weight of one single drop
- ○ **D.** how much of something there is

Q5 L.2.4

material

"Mass is the amount of **material** in an object." Here, **material** is —

- ○ **A.** the space around an object
- ○ **B.** the empty part inside a box
- ○ **C.** the color painted on top
- ○ **D.** what an object is made of

Q6 L.2.5 TRAP

space

"Volume is the amount of **space** an object takes up." Here, **space** means —

- ○ **A.** stars and planets far away
- ○ **B.** a kind of suit an astronaut wears
- ○ **C.** the area something fills or sits in
- ○ **D.** a gap left between two words

POWER WORDS · MANY KINDS OF MATTER (CONTINUED)

Q7 L.2.4

example

An **example** of a solid is an apple. Here, **example** means —

- ○ **A.** the rule that every member must follow
- ○ **B.** the whole group all together
- ○ **C.** a thing that does not fit the group
- ○ **D.** one thing that shows what a group is like

Q8 L.2.4

easily

"Water can **easily** be found in all three forms on our planet." **Easily** means —

- ○ **A.** only with great difficulty
- ○ **B.** very slowly and with great effort
- ○ **C.** without trouble or hard work
- ○ **D.** only in one secret place

Q9 L.2.5 TRAP

forms

"Water can be found in all three **forms**." Here, **forms** means —

- ○ **A.** sheets of paper you fill out
- ○ **B.** different shapes or kinds of something
- ○ **C.** lines of students at the door
- ○ **D.** classes you take at school

Q10 L.2.6

planet

"Water can be found in all three forms on our **planet**." In the text, our **planet** is —

- ○ **A.** the sun that gives us light
- ○ **B.** the moon up in the night sky
- ○ **C.** one tiny star far away
- ○ **D.** Earth — the world we live on

Q11 L.2.4

tasty

"Bread dipped in melted cheese is a **tasty** treat." A **tasty** treat —

- ○ **A.** has no taste at all
- ○ **B.** tastes bad or sour
- ○ **C.** something that has a good flavor
- ○ **D.** smells nice but cannot be eaten

POWER WORDS · THE GREAT FUZZ FRENZY

Q12 L.2.4

gasped

"'Oooooooh!' the crowd **gasped**." This means the crowd —

- ○ **A.** let out a long, slow yawn
- ○ **B.** took in a quick, sudden breath in surprise
- ○ **C.** held their breath and said nothing
- ○ **D.** let out a bored, tired sigh

POWER WORDS · THE GREAT FUZZ FRENZY (CONTINUED)

Q13 L.2.4

frenzy

A **frenzy** is —

- ○ **A.** a calm, quiet rest with no rushing
- ○ **B.** a slow, careful walk
- ○ **C.** a long, boring wait
- ○ **D.** a time of great excitement and wild behavior

Q14 L.2.5 TRAP

battleground

A **battleground** is —

- ○ **A.** a calm place where everyone makes peace
- ○ **B.** a place where a fight happens
- ○ **C.** the ground under a tall tree
- ○ **D.** a safe spot for resting and playing

Q15 L.2.4 TRAP

feud

"It was a fuzz fight. A fuzz **feud**." Here, **feud** means —

- ○ **A.** a long, angry argument between two sides
- ○ **B.** a kind of soft food
- ○ **C.** a quick, friendly chat
- ○ **D.** a happy party with friends

POWER WORDS · WATER ROLLS, WATER RISES

Q16 L.2.5 TRAP

strokes

"Water weaves down the street, **strokes** an old cat." Here, **strokes** means —

- ○ **A.** moves a hand softly over something
- ○ **B.** swims very fast in the sea
- ○ **C.** hits with a baseball bat
- ○ **D.** a kind of brush mark on paper

Q17 L.2.4

tumbling

"**Tumbling** cloud plumes curl through the air." To be **tumbling** means to —

- ○ **A.** sit very still in one spot
- ○ **B.** fall, roll, or move around in the air
- ○ **C.** rise straight up in one smooth line
- ○ **D.** freeze hard and stop moving

Q18 L.2.5

plumes

"Cloud **plumes** curl through the air." A **plume** is —

- ○ **A.** a heavy block with sharp, hard edges
- ○ **B.** a tight, solid lump that sinks down
- ○ **C.** a long, soft shape like a feather or a curl of smoke
- ○ **D.** a flat, straight line drawn with a ruler

POWER WORDS · WATER ROLLS, WATER RISES (CONTINUED)

