Module Overview

Essential Question: What can sports teach us about working together?
Quote: "Talent wins games, but teamwork and intelligence win championships." — Michael Jordan
Big Idea Words (4): collaboration, symbiosis, determination, unity
Main Selections (workbook 4):

- Soccer Shootout · Jake Maddox (illus. Matthew Shipley) · Realistic Fiction
- Bend It Like Bianca · Media: Humorous Fiction Video (viewed, not read)
- Running Rivals · Jake Maddox (illus. Oriol Vidal) · Realistic Fiction
- Brothers at Bat · Audrey Vernick (illus. Steven Salerno) · Narrative Nonfiction

Note. The SoT lists 24 core vocabulary items on Worksheet A (4 Big Idea + 6 Soccer Shootout + 3 Bend It Like Bianca + 5 Running Rivals + 6 Brothers at Bat), in myBook page-order. This G3 Teacher's Guide labels each selection's panel "Critical Vocabulary" (the G3 equivalent of myBook "Power Words") — the string "Power Words" does not appear in the source. The teacher "Words for Using Shades of Meaning / Homographs-Homophones" boxes are NOT counted as core vocabulary. "Teamwork = Victory!" is the Big-Idea Short Read (no Critical Vocabulary panel) and carries the 4 Big Idea Words; it is excluded from the per-selection workbook units. Worksheet E is intentionally omitted — this workbook series uses 4 worksheets (A·B·C·D).

Answer Distribution (76 Multiple-Choice Items)

Verified counts across Worksheets A (24), B (32), and D (20). Worksheet C is open-response IB and not counted in MCQ balance.

A · 19 · B · 19 · C · 19 · D · 19

These four totals are the count of correct-answer LETTERS (A/B/C/D) across all 76 multiple-choice items — 19 answers are "A", 19 are "B", 19 are "C", 19 are "D" (completely even). Balance enforced via choice-order rotation only; correct-answer meanings and option texts are preserved from the Source of Truth. All 24 SoT vocabulary words covered on Worksheet A in myBook page-order (Big Idea → Soccer Shootout → Bend It Like Bianca → Running Rivals → Brothers at Bat).

Voca Trap Items (Worksheet A)

7 of 24 ≈ 29%, all flagged below. Trap pattern: polysemy / part-of-speech / sound-alike / near-distractor baits drawn from the natural meaning field of each word — no hallucination.

- Q5 **apprehensive** — emotion-field bait (proud / bored / excited) vs. "worried something bad might happen"
- Q6 **technical** — polysemy bait ("the machines used to keep score") vs. "the basic skills and understanding you need to play"
- Q9 **intercepted** — soccer-field bait (D "picked it up with your hands" — a keeper's move) vs. "stopped it from getting where it was going"
- Q12 **force** — polysemy bait (A "an army of soldiers") vs. "the pushing or pulling effect that one thing has on another"
- Q18 **personal** — near-field bait ("the fastest time ever in the world" / "shared by a crowd") vs. "connected to and only about one person"
- Q23 **generations** — sound-alike/polysemy bait (A "a machine that makes electricity" — generator) vs. "all the people in a family or group about the same age"
- Q24 **soared** — homophone bait (A "hurt with a sharp, sore pain" — soared/sored) vs. "flew through the air"

Reading Trap Items (Worksheet B)

4 of 32 = 12.5%, all flagged below. Trap pattern for Section B: cross-text confusion (four sports selections — two realistic-fiction stories, a humorous video, and a narrative nonfiction), genre / theme bait (real family vs. story characters), and length-balanced correct answers so a longest-option-wins guess fails. Distractors built from SoT only — no hallucination.

- Q8 **Soccer Shootout THEME** — "best athlete should play in goal" / "soccer is hardest" / "needs a new coach" bait vs. working together and sportsmanship beat rivalry ("No, we did it")

- Q16 **Bend It Like Bianca MAIN idea** — "only experts" / "no phones" / "should forfeit" bait vs. teaching and welcoming a new teammate keeps a team going
- Q24 **Running Rivals THEME** — "never speak to a rival" / "winning is all that matters" / "running is too dangerous" bait vs. rivals can help each other improve
- Q32 **Brothers at Bat MAIN idea** — "gloves are hard to make" / "New Jersey weather" / "needs twelve players" bait vs. family loyalty and teamwork across generations

How the Four Worksheets Build Toward the EQ

This module asks **"What can sports teach us about working together?"** Each worksheet adds one layer of the answer, so the teacher can move from word knowledge to deep thinking in order:

- **A · Vocabulary** — students first own the four Big Idea Words of teamwork (collaboration, symbiosis, determination, unity) and the words each selection uses (apprehensive, technical, deflected, competition, intercepted, sprawling, captain, force, finals, meets, upset, concentrated, disappointed, personal, littered, rivalry, disbanded, donated, generations, soared). Without these words, students cannot describe how a team works together.
- **B · Reading Comprehension** — students gather evidence from all four selections: a realistic-fiction story about soccer rivals (Soccer Shootout), a humorous fiction VIDEO (Bend It Like Bianca), a realistic-fiction story about track rivals (Running Rivals), and a true narrative nonfiction story (Brothers at Bat). Genre and point-of-view items (RL.3.5 / RL.3.6 / RI.3.6) — chapters, first-person vs. third-person narration, author's evidence — prepare the thinking that Section C needs. Codes span RL (the two stories) and RI (the video and the nonfiction).
- **C · IB Critical Thinking** — students synthesize: they trace how rivals become teammates (CONNECTION, Soccer Shootout), how a captain takes RESPONSIBILITY for a new player (Bend It Like Bianca), how PERSPECTIVE on a rival changes (Running Rivals), how two very different teams stick together (Brothers at Bat), and finally answer the EQ with two selections. The C activities grow straight out of the B evidence.
- **D · MAP Practice** — four NEW passages let students apply the same idea to teamwork they have not studied here (a relay race, a rowing crew, a race-car pit crew, the ancient Olympic Games), so the EQ becomes a transferable lens about how people work together, not a single-text answer.

