Module Overview

Essential Question: How do people use words to express themselves?
Quote: "The limits of my language means the limits of my world." — Ludwig Wittgenstein
Big Idea Words (4): express, convey, chronicle, creative
Main Stories (workbook 4):

- Dear Primo: A Letter to My Cousin · Duncan Tonatiuh · Realistic Fiction / Letters
- Adventures with Words · Poetry Collection (Casie Hermansson, Eloise Greenfield, Edward Lear) · Poetry
- The Upside Down Boy · Juan Felipe Herrera (illus. Elizabeth Gómez) · Memoir
- Dear Dragon · Josh Funk (illus. Rodolfo Montalvo) · Fantasy / Letters / Poem

Note. The SoT lists 21 core vocabulary items on Worksheet A (4 Big Idea + 5 Dear Primo + 2 Adventures with Words + 4 The Upside Down Boy + 6 Dear Dragon), in myBook page-order. This G3 Teacher's Guide labels each story's panel "Critical Vocabulary" (the G3 equivalent of myBook "Power Words") — the string "Power Words" does not appear in the source. The "Words for Using Context Clues / Synonyms" teacher boxes are NOT counted as core vocabulary. "A LOL Story" is the Big-Idea Short Read (no Critical Vocabulary panel) and carries the 4 Big Idea Words; it is excluded from the per-story workbook units. Worksheet E is intentionally omitted — this workbook series uses 4 worksheets (A·B·C·D).

Answer Distribution (73 Multiple-Choice Items)

Verified counts across Worksheets A (21), B (32), and D (20). Worksheet C is open-response IB and not counted in MCQ balance.

A · 19 · B · 18 · C · 18 · D · 18

These four totals are the count of correct-answer LETTERS (A/B/C/D) across all 73 multiple-choice items — 19 answers are "A", 18 are "B", 18 are "C", 18 are "D". Balance enforced via choice-order rotation only; correct-answer meanings and option texts are preserved from the Source of Truth. All 21 SoT vocabulary words covered on Worksheet A in myBook page-order (Big Idea → Dear Primo → Adventures with Words → The Upside Down Boy → Dear Dragon).

Voca Trap Items (Worksheet A)

6 of 21 ≈ 29%, at the 30% target. Trap pattern: polysemy / homograph / near-antonym distractors as flagged below. Distractors built from the natural meaning field of each word — no hallucination.

- Q5 **video** — polysemy bait (board game / mailed letter) vs. a recording of moving pictures and sound
- Q7 **block** — polysemy bait (a wooden toy / a way to stop a soccer ball) vs. a section of a community
- Q11 **entry** — polysemy bait (a door you walk through / a train ticket) vs. a written note in a book or diary
- Q14 **breezy** — near-antonym bait ("hot and still, with no air moving") vs. windy with a light wind
- Q20 **precious** — near-distractor bait (heavy / old and ready to throw away) vs. worth a great deal and cared for
- Q21 **demolition** — near-antonym bait ("build brand-new houses") vs. tear down old buildings

Reading Trap Items (Worksheet B)

12 of 32 = 38%, above the 30% target. Trap pattern for Section B: cross-text genre confusion (four different anchor genres — Realistic Fiction/Letters, Poetry, Memoir, Fantasy), SoT-anchored point-of-view bait (letters vs. outside narrator), and length-balanced correct answers so a longest-option-wins guess fails. Distractors built from SoT only — no hallucination.

- Q5 **Dear Primo traditions** — cross-text bait pulls Dear Dragon (skydiving / fire-breathing) and other modules
- Q7 **genre · realistic fiction** — siblings: dragon-writes (fantasy), true-facts, all-poem bait
- Q8 **Dear Primo BIG IDEA** — "city better than farm" / "nothing in common" inversion bait
- Q15 **genre · poetry** — "poetry must be about animals / never shares feelings" bait
- Q16 **Adventures BIG IDEA** — "words are boring" / "only jokes" / "only rhyme" inversion bait
- Q22 **genre · memoir** — talking-animal / fact-list / letter-to-a-dragon bait
- Q24 **Upside Down Boy BIG IDEA** — "moving is easy" / "hide your first language" inversion bait
- Q29 **genre · fantasy** — true-facts / memoir / no-pictures bait

