Module Overview

Essential Question: What are the qualities of a good leader?
Quote: "Great leaders have to think outside the box sometimes." — Rick Riordan
Big Idea Words: admire, inspire, pioneer
Main Stories (workbook 4):

- Going Places · Peter and Paul Reynolds (illus. Peter Reynolds) · Fantasy
- Wilma Rudolph: Against All Odds · Stephanie E. Macceca · Biography (photographs)
- Great Leaders · Two student opinion essays (Olivia on Abigail Adams; Anthony on W. E. B. Du Bois) · Opinion Writing

Note. Short Read "What's Good to Read? Book Reviews for Kids by Kids!" (pg-04 spread, no named author) and Media Video "Thomas Edison and the Light Bulb" (StoryBots) appear in the Teaching Pal anchor but have NO Power Words panel and are not used as Worksheet B main reads.

Answer Distribution (79 Multiple-Choice Items)

Verified counts across Worksheets A (27), B (32), and D (20) combined (Worksheet C is open-response IB, not counted).

A · 20 · B · 20 · C · 20 · D · 19

Per section — A (27): A8 / B7 / C6 / D6 · B (32): A8 / B8 / C9 / D7 · D (20): A4 / B5 / C5 / D6.

Worksheet A keeps each correct answer in place (only weak distractor wording was upgraded to same-part-of-speech synonym / antonym / related-sense traps). Worksheets B and D had their choice order re-shuffled to break the old A→B→C→D answer cycle; correct-answer meanings and every quoted line are preserved verbatim from the Source of Truth. All 27 Power Words and Big Idea Words from the module are covered in mybook page-order on Worksheet A.

Teacher Note. Big Idea Words and Power Words appear in mybook page-order (Big Idea pg-03 → Going Places pg-05 → Wilma Rudolph pg-16 → Great Leaders pg-23 → Who Are Government's Leaders? pg-30). What's Good to Read? (Short Read pg-04) and Thomas Edison and the Light Bulb (Media: Video pg-36) have ZERO Power Words and are NOT in Worksheet A. Trap items (Q7, Q9, Q13, Q18, Q20, Q21, Q23, Q26) = 8 of 27 ≈ 30%.

Hallucination Guard. Power Words count = 24 (8 + 4 + 4 + 8) ✓ — matches SoT exactly. Big Idea Words = 3 (admire / inspire / pioneer) — "leadership" is the topic strand, NOT a 4th Big Idea Word. "state" and "capital" each carry multiple senses; both are used here as Power Words from pg-30 with civic meanings. Author of Great Leaders is intentionally NOT a single name — selection is framed as two student essays (Olivia + Anthony) per OCR 2020–2023. Do NOT cite either student as a real-world author.

Worksheet B — Reading Comprehension · Answer Key

32 items · CCSS RL.2.1–2.9 / RI.2.1–2.9

Story 1 · Going Places

FANTASY · PETER AND PAUL REYNOLDS · 8 QUESTIONS

Q1 RL.2.1

C

Q2 RL.2.3

A

Rafael follows instructions; Maya watches and sketches a bird. *(OCR 562–656).*

Q3 RL.2.3

B

"Maya smiled. 'Who said it HAD to be a go-cart?'" (OCR 780).

Q4 RL.2.3

D

"The instructions never said we couldn't team up either!" (OCR 782–791).

Q5 RL.2.5

B

Fantasy = a kid-built flying machine that actually flies — impossible in real life. *SoT genre line 16, 372.*

Q6 RL.2.6

C

Maya does not feel the build HAS to be a go-cart; Rafael is happy to follow the precise directions. *"Who said it HAD to be a go-cart?" (OCR 780); "a set of precise instructions ... made Rafael happy. He was very good at following directions." (OCR 562–564).*

Q7 RL.2.2 TRAP

A

Big idea = a real leader sometimes thinks creatively AND teams up. Anchors module EQ. *Traps: C misreads Rafael's start-state (OCR 562–564 "good at following directions") as the lesson; B turns Maya's bird-sketch moment (OCR 653–656) into the whole theme; D mirrors Rafael's surface goal "I really want to win this race" (OCR 788) and ignores the team-up insight (OCR 789–791).*

Q8 RL.2.3

B

Other kid laughs first ("you'll lose"), then looks up in amazement as Maya and Rafael speed past. *(OCR 884–949).*

Story 2 · Wilma Rudolph: Against All Odds

Q13 RI.2.1

"the first American woman to win three gold medals at one Olympics!" (OCR 1567–1570).