Q19 L.2.4

wisps

Wisps of cloud or steam are —

- ○ **A.** big, heavy chunks of something solid
- ○ **B.** thick, wide blocks packed tight together
- ○ **C.** hard balls that drop fast to the ground
- ○ **D.** small, thin pieces of something light

Q20 L.2.5 TRAP

agency

In the play, Taylor and Brandon work at a kind of detective **agency**. An **agency** is —

- ○ **A.** the feeling of being in charge of yourself
- ○ **B.** a single worker with no helpers
- ○ **C.** a business that helps people with a job
- ○ **D.** a club that just meets to play games

Q21 L.2.5 TRAP

business

"We are in the mystery **business**." Here, **business** means —

- ○ **A.** a fun hobby done only for play
- ○ **B.** being busy and rushing around
- ○ **C.** the kind of work someone does
- ○ **D.** a private secret no one can know

Q22 L.2.4

confidently

When Taylor speaks **confidently**, she speaks —

- ○ **A.** in a way that shows she believes in herself
- ○ **B.** in a shy, unsure way, afraid she is wrong
- ○ **C.** in a scared, shaky voice
- ○ **D.** in a quiet, nervous mumble

Q23 L.2.4

eagerly

"BRANDON: (**eagerly**) I know what happened!" To speak **eagerly** is to speak —

- ○ **A.** with a sleepy and slow voice
- ○ **B.** as if you do not care at all
- ○ **C.** in a bored, quiet voice
- ○ **D.** with strong interest and excitement

Q24 L.2.4

seeps

"The steam that **seeps** out of the kettle is a gas." To **seep** means to —

- **A.** shoot up high in a fast burst
- **B.** move out slowly through a small opening
- **C.** rush out all at once in a flood
- **D.** stay shut tight and not move out

Q25 L.2.5

mystery

A **mystery** is —

- **A.** something that is hard to understand and must be solved
- **B.** a fact that everyone already knows
- **C.** an easy answer with nothing to figure out
- **D.** a plain, clear story with no questions

Q26 L.2.5 TRAP

ace

In the play, Taylor and Brandon call themselves "**ace**" detectives. Here, **ace** means —

- **A.** a card with one big symbol on it
- **B.** very good at something — top class
- **C.** just learning and still new at a job
- **D.** not very good and often wrong

Q27 L.2.4

located

"This is where you said your puddle was **located**?" Here, **located** means —

- **A.** moved away to a new place
- **B.** lost so no one can find it
- **C.** placed or found in a certain spot
- **D.** hidden far from any spot at all

Worksheet B — Reading Comprehension

Module 2 · Look Around and Explore! · Grade 2

CCSS RI.2.1 – RI.2.8 / RL.2.1 – RL.2.6

NAME _____ DATE _____

Directions. Use what you remember from each story to answer the questions. Fill in the circle next to the best answer.

Story 1 · Many Kinds of Matter

INFORMATIONAL · JENNIFER BOOTHROYD · 8 QUESTIONS

Q1 RI.2.2

According to the text, what IS matter?

- ○ **A.** Only things that are hot.
- ○ **B.** Only things you can see with your eyes.
- ○ **C.** Only things that are wet.
- ○ **D.** Anything that has mass and volume.

Q2 RI.2.1

What are the THREE kinds of matter the text talks about?

- ○ **A.** Hot, cold, and warm.
- ○ **B.** Big, small, and tiny.
- ○ **C.** Solids, liquids, and gases.
- ○ **D.** Wood, metal, and plastic.

Q3 RI.2.3

According to the text, a SOLID is matter that —

- ○ **A.** takes the shape of its container.
- ○ **B.** can only be a piece of food.
- ○ **C.** is always invisible.
- ○ **D.** holds its own shape.

Q4 RI.2.3

According to the text, what does a LIQUID do when you put it in a container?

- **A.** It floats above the container.
- **B.** It turns into a solid right away.
- **C.** It takes the shape of the container.
- **D.** It disappears into the air.

Q5 RI.2.3

The text says that a GAS —

- **A.** always holds the shape of a ball.
- **B.** is the same as a solid.
- **C.** sinks straight to the floor.
- **D.** fits all the space in its container.

Q6 RI.2.8

The author writes that bottles and cans are hard to squeeze into a small space. This example helps show that —

- **A.** a liquid always takes the shape of its container.
- **B.** a solid is not easy to compress, or squeeze down.
- **C.** a gas fills all the space it can find.
- **D.** matter is anything that has mass and volume.