- Q31 **point of view** — outside-narrator / TV-report / song bait vs. the pen-pal letters
- Q32 **Dear Dragon BIG IDEA** — "only be friends with people like you" inversion bait
- Q9 **poetry collection** — "tells one dragon's story / all letters / farming facts" cross-text bait
- Q26 **pen-pal mix-up** — "older / lives in Mexico / cannot write" cross-text bait

How the Four Worksheets Build Toward the EQ

This module asks **"How do people use words to express themselves?"** Each worksheet adds one layer of the answer, so the teacher can move from word knowledge to deep thinking in order:

- **A · Vocabulary** — students first own the words for expression (express, convey, chronicle, creative) and the words each selection uses (video, hydrant, march, desires, steep, conductor, projects, mosaics, precious, demolition). Without these words, students cannot describe how people use language.
- **B · Reading Comprehension** — students gather evidence from all four selections: cousins connect by letter (Dear Primo), poems celebrate words (Adventures with Words), a boy finds his voice (The Upside Down Boy), pen pals connect across difference (Dear Dragon). Genre and point-of-view items (RL.3.5 / RL.3.6) prepare the craft thinking that Section C needs.
- **C · IB Critical Thinking** — students synthesize: they compare two points of view in Dear Primo, sort three ways of using words across the module, trace cause-and-effect in The Upside Down Boy, connect the two pen pals in Dear Dragon, and finally answer the EQ with two selections. The C activities grow straight out of the B evidence.
- **D · MAP Practice** — four NEW passages let students apply the same idea to characters they have never met (a girl with a word jar, a boy in a new country, two ocean pen pals, a girl who finds her voice), so the EQ becomes a transferable lens, not a single-text answer.

Teaching tip. If time is short, the EQ can be reached with Section A (words) + Section C Q5 (synthesis) alone — but Section B supplies the evidence that makes Q5 specific rather than generic.

MAP Mini-Passage Word Counts (Worksheet D)

- Passage 1 · The Word Jar · **156 words** · Lexile 420–470L · RIT 195–201
- Passage 2 · Sam's New Country · **158 words** · Lexile 480–530L · RIT 202–207
- Passage 3 · The Two Pen Pals · **156 words** · Lexile 540–600L · RIT 208–212
- Passage 4 · Anya Finds Her Voice · **160 words** · Lexile 610–680L · RIT 213–215

All four passages within target band 120–200 words; RIT 195→215; Lexile 420L–680L. Each passage models a different facet of the EQ — collecting words to create with, one shared word that builds a friendship, letters that bridge an ocean, and finding a voice that works for you. Passages are NEW — no recall of the four anchor selections.

How Every Item Is Grounded

Every item on this Answer Key traces to the Source-of-Truth JSON for G3 Module 2, built from the Teaching Pal OCR (4902 lines, 58 pages) and verified against the PDF intro spreads (every Critical Vocabulary panel was read from a 300dpi crop). No characters, words, or events outside the Source of Truth were added.

- **Vocabulary (Worksheet A):** all 21 words come from the module's Big Idea Words (4: express, convey, chronicle, creative) and the four "Critical Vocabulary" panels — Dear Primo 5, Adventures with Words 2, The Upside Down Boy 4, Dear Dragon 6. Each meaning is checked against the myBook inline definition. The "Words for Using Context Clues / Synonyms" teacher boxes are deliberately NOT counted as core vocabulary.
- **Terminology:** this G3 Teacher's Guide labels each panel "Critical Vocabulary," not "Power Words" — the workbook uses that exact label, matching the source.
- **Reading (Worksheet B):** all 32 items use only RL.3 codes (RL.3.1 / .2 / .3 / .5 / .6). The vocabulary code RL.3.4 is intentionally not used in Section B — word-meaning work lives in Section A — and the codes RI.3.4, RI.3.7, and RL.3.7 are not used either. No "from-the-text" snippet boxes appear anywhere. Each correct answer is grounded in the Source of Truth; distractors are SoT-anchored, never invented.
- **Genre & credits:** Dear Primo = Realistic Fiction / Letters (Duncan Tonatiuh); Adventures with Words = Poetry collection (multiple poets); The Upside Down Boy = Memoir (Juan Felipe Herrera, illus. Elizabeth Gómez); Dear Dragon = Fantasy / Letters / Poem (Josh Funk, illus. Rodolfo Montalvo). FOUR different anchor genres — never labeled the same.
- **IB (Worksheet C):** the five PYP concepts — Perspective, Communication, Causation, Connection, Form — follow the Source-of-Truth ib_concepts mappings. The Essential Question text on Q5 matches the workbook word for word.
- **MAP (Worksheet D):** four NEW passages (156 / 158 / 156 / 160 words), RIT 195→215, Lexile 420L–680L. None recall the four anchor selections; each applies the EQ to a fresh character.
- **Answer balance:** 73 multiple-choice items distribute as 19 "A" / 18 "B" / 18 "C" / 18 "D", achieved by choice-order rotation only — every meaning is preserved from the Source of Truth.