Q14 RI.2.2 TRAP

C

Main topic = Wilma's life from polio to Olympic champion — overcoming hardship through hard work. *Traps: A contradicts OCR 1427–1429 ("By age 12, she did not use a crutch or a brace"); B twists OCR 1364–1365 (brothers/sisters helped her exercise, but they were not Olympians); D borrows Coach Ed Temple (OCR 1447–1449) but the three gold medals belonged to Wilma (OCR 1567–1570).*

Q15 RI.2.8

A

"Wilma's success gave many women a chance to try new things." (OCR 1713–1716). Leadership through example.

Q16 RI.2.6 TRAP

B

Author's purpose = inform readers about Wilma's life — overcoming polio and becoming an Olympic champion. *SoT genre line 23 (Biography); key events OCR 1359–1363, 1567–1570. Traps: A makes the medical detail (polio) the purpose; D confuses topic (track/Olympics) with a how-to manual; C is a genre-confusion trap — readers may slide from Story 3 (Opinion essays) and label this Biography as opinion too.*

Story 3 · Great Leaders

Q22 RI.2.8

A

"While most people spend four years in college, W. E. B. Du Bois went to school for many more years. This shows he was a hard worker." (OCR 2375–2385).

Q23 RI.2.6

D

"wrote papers and gave speeches about equal rights." (OCR 2463–2464).

Q24 RI.2.9

B

Both worked for fairness — Adams for women; Du Bois for equal rights for people of color. Cross-essay synthesis.

Story 4 · Who Are Government's Leaders?

INFORMATIONAL TEXT · JENNIFER BOOTHROYD · 8 QUESTIONS

Q25 RI.2.2

C

Main topic = three levels of government leaders (country / state / city). *SoT setting line.*

Q26 RI.2.5 TRAP

D

Text structure = organized by three levels of government, country → state → city. *The text moves from country (OCR 2899–2903), to state (OCR 2986–2990), to city (OCR 2996–2997). Traps: A — the text describes roles by level, never lists individuals' names, so it cannot be alphabetical (OCR 2899–2997); B confuses this Informational Text with the time-order biography of Story 2 (Wilma); C borrows the real "solve problems" detail (OCR 2873–2887) but the text is built around levels of government, not one single problem-and-solution.*

Q27 RI.2.3

A

"The president leads our country, and members of Congress make laws... in Washington, D.C." (OCR 2899–2903).

Q28 RI.2.3

C

"The governor leads the state. The governor works with legislators." (OCR 2986–2990).

Q29 RI.2.3

B

"A mayor is the leader of a city's government. The mayor works with the city council." (OCR 2996–2997).

Q30 RI.2.6 TRAP

D

Author's purpose = explain who government leaders are. Informational text genre. *SoT genre line 40 (Informational Text). Traps: A confuses Informational with Opinion (cross-genre trap with Story 3); B narrows the topic to a how-to about the presidency (text touches president OCR 2901 but covers all three levels); C confuses describing ROLES with listing specific NAMES — the text never names individuals.*

Q31 RI.2.8

C

"Leaders try to work together and are good listeners, too." (OCR 2873–2887). Defines QUALITIES of a good leader.