Q7 RI.2.5

"Many Kinds of Matter" is organized by —

- **A.** telling a long story about one family.
- **B.** giving a section for each kind of matter, with examples.
- **C.** listing every animal at a zoo.
- **D.** singing four short songs about water.

Q8 RI.2.6

Why did the author MOST LIKELY write "Many Kinds of Matter"?

- **A.** To describe one swimming pool full of water.
- **B.** To tell the story of how trees and lakes were made.
- **C.** To teach readers about solids, liquids, and gases in the world.
- **D.** To explain how to compress a solid into a tight space.

Story 2 · The Great Fuzz Frenzy

FANTASY · JANET STEVENS & SUSAN STEVENS CRUMMEL · 8 QUESTIONS

Q9 RL.2.1

WHERE does most of the story take place?

- **A.** In a city park near a school.
- **B.** Underground in a prairie dog burrow.
- **C.** On top of a tall mountain.
- **D.** Inside a children's library.

Q10 RL.2.3

What "strange thing" do the prairie dogs find?

- **A.** A new little prairie dog baby.
- **B.** A pile of gold coins.
- **C.** A note from another animal town.
- **D.** A round, fuzzy thing — a tennis ball.

Q11 RL.2.3

What do the prairie dogs DO to the fuzzy thing?

- **A.** They throw it back where they found it.
- **B.** They eat the whole tennis ball for lunch.
- **C.** They bury it under a rock.
- **D.** They pick and pull off the fuzz until the ball is bare.

Q12 RL.2.3

Why do the prairie dogs start to FIGHT?

- **A.** Some got a lot of fuzz and some got no fuzz at all.
- **B.** They were tired of digging.
- **C.** They were too cold in the burrow.
- **D.** The mayor told them to.

Q13 RL.2.3

Who finally stops the fighting?

- **A.** Big Bark, the prairie dog with a cap.
- **B.** A passing farmer.
- **C.** Pip Squeak, a small prairie dog.
- **D.** A young child playing nearby.

Q14 RL.2.6

The authors call the fight "a fuzz fight. A fuzz feud. A fuzz fiasco." Why does the author repeat the word "fuzz"?

- **A.** To make the fight sound silly and big at the same time.
- **B.** To list the names of three different prairie dogs.
- **C.** To explain the science of how fuzz is made.
- **D.** To warn readers that fuzz is good to eat.

Q15 RL.2.2

What LESSON does "The Great Fuzz Frenzy" teach?

- **A.** Grabbing the most fuzz is best — the one who wins the fight wins the day.
- **B.** Pulling all the fuzz off the ball was a smart idea that made everyone happy.
- **C.** Big Bark is the loudest, so the others should always do what he says.
- **D.** Fighting over small things can hurt friends — and one brave voice can stop it.

Q16 RL.2.3

When the fuzz fight breaks out, how does Pip Squeak respond to the problem?

- **A.** She hides in the burrow and stays quiet.
- **B.** She joins Big Bark and grabs more fuzz for herself.
- **C.** She runs away to find a new burrow far from the others.
- **D.** She speaks up and tells everyone to stop fighting.

Story 3 · Water Rolls, Water Rises

POETRY · PAT MORA · 8 QUESTIONS

Q17 RL.2.4

"Water rolls onto the shore, under the sun, under the moon." The word "rolls" helps you picture water that is —

- **A.** still and frozen like ice.
- **B.** sitting silently inside a cup.
- **C.** jumping straight up to the sky.
- **D.** moving in gentle waves, again and again.

Q18 RL.2.4

"In storms, water plunges in thunder's brash roar." What kind of water does this picture?

- **A.** Calm water in a cup.
- **B.** Loud, wild storm water.
- **C.** Tiny drops of dew on grass.
- **D.** Cold ice on a window.

Q19 RL.2.4

"In the murmur of marsh wind, water slumbers on moss." Here, "slumbers" means water that is —

- **A.** sleeping or very still.
- **B.** boiling and hot.
- **C.** running very fast.
- **D.** singing loudly.

Q20 RL.2.5

"Water Rolls, Water Rises" is —

- **A.** a how-to book about cooking.
- **B.** a long chapter book with two main characters.
- **C.** a poem with short lines and strong word pictures.
- **D.** a play with stage directions.

Q21 RL.2.2

What BIG IDEA does the poem share about water?

- **A.** Water only moves loudly during big thunderstorms.
- **B.** Water sleeps quietly in marshes and never moves.
- **C.** Water is found in many places and many forms all over the world.
- **D.** Water races only through streams seeking the sea.