What This Module Does NOT Contain (Guardrails)

- No "Power Words" label — the G3 source says "Critical Vocabulary."
- No Worksheet E — this workbook series uses four worksheets (A · B · C · D).
- No media / fine-art selection — the only video is the "Get Curious" intro ("Use Your Words"), which is not a workbook unit.
- "A LOL Story" is the Big-Idea Short Read (no Critical Vocabulary panel) and is excluded from the per-story units; it carries the 4 Big Idea Words instead.
- The "Let Freedom Ring!" selections (American Places American Ideals, The U.S. Constitution, Why We Celebrate the Fourth of July, The Flag Maker, Why Is the Statue of Liberty Green?) belong to the NEXT module that bled onto the same Contents page — they are NOT part of Module 2.
- The teacher "Words for Using Context Clues / Synonyms" boxes (gallo, subway, parades, joke, thirst, shade, back/forth, collect/keep, overcomplicate) are strategy-practice words, not student vocabulary items — they are not on Worksheet A.

Worksheet C — IB Critical Thinking · Answer Key

5 questions · PYP Key Concepts · DOK 2–4

Q1 Perspective DOK 3

In **"Dear Primo,"** compare Charlie's city life and Carlitos's farm life, then find what the two cousins have in common.

MODEL ANSWER

Charlie (the city): Charlie lives in a big American city. From his window he sees a bridge, cars zooming by, and skyscrapers. He rides the subway, which he calls "a long metal snake," plays basketball, eats pizza, and cools off in a fire hydrant on hot days. **Carlitos (the farm):** Carlitos lives on a farm in Mexico, surrounded by mountains and trees. He plays fútbol, eats quesadillas, and lives close to animals and open land. **What they have in common:** Even though one home is a busy city and the other is a quiet farm, the cousins are alike in the ways that matter most. They both love to play games, both love good food, both celebrate traditions (the Day of the Dead; Thanksgiving and Halloween), and both write letters because they care about each other. By the end, both decide they want to visit. Words and letters show the two cousins that their different lives are really very much alike.

KEYWORDS (3)

Charlie = city, subway, skyscrapers | Carlitos = farm, mountains, fútbol | alike: family, food, traditions

SCORING NOTES

- Full credit (3): both lives described (city vs. farm) with one detail each + at least one real thing they have in common.
- Partial (2): both lives described but no common ground.
- Minimal (1): only "they live in different places" with no detail.

TEACHING STEPS

Step 1 · Two windows.

강사: *"Draw two windows — Charlie's city / Carlitos's farm. Draw what each cousin sees outside."*

코멘트. 창문 둘 — Charlie의 도시 / Carlitos의 농장. 각자 창밖에 보이는 것 그리기.

Step 2 · One detail each.

강사: *"Under each window, write ONE thing that cousin does or eats."*

코멘트. 각 창문 아래에 그 사촌이 하거나 먹는 것 한 가지.

Step 3 · The bridge between.

강사: *"Between the windows, write ONE thing the cousins SHARE."*

코멘트. 두 창문 사이에 두 사촌이 공통으로 가진 것 한 가지.

STUDENT PROMPTS

- "How can two homes look so different but feel so alike?"
  두 집이 왜 그렇게 달라 보여도 비슷하게 느껴질까?
- "If you wrote a letter to a cousin far away, what would you describe?"

멀리 있는 사촌에게 편지를 쓴다면 무엇을 설명할래?

- "Which is more important — where you live, or what you love?"
  사는 곳이 더 중요할까, 좋아하는 것이 더 중요할까?

DIFFERENTIATION

STRUGGLING Provide picture cards (skyscraper / mountain / pizza / quesadilla) and sort into "Charlie" or "Carlitos."

그림 카드 분류 — Charlie / Carlitos.

ADVANCED Write a short letter from Charlie to Carlitos describing ONE city thing and asking ONE question about the farm.