Q32 RI.2.9 TRAP

B

Compressed answer: "names a leader's qualities — in charge, helping, solving problems, listening, teamwork." Direct EQ answer. *Anchor OCR 2873–2887. Traps: A confuses Story 4 (government roles) with Stories 2–3 (Wilma, Adams); D inverts "work together" (OCR 2902–2903, 2988–2990, 2997); C ignores that the text covers three levels — country, state, AND city (OCR 2899–2997), not only the president.*

Cross-Story Pattern. Each main read shows a different KIND of leader: a creative team player (Going Places), an athlete who overcomes hardship (Wilma Rudolph), historical leaders for fairness (Great Leaders), and civic government leaders (Who Are Government's Leaders?). Together they answer the EQ — "What are the qualities of a good leader?"

Worksheet C — IB Critical Thinking · Answer Key

5 questions · PYP Key Concepts · DOK 2–4

Q1 Perspective DOK 2

In **"Going Places,"** show Rafael's and Maya's points of view.

MODEL ANSWER

Rafael: He sees the kit as a set of precise instructions to follow. He is happy because he is good at following directions. He is confused when Maya doesn't even start the cart — and surprised when she says it doesn't HAVE to be a go-cart. **Maya:** She sees the kit as a starting point, not a rule. She watches a bird, sketches it, and decides to build a flying machine instead. She is intent on something new. **Why teaming up wins:** When Rafael realizes "the instructions never said we couldn't team up," they combine his careful build with her creative design. The race shows that a real leader is both — careful AND creative — and welcomes other people's ideas.

KEYWORDS (3)

follow / invent | precise + creative | team up = lead

SCORING NOTES

- Full credit (3): both characters' views shown + reason teaming up matters.
- Partial (2): both sides described but no reason given.
- Minimal (1): only one side described, or Maya shown only as "not following rules."

TEACHING STEPS

Step 1 · Two-column chart.

강사: *"On the left, what does Rafael see when he looks at the kit? On the right, what does Maya see?"*

코멘트. 같은 키트를 보는 두 시선. 라파엘은 '지시', 마야는 '출발점'으로 보는 차이를 정리.

Step 2 · Quote anchor.

강사: *"Find the line, 'Who said it HAD to be a go-cart?' What does that question really mean?"*

코멘트. 마야의 한 줄이 이야기 전체를 흔드는 질문. 규칙에 대한 시각을 바꿈.

Step 3 · Connect to EQ.

강사: *"What does this teach us about what a real leader does?"*

코멘트. EQ 연결 — 좋은 리더는 시선이 다른 사람과도 협력함.

STUDENT PROMPTS

- "What does Rafael think instructions are for?"
  라파엘에게 지시서는 어떤 의미일까?
- "What does Maya think instructions are for?"
  마야에게는 지시서가 어떤 의미일까?
- "Why does teaming up win the race?"
  팀이 되었을 때 왜 이길 수 있었을까?

DIFFERENTIATION

STRUGGLING Provide two picture cards (a careful builder / a creative inventor) for each character.

두 시선을 그림카드로 짝지어주기.

ADVANCED Ask: "Which view is more like YOU? Which view is your teammate?"

자기 시선과 짝의 시선을 한 문장으로.

COMMON MISCONCEPTIONS

PITFALL "Maya breaks the rules." Text says she actually doesn't — instructions never said it HAD to be a go-cart.

'마야가 규칙을 어겼다'는 답이 흔한 오류. 본문은 정반대.

PITFALL "Rafael is the only real leader." Both are leaders — that is the point of teaming up.

두 명 모두 리더. 한 사람만 고르는 답은 오류.

LEARNER PROFILE LINK

OPEN-MINDED Rafael sees Maya's contraption and grins — open-mindedness is what makes him team up.

라파엘이 시선을 열어 마야의 기계를 인정하는 것이 Open-minded.

KOREAN BRIDGE

표현 "Let's team up." → "같이 하자."

짝과 협력할 때 그대로 쓰는 한 줄.

Q2 Responsibility DOK 3

In **"Who Are Government's Leaders?"** what are four leader responsibilities Jennifer Boothroyd names?