Q22 RL.2.4

In the poem, why does the author use words like "tumbling," "plumes," and "wisps"?

- ○ **A.** Because they are all names of animals.
- ○ **B.** Because they all rhyme with "water."
- ○ **C.** To make the poem sound like a math book.
- ○ **D.** To paint pictures in the reader's mind of how water moves and looks.

Q23 RL.2.6

Who is the speaker / narrator of "Water Rolls, Water Rises" MOST LIKELY?

- ○ **A.** A child in the play.
- ○ **B.** A prairie dog named Pip Squeak.
- ○ **C.** A photographer at the beach.
- ○ **D.** The poet, looking at water all over the world.

Q24 RL.2.5

How does the poet build the poem from beginning to end?

- ○ **A.** She tells one long story about a single rainstorm.
- ○ **B.** She lists rules for how to swim safely in the sea.
- ○ **C.** She moves from place to place, showing water in many different settings.
- ○ **D.** She writes a letter to one friend about her day.

Story 4 · The Puddle Puzzle

DRAMA · ELLEN WEISS · 8 QUESTIONS

Q25 RL.2.1

Who comes to Taylor and Brandon for help?

- ○ **A.** Carlos and his sister Adriana.
- ○ **B.** Pip Squeak the prairie dog.
- ○ **C.** A mayor from a strict town.
- ○ **D.** A teacher named Mrs. Inkydink.

Q26 RL.2.1

What problem do Carlos and Adriana bring?

- **A.** Their puddle has vanished.
- **B.** Their dog ran away from home.
- **C.** Their bikes are broken.
- **D.** Their lunch box is missing.

Q27 RL.2.3

Who actually SOLVES the puddle mystery?

- **A.** Taylor — the older sister.
- **B.** Brandon — the younger brother.
- **C.** Adriana — Carlos's sister.
- **D.** Carlos — the boy who lost the puddle.

Q28 RL.2.3

What is the science answer Brandon gives?

- **A.** A dog drank the puddle up.
- **B.** The wind blew it away to another town.
- **C.** The puddle turned into a gas and went into the air — evaporation.
- **D.** Someone scooped it into a bucket at night.

Q29 RL.2.5

"The Puddle Puzzle" is a DRAMA. How can you tell?

- **A.** It has a cast of characters, dialogue, and stage directions like "(eagerly)."
- **B.** It has only photos, no words.
- **C.** It rhymes from start to end like a song.
- **D.** It is a list of science rules with numbers.

Q30 RL.2.3

At first, how does Taylor treat Brandon when he tries to help?

- **A.** She listens to him right away.
- **B.** She says "Shhh, Brandon!" and does not let him speak.
- **C.** She gives him a big hug.
- **D.** She runs away from the case.

Q31 RL.2.6

"Mystery solved!" Why does Taylor say this at the end?

- **A.** Because Brandon's idea explains exactly what happened to the puddle.
- **B.** Because Carlos and Adriana found their lost puddle again.
- **C.** Because the rain came back and filled the puddle up.
- **D.** Because Taylor found the answer all by herself.

Q32 RL.2.2

What BIG IDEA can you take from "The Puddle Puzzle"?

- **A.** A good detective never needs to take any notes.
- **B.** Freezing a puddle is the only way to find lost water.
- **C.** Listening to a younger person can solve a real mystery.
- **D.** Older sisters always know more science than little brothers.

Worksheet C — IB Critical Thinking

Module 2 · Look Around and Explore! · Grade 2

IB PYP Key Concepts · DOK 2 – 4

NAME _____ DATE _____

Directions. Use what you learned from each story to think more deeply. Each question helps you grow as an IB learner.

Q1 Perspective DOK 2

In **"Many Kinds of Matter,"** sort the things below into the THREE forms of matter: solid, liquid, and gas. Then add ONE more example of your own for each form.

THREE FORMS OF MATTER

SOLID	LIQUID	GAS
holds its own shape	*takes the shape of its container*	*fills all the space*

Word bank: apple · juice · steam · water · ice · air in a balloon

Q2 Causation DOK 3

In **"The Great Fuzz Frenzy,"** what CAUSED the prairie dogs to fight? What EFFECT did Pip Squeak's brave voice have on the burrow?

CAUSE & EFFECT

CAUSE · WHY THEY FOUGHT		EFFECT · AFTER PIP SQUEAK SPEAKS
	→	

Explain in your own words why a small voice could change the whole burrow.