Charlie가 Carlitos에게 보내는 짧은 편지 쓰기.

COMMON MISCONCEPTIONS

PITFALL "One life is better than the other." The story shows both lives as good and worthy — just different.

한 삶이 더 낫다는 게 아님 — 둘 다 좋고 다를 뿐.

PITFALL "They have nothing in common." They share family, games, food, and traditions.

공통점이 없는 게 아님 — 가족·놀이·음식·전통을 공유.

LEARNER PROFILE LINK

OPEN-MINDED Seeing two ways of living as both valuable is open-minded thinking.

두 삶의 방식을 모두 가치 있게 보기 — Open-minded.

COMMUNICATORS The cousins use letters to share their worlds.

사촌들은 편지로 서로의 세계를 나눔 — Communicator.

KOREAN BRIDGE

관점(Perspective) 핵심 문장.

단어 "primo / 사촌 — tradition / 전통 — letter / 편지"

핵심 단어 영-한.

Q2 Communication DOK 2

Show THREE different ways characters use words to communicate across the selections in this module.

MODEL ANSWER

Letters (Dear Primo / Dear Dragon): Charlie and Carlitos write letters across countries; George and Blaise write rhyming letters across classrooms. In both, letters carry thoughts between people who are far apart and help them become closer. **Poems (Adventures with Words):** The poets use the sounds and rhythms of words to share images and feelings — friendship in "I, Like You," laughter in "Jokes," and growth in "I Go to the Land." Poetry is a way to express what is inside. **Singing (The Upside Down Boy):** Juanito, who is afraid his English words are "a rock," finds his voice by SINGING. Mrs. Sampson invites him to sing, and he becomes the choir conductor. Singing is using words as music. **My favorite way:** Most students will pick one and give a reason — for example, "I like letters best because you can keep them and read them again." All three show that words can be used in many different forms to express who we are.

KEYWORDS (3)

letters = across distance | poems = images & feelings | singing = words as music

SCORING NOTES

- Full credit (3): all three ways named with one example each + a personal pick with a reason.
- Partial (2): three ways but no personal choice.
- Minimal (1): only "people use words" with no specific ways.

TEACHING STEPS

Step 1 · Three boxes.

강사: *"Make 3 boxes — Letters / Poems / Singing. Name which story each comes from."*

코멘트. 상자 3개 — 편지·시·노래. 각각 어느 이야기인지.

Step 2 · One example each.

강사: *"In each box, write ONE example from the module."*

코멘트. 각 상자에 모듈 속 예시 한 가지.

Step 3 · Star your favorite.

강사: *"Star the way you like best and write why."*

코멘트. 가장 좋아하는 방식에 별표 + 이유.

STUDENT PROMPTS

- "Which way of using words reaches the most people?"
  어떤 방식이 가장 많은 사람에게 닿을까?
- "Can a song say something a letter cannot?"
  노래가 편지로는 못 하는 말을 할 수 있을까?
- "What way do YOU use words most — talking, writing, or singing?"
  너는 말·글·노래 중 무엇으로 단어를 가장 많이 쓰니?

DIFFERENTIATION

STRUGGLING Match 3 picture cards (envelope / poem page / music note) to the 3 stories.

그림 카드 3개를 이야기 3개와 매칭.

ADVANCED Add a 4th way words are used in the module (texting/emojis in "A LOL Story") and explain it.

네 번째 방식(문자·이모지) 추가 설명.

COMMON MISCONCEPTIONS

PITFALL "Only talking counts as communication." Writing, poems, and singing all carry words too.

말만 소통이 아님 — 글·시·노래도 모두 단어를 전함.

PITFALL "Poems and songs are the same thing." Both use rhythm, but poems are read and songs are sung.

시와 노래는 같지 않음 — 둘 다 리듬을 쓰지만 하나는 읽고 하나는 부름.

LEARNER PROFILE LINK

COMMUNICATORS Naming many ways to use words is at the heart of being a communicator.

단어를 쓰는 여러 방식 알기 — Communicator의 핵심.

KOREAN BRIDGE

표현 "Many forms, one purpose: to be understood." → "여러 형태, 한 가지 목적: 이해받기."

소통(Communication) 핵심 문장.

Q3 Causation DOK 3

In **"The Upside Down Boy,"** map the CHAIN that helps Juanito change from feeling lost to finding his voice.