MODEL ANSWER

(1) **Be in charge** of a group of people — take responsibility. (2) **Help the group** and **solve problems**. (3) **Make rules / laws** at the right level (country, state, or city). (4) **Work together** and **listen** to citizens. **Hardest for me:** "Be a good listener." It is easy to talk; hard to really hear what someone else needs. But the text says good listeners are part of being a good leader.

KEYWORDS (3)

in charge | help + solve | listen + together

SCORING NOTES

- Full credit (3): 4 distinct responsibilities named + self-reflection.
- Partial (2): 4 named, no reflection.
- Minimal (1): fewer than 3 named.

TEACHING STEPS

Step 1 · Mine the text.

강사: *"Open to pages 134–143. Circle FOUR verbs the author uses for what leaders do."*

코멘트. 동사 4개에 동그라미. (charge / help / solve / listen 등)

Step 2 · Web organizer.

강사: *"Center: 'A good leader.' Branches: four responsibilities, one per branch."*

코멘트. 시각화: 중앙 + 네 가지 가지로 정리.

Step 3 · Self-reflection.

강사: *"Which job is the hardest? Honest answer."*

코멘트. 자기 반성 단계 — Responsibility의 핵심.

STUDENT PROMPTS

- "What does it mean to be 'in charge'?"
  '책임을 진다'는 건 어떤 의미일까?
- "Can a leader solve a problem without listening?"
  듣지 않고 문제를 해결할 수 있을까?
- "Pick one leader job and try it this week — which one?"
  이번 주에 시도해 볼 한 가지 리더 역할은?

DIFFERENTIATION

STRUGGLING Provide a 4-verb word bank (charge / help / solve / listen).
동사 4개 은행 제공.

ADVANCED Add a fifth responsibility from your own life — something a class leader does that the book did not mention.

자기만의 5번째 역할 추가.

COMMON MISCONCEPTIONS

PITFALL "A leader gives orders." Text says the OPPOSITE — they LISTEN and work together.

'명령'이 답이 아니라 '경청'이 답.

PITFALL "All leaders work in Washington." Text says no — also state capitals AND cities.

리더는 워싱턴에만 있지 않음. 주·시 단위에도 있음.

LEARNER PROFILE LINK

CARING Helping the group and listening are the core Caring behaviors of a leader.

'도움'과 '경청'이 Caring 학습자의 모습.

KOREAN BRIDGE

표현 "I'm listening." → "듣고 있어."

반장·동아리장이 친구에게 그대로 쓰는 한국어 한 줄.

Q3 Causation DOK 3

In **"Wilma Rudolph,"** show how Wilma's family and her own hard work changed what she could do.

MODEL ANSWER

Cause: Wilma got polio at age four. The doctor said she would never walk. But her brothers and sisters exercised her left foot and leg every day. Her family built a basketball hoop in the backyard and taught her to play. Wilma herself worked very, very hard. **Effect:** By age 12, Wilma did not use a crutch or a brace. She played basketball in high school. Coach Ed Temple saw her and helped her train. At age 16 she won a bronze medal at the Olympics. In 1960 she became the first American woman to win three gold medals at one Olympics. **What this shows:** Even a "no" from a doctor can be turned into a "yes" with daily small acts and a family that doesn't give up. Real leaders face hard times and keep going.

KEYWORDS (3)

polio + brace | family exercises + practice | 3 gold medals 1960

SCORING NOTES

- Full credit (3): cause + effect + insight about leaders facing hard times.
- Partial (2): cause + effect named, no insight.
- Minimal (1): only one side filled.

TEACHING STEPS

Step 1 · Cause/Effect chart.

강사: *"On the left, what did Wilma + family DO every day? On the right, what was Wilma able to DO later? Use the arrow."*

코멘트. 화살표로 매일의 작은 행동→ 미래 결과의 흐름을 시각화.

Step 2 · Quote anchor.

강사: *"Read: 'By age 12, she did not use a crutch or a brace.' What does that ONE line tell us?"*

코멘트. 12살이라는 숫자 한 줄에 8년의 노력이 응축. 시간의 무게를 짚어주기.