Q3 Connection DOK 3

In **"Water Rolls, Water Rises,"** the poet shows water in many places. List 4 different places water is found in the poem. Then explain HOW each kind of water looks or sounds.

WATER WEB

Water Around Us

PLACE 1

PLACE 2

PLACE 3

PLACE 4

What does the poet want us to NOTICE about water?

Q4 Responsibility DOK 3

In **"The Puddle Puzzle,"** Taylor first tells Brandon "Shhh!" — but Brandon is the one who solves the case. Compare TAYLOR's first thinking with BRANDON's thinking. What is the lesson for an "ace" detective?

COMPARE

TAYLOR — AT FIRST	BRANDON — THE TRUTH

An "ace" detective listens to ___ . Write your lesson.

Q5 Reflection DOK 4

Essential Question: How does exploring help us understand the world around us? Use ideas from TWO stories you read in this module.

TWO-STORY SYNTHESIS

STORY 1 · TITLE

How does exploring help in this story?

STORY 2 · TITLE

How does exploring help in this story?

MY BIG IDEA

D Worksheet D — MAP Practice

Module 2 · Look Around and Explore! · Grade 2

MAP RIT 180 → 200 · 4 Mini-Passages × 5 Questions

NAME _____ DATE _____

Directions. Read each short passage carefully. Then answer the 5 questions that follow. Each passage is NEW — not from the stories in this workbook.

Passage 1 · Ice in My Cup

Lena dropped two ice cubes into her cup of warm water. The cubes were hard and cold. They held their own shape, the way solids do. Then she set the cup on the kitchen table. Lena went to play. When she came back, the ice cubes were gone. The water was higher in the cup. Lena's mom smiled. "The ice melted," she said. "It turned into a liquid. Liquids take the shape of their container." Lena looked at the cup. The same matter was there — only the form was different. She wrote it down in her science notebook. "Today I learned: solids can become liquids."

Q1 RIT 180 Lexile 250L Key Detail

What did Lena drop into her cup at the start?

- ○ **A.** A spoon of warm water.
- ○ **B.** Her science notebook.
- ○ **C.** A few drops of juice.
- ○ **D.** Two ice cubes.

Q2 RIT 184 Lexile 270L Cause & Effect

Why was the water higher when Lena came back?

- ○ **A.** Her mom poured more water in.
- ○ **B.** The ice melted and turned into more water.
- ○ **C.** The warm water turned into ice.
- ○ **D.** The cup grew taller in the heat.

Q3 RIT 186 Lexile 280L Vocabulary

In the passage, "melted" most likely means —

- ○ **A.** turned colder and harder.
- ○ **B.** became a different color.
- ○ **C.** changed from a solid into a liquid.
- ○ **D.** grew bigger and louder.

Q4 RIT 188 Lexile 290L Inference

Why MOST LIKELY did Lena write in her science notebook?

- ○ **A.** Because she wanted to record what she learned.
- ○ **B.** Because the cup was too big.
- ○ **C.** Because her mom told her to.
- ○ **D.** Because the notebook was new.

Q5 RIT 189 Lexile 300L Main Idea

What is the MAIN idea of "Ice in My Cup"?

- ○ **A.** Ice should never go in a cup.
- ○ **B.** Lena's mom is a science teacher.
- ○ **C.** Matter can change form — a solid can become a liquid.
- ○ **D.** Cups are made of glass only.

Passage 2 · The Backyard Bird

Min stood very still by the window. A small brown bird had landed on the fence. Min wanted to examine it carefully. The bird had a short, thin beak. It tilted its head, then hopped down to the grass. Min watched it pick at something tiny on the ground. She did not know what kind of bird it was, but she wanted to identify it. After the bird flew away, Min ran to get her bird book. She turned the pages until she found a picture that matched. "Sparrow!" she said. Then she got her notebook and started to record everything she had seen.

Q6 RIT 190 Lexile 310L Key Detail

Where did the small brown bird land at the start?

- ○ **A.** On Min's hand.
- ○ **B.** On the fence.
- ○ **C.** On the roof of a house.
- ○ **D.** On a swing set.

Q7 RIT 191 Lexile 320L Vocabulary

In the passage, "examine" most likely means —

- ○ **A.** to scare something away.
- ○ **B.** to take a quick photo only.
- ○ **C.** to throw something.
- ○ **D.** to look at something carefully.

Q8 RIT 192 Lexile 330L Cause & Effect

Why did Min run to get her bird book?