MODEL ANSWER

Start (why he feels "upside down"): Juanito's family stops working in the fields and settles in a city so he can go to school. He does not speak English. He feels lost and afraid — "Will my tongue turn into a rock?" Everything feels strange and turned around. **Papi (what he says about words):** Papi reassures him: "Each word, each language has its own magic." This helps Juanito feel that his Spanish is not wrong — every language is special. **Mrs. Sampson (how she helps):** His teacher invites him to sing and tells him his voice is beautiful. Singing lets the words come out when speaking felt too hard. **End (what he becomes):** Juanito becomes "El Maestro Juanito," the choir conductor. He has found his voice. **Which step helped most:** Many students will say Mrs. Sampson, because singing gave Juanito a way to use words that finally worked. Others may say Papi, because his words gave Juanito the courage first. Both answers are right if the reason is explained.

KEYWORDS (3)

start = no English, "tongue is a rock" | Papi = "each language has magic" | end = choir conductor

- Full credit (3): all four links in order + which step helped most with a reason.

Q4 Connection DOK 3

In **"Dear Dragon,"** trace THREE steps that connect George and Blaise into friends, and explain why words can connect such different pen pals.

MODEL ANSWER

Step 1 · The Project: George and Blaise do not choose each other. Their teachers set up a "Poetry and Pen Pal Project" so a human class and a dragon class will write to each other. Neither boy likes writing at first, but both try. **Step 2 · The Mix-Up:** As they write back and forth, each one pictures the other as someone like himself. George imagines Blaise is a human boy; Blaise imagines George is a dragon. They share favorites — catch, soccer, skydiving — without knowing how different they really look. **Step 3 · The Meeting:** At the picnic, they finally meet. "My pen pal is a dragon?" "My pen pal is a human?" They are surprised — but by then their letters have already made them friends. "Our plan was a success, my friend!" **Why words can connect them:** The letters let George and Blaise share their thoughts, jokes, and likes before they ever see each other. Words built the friendship first, so when they finally met, how they LOOKED did not matter. Words can connect people who would never otherwise meet — and who look nothing alike.

KEYWORDS (3)

project = teachers pair the classes

mix-up = each imagines the other is like him

meeting = surprised, but still friends

SCORING NOTES

- Full credit (3): three steps named with one detail each + why words can connect them.
- Partial (2): three steps but no reflection on why words connect.
- Minimal (1): only "they become friends" with no chain.

TEACHING STEPS

Step 1 · Three frames.

강사: *"Draw 3 comic frames — Project / Mix-Up / Meeting. Draw what happens in each."*

코멘트. 착각 칸 아래 — 두 소년이 서로를 어떻게 상상하는지.

Step 3 · The bridge.

강사: *"Write one sentence: 'Words connect them because ____.'"*

코멘트. 문장 하나 — '단어가 둘을 잇는 이유는 ____.'

STUDENT PROMPTS

- "Would George and Blaise have been friends if they met FIRST?"
  먼저 만났다면 George와 Blaise가 친구가 됐을까?
- "Why does looking different stop mattering once they are friends?"
  친구가 된 뒤 왜 생김새가 더는 중요하지 않을까?

Q5 Form DOK 4

Essential Question: How do people use words to express themselves? Use ideas from TWO of the selections in this module to answer.

MODEL ANSWER

People use words in many FORMS to share who they are and to reach other people. In **"Dear Primo"** by Duncan Tonatiuh, two cousins use the form of LETTERS. Charlie writes about his city and Carlitos writes about his farm, and through their letters they discover that their different lives are really alike. Words let them express their worlds and grow closer, even though they live far apart. In **"The Upside Down Boy"** by Juan Felipe Herrera, Juanito uses a different form. At first his English words feel like "a rock," but he learns to express himself by SINGING. When Mrs. Sampson invites him to sing, he finds his voice and becomes the choir conductor. **My Big Idea:** People use words to express themselves in many forms — letters, poems, songs, even text messages. The form can change, but the goal is the same: to share what is inside and to be understood. That is what Wittgenstein meant: "The limits of my language means the limits of my world" — the more words we have, the bigger our world becomes.

KEYWORDS (3)

Dear Primo = letters connect

Upside Down Boy = singing finds a voice

many forms, one goal: to be understood

SCORING NOTES

- Full credit (4): two selections named + how words are used in each + a Big Idea about the FORM/purpose of words + link to the EQ/quote.
- Partial (3): two selections + evidence + Big Idea weak.
- Developing (2): one selection only.
- Minimal (1): generic ("words are good") without text evidence.