Step 3 · Real-world bridge.

강사: *"Can you think of a 'no' someone told you that you turned into a 'yes'?"*

코멘트. 학생 본인의 '극복' 경험으로 연결.

STUDENT PROMPTS

- "What did the doctor say at first?"
  의사는 처음에 뭐라고 했나?
- "Who exercised Wilma's leg every day?"
  매일 윌마의 다리를 운동시켜 준 사람은?
- "What happened in 1960?"
  1960년에 무슨 일이 있었나?

DIFFERENTIATION

STRUGGLING Use the timeline graphic (pg-21): 1940 / 1944 / 1952 / 1956 / 1960. Match each year to a sentence.

연표 그래픽으로 연도-사건 매칭.

ADVANCED Write Wilma's story as a 3-line "cause / effort / result" poem.

세 줄 시로 응축.

COMMON MISCONCEPTIONS

PITFALL "Wilma did it alone." Text shows family + coach + her own work — leaders rarely succeed alone.

혼자 한 게 아님. 가족과 코치가 함께.

PITFALL "She got better and then ran." Text shows a 12-year journey — not a quick fix.

단숨에 회복한 것이 아님. 8년 이상 매일 노력.

LEARNER PROFILE LINK

RISK-TAKERS Wilma kept training despite the doctor's "no" — that is the heart of Risk-takers.

의사의 '안 된다'를 넘어서는 것이 Risk-takers.

KOREAN BRIDGE

표현 "I won't give up." → "포기하지 않을 거야."

어려운 때 그대로 쓰는 한 줄.

Q4 Connection DOK 3

In **"Great Leaders,"** track Abigail Adams and W. E. B. Du Bois from problem to action to result.

MODEL ANSWER

Step 1 · Problem: Abigail Adams lived at a time when women were not given equal voice in politics — they could not own land easily or vote. Du Bois lived at a time when African Americans were not given equal rights or equal chances at education. **Step 2 · Action:** Abigail learned on her own, managed both farms (hers and John's), bought and sold land, and wrote letters telling John to "remember the ladies." Du Bois studied for many years longer than most, earned a Ph.D. from Harvard, became a teacher, and wrote papers and gave speeches for equal rights. **Step 3 · Result:** Some people called Abigail "Mrs. President" because of her influence. Du Bois became one of the first African Americans to earn a Harvard Ph.D., and his speeches and papers pushed America toward equal rights. **Same about both:** They both saw unfair treatment, worked hard for years, and used words (letters and speeches) to change minds. They led with their minds and their pens.

KEYWORDS (3)

unfair time | study + write + speak | change minds

SCORING NOTES

- Full credit (3): three steps for BOTH leaders + insight about how both worked.
- Partial (2): three steps named, no insight.
- Minimal (1): only one leader tracked.

TEACHING STEPS

Step 1 · Side-by-side chart.

강사: *"Two columns — Adams / Du Bois. Three rows — Problem / Action / Result."*

코멘트. 두 칸 × 세 줄로 정리.

Step 2 · Find the parallel.

강사: *"How are their ACTIONS similar?"*

코멘트. 행동의 공통점에 집중 — 둘 다 글과 말로 싸움.

Step 3 · "Leaders speak."

강사: *"Why are letters and speeches such strong tools for leaders?"*

코멘트. 왜 편지와 연설이 강한 도구인지 — 정치 = 말과 글.

STUDENT PROMPTS

- "What was unfair in Abigail's time? Du Bois's time?"
  두 사람이 살던 시대의 불공정은?
- "What did each one DO to push for change?"
  두 사람이 변화를 위해 한 행동은?
- "What is SAME about how both worked?"
  두 사람의 공통된 방식은?

DIFFERENTIATION

STRUGGLING Provide a 3-step card (Problem / Action / Result) with one example filled in.

3단계 카드 중 한 칸 예시 채워주기.

ADVANCED Find a third historical leader (Korean Yu Gwan-sun, American Susan B. Anthony, etc.) and add a third column.