- **A.** She wanted to identify what kind of bird it was.
- **B.** She wanted to give the bird food.
- **C.** Her mom called her inside.
- **D.** The bird sat on her book.

Q9 RIT 193 Lexile 340L Inference

What kind of person is Min, MOST LIKELY?

- **A.** A careful watcher who likes to learn about nature.
- **B.** A child who is afraid of all animals.
- **C.** A baker who works in a shop.
- **D.** A kid who hates writing things down.

Q10 RIT 194 Lexile 350L Main Idea

What is the BIG IDEA of "The Backyard Bird"?

- **A.** Sparrows live only in books.
- **B.** When we examine, identify, and record, we learn from the world around us.
- **C.** Birds should not visit yards.
- **D.** Bird books are old-fashioned.

Passage 3 · How Clouds Form

Have you ever watched a cloud float by? Clouds look like soft, white wisps in the sky, but they are made of water. Water on the ground, in lakes, and on the sea is a liquid. When the sun heats it, some of that water turns into a gas. We call this gas water vapor. Water vapor is so light that it rises high up into the cool air. Up there, the tiny bits of vapor join together and become small drops again. Many, many drops together make a cloud. So a cloud is really just a lot of water — only in a different form.

Q11 RIT 195 Lexile 360L Key Detail

According to the passage, what are clouds made of?

- **A.** Cotton from plants.
- **B.** Water.
- **C.** Sand.
- **D.** Smoke from fires.

Q12 RIT 196 Lexile 370L Key Detail

What does the sun's heat DO to water on the ground?

- **A.** Some water turns into a gas called water vapor.
- **B.** All water becomes solid ice.
- **C.** The water disappears forever.
- **D.** The water turns into sand.

Q13 RIT 197 Lexile 380L Author's Purpose

Why did the author MOST LIKELY write this passage?

- **A.** To tell a sad story about a lost cloud.
- **B.** To list every kind of weather.
- **C.** To teach readers how clouds form from water.
- **D.** To sell a new kind of cup.

Q14 RIT 198 Lexile 400L Vocabulary

In the passage, "vapor" most likely means —

- **A.** water in the form of a gas.
- **B.** water in the form of solid ice.
- **C.** water in the form of a liquid drop.
- **D.** a dry rock with no water in it.

Q15 RIT 199 Lexile 420L Main Idea

What is the MAIN idea of "How Clouds Form"?

- **A.** Clouds are only found in spring.
- **B.** A cloud is really water in a different form, made by the sun's heat.
- **C.** Clouds are heavier than rocks.
- **D.** Clouds never move in the sky.

Passage 4 · Sam's Rock Collection

Sam loved rocks. On Saturdays, he walked the path near the river to find new ones. One rock was smooth and round. Another was sharp at the edges. A third one had tiny shiny bits inside, almost like little stars. Sam carried them home in his blue bucket. At home, he set the rocks out on a tray. He used a small brush to clean off the dirt. He used a magnifying glass to examine each one. Then he labeled them: smooth, sharp, shiny. He wrote the date and the place he had found each rock. Sam's older brother laughed. "You're like a real scientist!" Sam smiled. Exploring his own town had filled his bucket and his mind.

Q16 RIT 199 | Lexile 430L | Key Detail

Where did Sam find his rocks?

- **A.** On the path near the river.
- **B.** Inside his bedroom closet.
- **C.** At his school cafeteria.
- **D.** In a faraway country.

Q17 RIT 200 | Lexile 450L | Cause & Effect

Why did Sam use a magnifying glass?

- **A.** So he could examine each rock more closely.
- **B.** To break the rocks open.
- **C.** Because the lights were off.
- **D.** Because his brother told him to.

Q18 RIT 200 | Lexile 460L | Inference

Why does Sam's brother call him "a real scientist"?

- **A.** Because Sam wears a lab coat.
- **B.** Because Sam examines, labels, and records, like scientists do.
- **C.** Because Sam goes to a science school.
- **D.** Because Sam invented a new rock.

Q19 RIT 200 | Lexile 480L | Vocabulary

In the passage, "labeled" most likely means —

- **A.** gave each rock a name or tag.
- **B.** threw away.
- **C.** painted them all white.
- **D.** hid them in a drawer.

Q20 RIT 200 | Lexile 500L | Theme

What is the BIG IDEA of "Sam's Rock Collection"?

- **A.** Exploring your own town can teach you as much as a science class.
- **B.** Rock collections are only for adults.
- **C.** Brothers always laugh at each other.
- **D.** Rivers are dangerous places.