SYNTHESIS FRAME

SELECTION 1 EVIDENCE	CONNECTING WORD	SELECTION 2 EVIDENCE
One detail: Dear Primo = letters across countries; Adventures with Words = poems; The Upside Down Boy = singing; Dear Dragon = pen-pal letters.	AND / BOTH — joins two FORMS of using words into one Big Idea about expressing yourself.	One detail from a different selection than Selection 1 — so the two show two ways people use words.

REAL-WORLD CONNECTION

KOREA 한국 학생들도 편지, 일기, 노래, 문자, 이모지로 자신을 표현(express)함 — Charlie의 편지처럼, Juanito의 노래처럼.

내가 나를 표현하는 방식(말·글·노래·문자) 하나씩 찾아보기.

PERSONAL Think of one time YOU used words to express a feeling. Was it talking, writing, or singing?

감정을 단어로 표현한 순간 — 말이었나, 글이었나, 노래였나?

RUBRIC

LEVEL	WHAT IT LOOKS LIKE
Exceeding (4)	Names 2 selections + how words are used in each (a clear FORM) + Big Idea about form/purpose of words + links to Wittgenstein's quote.
Meeting (3)	Names 2 selections + how words are used in each + a Big Idea.
Approaching (2)	Names 2 selections but only "they use words" — no specific form or evidence.
Beginning (1)	Generic ("words are good") without text evidence.

Watch out: Many G3 students will only retell what a character DID and stop. Push them to name the FORM and the WHY — letters to connect (Dear Primo, Dear Dragon), poems to share feelings (Adventures with Words), singing to find a voice (The Upside Down Boy). The full EQ needs how AND why words are used, not just what happened.

TEACHING STEPS

Step 1 · Two selection cards.

강사: *"Pick 2 selections. For each, write ONE way characters use words."*

코멘트. 선택지 둘 — 각자 단어를 쓰는 방식 한 가지.

Step 2 · Name the form.

강사: *"Label each: is it a letter, a poem, a song, or a text?"*

코멘트. 각각 분류 — 편지·시·노래·문자?

Step 3 · Big Idea sentence.

강사: *"Write one sentence answering 'How do people use words to express themselves?' Use both selections."*

코멘트. '사람들은 어떻게 단어로 자신을 표현하나?' 한 문장 — 두 선택지 모두 사용.

STUDENT PROMPTS

- "Does the FORM change the message, or just how it is shared?"
  형태가 메시지를 바꾸나, 전하는 방법만 바꾸나?
- "Which selection's way of using words is most like YOU?"
  어느 선택지의 방식이 너와 가장 닮았니?
- "What does Wittgenstein's quote mean for someone learning new words?"
  새 단어를 배우는 사람에게 Wittgenstein의 명언은 무슨 뜻일까?

DIFFERENTIATION

STRUGGLING Sentence frame: "In ___, people use words by ___. In ___, people use words by ___. People use words to ___."

3단 문장 골격.

ADVANCED Use THREE selections and sort them by FORM (letter / poem / song / text).

선택지 셋 사용 — 형태별 분류.

COMMON MISCONCEPTIONS

PITFALL "Using words just means talking." The module shows letters, poems, songs, and texts too.

단어 쓰기가 말하기만은 아님 — 편지·시·노래·문자도 포함.

PITFALL "Retelling the plot answers the EQ." The EQ asks HOW and WHY people use words, not just what happened.

줄거리 요약은 EQ 답이 아님 — '어떻게·왜' 단어를 쓰는지 물음.

LEARNER PROFILE LINK

COMMUNICATORS Naming many forms of using words — and choosing one to express yourself — is being a communicator.

단어의 여러 형태를 알고 하나를 골라 표현 — Communicator.

THINKERS Synthesizing two selections into one Big Idea is the heart of critical thinking.

두 선택지를 한 Big Idea로 종합 — Thinker.

KOREAN BRIDGE

표현 "Many forms, one goal: to be understood." → "여러 형태, 한 가지 목적: 이해받기."

M2 마무리 문장 — 학생 글쓰기 핵심.

인용 "The limits of my language means the limits of my world." → "내 언어의 한계가 내 세계의 한계다."

Wittgenstein 인용 — 더 많은 단어가 더 넓은 세계.