유관순, 수전 B. 앤서니 등 다른 역사 인물을 한 칸 추가.

COMMON MISCONCEPTIONS

Q5 Reflection DOK 4

Essential Question: What are the qualities of a good leader? Use ideas from TWO of the stories in this module.

MODEL ANSWER

Leader 1 · Wilma Rudolph (biography): The quality I saw most is PERSEVERANCE. Wilma was told she would never walk. Her family helped her, and she worked every day for years. She did not give up. A leader who keeps going inspires others to keep going too. **Leader 2 · Maya in Going Places (fantasy):** The quality I saw most is CREATIVITY. Maya looks at the same kit everyone else has, watches a bird, and invents a flying machine instead. She does not say no to rules — but she sees that the rules don't say what she can't do. **My Big Idea:** A good leader is not just one thing. From Wilma, I learned a leader keeps going. From Maya, I learned a leader thinks creatively. Put them together — perseverance + creativity — and you get someone who can face a hard problem with new eyes. That is the kind of leader I want to be.

KEYWORDS (3)

perseverance | creative thinking | both = real leader

SCORING NOTES

- Full credit (4): two leaders, clear qualities named, original big idea ties to EQ.
- Strong (3): two leaders with qualities, big idea is general.
- Partial (2): only one leader discussed in depth.
- Minimal (1): no clear EQ link.

TEACHING STEPS

Step 1 · Pick two leaders.

강사: *"Of the four main reads, pick TWO leaders whose qualities feel different — not the same."*

코멘트. 서로 다른 성격의 리더 두 명을 고르도록 — 한 명은 행동가, 한 명은 사상가 등.

Step 2 · Name the quality.

강사: *"In ONE sentence, name the QUALITY of each leader."*

코멘트. 한 단어가 아니라 한 문장으로 '어떤 자질'인지 정의.

Step 3 · Find the shared truth.

강사: *"Put both qualities together — what kind of leader do you get? That is your Big Idea."*

코멘트. 두 자질의 결합 = Big Idea. 합쳤을 때 어떤 리더가 되는지.

STUDENT PROMPTS

- "Which two leaders inspired you most?"
  가장 영감을 준 두 명은?
- "What quality does each one show?"
  각자가 보여준 자질은?
- "What kind of leader do YOU want to be?"
  너는 어떤 리더가 되고 싶어?

DIFFERENTIATION

STRUGGLING Provide a sentence frame: "From [Leader 1], I learned a leader is ___. From [Leader 2], I learned a leader is ___. A real leader is BOTH ___ and ___."

문장 틀 제공.

ADVANCED Use Rick Riordan's quote — "Great leaders have to think outside the box sometimes." — as the closing line.

릭 라이어던 인용구로 마무리.

COMMON MISCONCEPTIONS

PITFALL Picking Short Read (What's Good to Read?) or Video (Thomas Edison and the Light Bulb). Redirect to the 4 main reads.

메인 4개 중에서 고르도록.

PITFALL Re-telling the plot, not naming the QUALITY.

줄거리 요약이 아니라 '자질' 한 단어에 집중.

LEARNER PROFILE LINK

REFLECTIVE Naming what you learned from TWO different leaders and tying them into one quality is true reflection — the heart of DOK 4.

두 명에게서 배운 것을 하나의 자질로 묶는 것이 진짜 성찰.

KOREAN BRIDGE

EQ를 학생과 학부모가 그대로 쓸 수 있는 한국어 한 줄.

아이의 피곤한 하루를 들어주는 부모가 첫 리더.

반장이 조용한 친구의 의견을 묻는 것이 리더십.

사회 Reading about Wilma Rudolph, Cesar Chavez, Abigail Adams — to see what is possible.

역사 속 리더를 읽으며 가능성의 폭을 넓힘.

Lexile climbs 240L → 500L; RIT climbs 180 → 200, so the worksheet doubles as a MAP-style growth check across the G2 band. All four passages connect to the module Big Idea Words admire / inspire / pioneer.

Module 5 Cross-Walk · Essential Question Map

How each worksheet element supports the EQ

MODULE MAP

Essential Question Across the Module

EQ: What are the qualities of a good leader?
The four main reads each answer this EQ through a different KIND of leader. Worksheets A through D build the vocabulary, comprehension, deeper thinking, and independent reading skill to engage with the EQ.

Four Pathways to Understanding Leadership

- **Going Places · Fantasy:** Rafael and Maya show that leadership = careful work + creative thinking + teaming up. The path is CREATIVE COLLABORATION. Big Idea word link = **inspire**.
- **Wilma Rudolph · Biography:** Wilma's life shows leadership = perseverance through hardship, supported by family. The path is PERSEVERANCE. Big Idea word link = **admire**.
- **Great Leaders · Opinion Writing:** Abigail Adams and W. E. B. Du Bois show leadership = pushing for fairness through words and study. The path is FAIRNESS THROUGH WORDS. Big Idea word link = **pioneer**.
- **Who Are Government's Leaders? · Informational:** Government leaders show leadership = being in charge, helping, solving problems, listening, working together. The path is CIVIC RESPONSIBILITY. Big Idea word link = **admire**.

Worksheet ↔ EQ Map

WORKSHEET	HOW IT SUPPORTS EQ	KEY EVIDENCE
A · Vocabulary (27)	Builds the three Big Idea Words (admire / inspire / pioneer) plus 24 Power Words — the actual vocabulary of leadership, government, and achievement.	Q1–Q3 anchor the BIW; Q20–Q27 cluster around civic-government language (troop / charge / solve / state / members / laws / capital / council).
B · Reading Comp (32)	Eight items per main read trace HOW each leader (or set of leaders) shows leadership qualities — main idea, cause, character change, genre.	Q7 (Maya: creative + team up), Q15 (Wilma: success gave women a chance), Q24 (Adams + Du Bois: both worked for fairness), Q32 (text names qualities directly).
C · IB Critical Thinking (5)	Five PYP key-concept lenses — Perspective, Responsibility, Causation, Connection, Reflection — pushed through DOK 2→4. Students reason about leadership from five different angles.	Q5 synthesis pulls two leaders under one EQ-answering Big Idea.
D · MAP Practice (20)	Four NEW passages — Mia's walk, Ben's soccer team, Cesar Chavez, Ada the Mayor — each modeling a different LEADER QUALITY. None from the workbook stories.	Each passage's Main-Idea/Moral question (Q5, Q10, Q15, Q20) names the leadership quality explicitly.

Hallucination Guard — SoT Cross-Checks Done

- Power Words count = 24 (8 + 4 + 4 + 8). What's Good to Read? (Short Read) and Thomas Edison and the Light Bulb (Video) have ZERO Power Words.
- Big Idea Words = 3 (admire / inspire / pioneer). "Leadership" is the topic strand — NOT a 4th BIW.

- What's Good to Read? has no named author on the TOC — fictional reviewer "Ruthie Miller, age 8" is a character INSIDE the article, not the credited author.
- Great Leaders is framed as TWO student essays (Olivia on Abigail Adams; Anthony on W. E. B. Du Bois). Both names are fictional student framings, NOT real-world authors. Do NOT credit either as "the author."
- Wilma Rudolph uses photographs only — no illustrator credit. Marked _not_applicable.
- Who Are Government's Leaders? uses photographs only — no illustrator credit.
- Going Places = Fantasy (Peter and Paul Reynolds, illus. Peter Reynolds) — the flying machine is the fantasy element.
- Quote = Rick Riordan (OCR line 89). Not attributed to any of the four main authors.
- Wilma timeline (pg-21): 1940 / 1944 / 1952 / 1956 / 1960 / 1994. The FIRST year is 1940.
- Power Words "state" and "capital" carry multiple senses — used here strictly as civic Power Words from pg-30.
- Cesar Chavez and Ada are MAP passage characters (Section D), NOT from the SoT main reads — clearly labeled as new passages.