Teaching tip. If time is short, the EQ can be reached with Section A (words) + Section C Q5 (synthesis) alone — but Section B supplies the evidence that makes Q5 specific rather than generic.

How Every Item Is Grounded

Every item on this Answer Key traces to the Source-of-Truth JSON for G3 Module 5, built from the Teaching Pal OCR (4,334 lines, 39 pages) and verified against the PDF intro spreads (every Critical Vocabulary panel was read from a 400dpi crop). No characters, words, or events outside the Source of Truth were added.

- **Vocabulary (Worksheet A):** all 24 words come from the module's Big Idea Words (4: collaboration, symbiosis, determination, unity) and the four "Critical Vocabulary" panels — Soccer Shootout 6, Bend It Like Bianca 3, Running Rivals 5, Brothers at Bat 6. Each meaning is checked against the myBook inline definition. The teacher "Words for Using ..." strategy boxes are deliberately NOT counted as core vocabulary.
- **Terminology:** this G3 Teacher's Guide labels each panel "Critical Vocabulary," not "Power Words" — the workbook uses that exact label, matching the source.
- **Reading (Worksheet B):** the 32 items use RL.3 codes for the two realistic-fiction stories (RL.3.1 / .2 / .3 / .5 / .6) and RI.3 codes for the video and the narrative nonfiction (RI.3.2 / .3 / .6 / .8). Each correct answer is grounded in the Source of Truth; distractors are SoT-anchored, never invented. RI.3.4, RI.3.7, and RL.3.7 are not used.
- **Genre & credits:** Soccer Shootout = Realistic Fiction (Jake Maddox, illus. Matthew Shipley); Bend It Like Bianca = Media: Humorous Fiction VIDEO (no print byline — viewed, not read); Running Rivals = Realistic Fiction (Jake Maddox, illus. Oriol Vidal); Brothers at Bat = Narrative Nonfiction (Audrey Vernick, illus. Steven Salerno). Two are realistic-fiction stories, one is a video, one is true nonfiction — never labeled the same.
- **IB (Worksheet C):** the PYP concepts — Connection, Responsibility, Perspective — follow the Source-of-Truth ib_concepts mappings for this SPORTS/teamwork module. The Essential Question text on Q5 matches the workbook word for word.
- **MAP (Worksheet D):** four NEW passages (168 / 159 / 160 / 163 words), RIT 195→215, Lexile 410L–680L. None recall the four anchor selections; each applies the EQ to a fresh teamwork topic.
- **Answer balance:** 76 multiple-choice items distribute as 19 "A" / 19 "B" / 19 "C" / 19 "D" (completely even), achieved by choice-order rotation only — every meaning is preserved from the Source of Truth.

What This Module Does NOT Contain (Guardrails)

- No "Power Words" label — the G3 source says "Critical Vocabulary."
- No Worksheet E — this workbook series uses four worksheets (A · B · C · D).
- The module quote "Talent wins games, but teamwork and intelligence win championships." IS by a NAMED person, Michael Jordan. It is NOT anonymous.
- "Teamwork = Victory!" is the Big-Idea Short Read (an informational sports article about the Thompson Owls girls' basketball team, no Critical Vocabulary panel) and is excluded from the per-selection units; it carries the 4 Big Idea Words instead.
- The "Get Curious" opener video is "How Do We Win?" — distinct from the in-body Media selection "Bend It Like Bianca." The two videos are not merged.
- The printed Contents page also shows the PREVIOUS module 4 "Stories on Stage" (That's Entertainment!, The Saga of Pecos Bill, The Traveling Trio, Gigi and the Wishing Ring, Two Bear Cubs) — those are NOT part of Module 5.
- The teacher "Words for Using ..." boxes (Soccer Shootout: worried/apprehensive, walked/trotted; Running Rivals: live, lead; Brothers at Bat: tale, threw) are strategy-practice words, not student vocabulary items — they are not on Worksheet A. "apprehensive" appears in BOTH the Soccer Shootout Critical Vocabulary panel and that selection's Shades-of-Meaning box; it is counted once.
- Both Soccer Shootout and Running Rivals are credited to "Jake Maddox" — a single shared HMH/Stone Arch pen name, correct as printed. Bend It Like Bianca has only 3 Critical Vocabulary words (captain, force, finals) — the

smallest panel, not padded.

Worksheet C — IB Critical Thinking · Answer Key

5 questions · PYP Key Concepts · DOK 2–4

Q1 Connection DOK 3

In **"Soccer Shootout,"** show THREE steps in how Berk and Ryan's connection changes from rivals to teammates, then explain what helps them work together.

MODEL ANSWER

Beginning · Rivals: Berk and Ryan both want to be the goalkeeper, so they compete at tryouts. When the coach picks Ryan and moves Berk to sweeper, Berk is shocked and upset and stops giving Ryan advice. They are rivals, not partners. **Middle · The Idea:** Berk realizes that his fundamentals plus Ryan's athletic saves would make one great keeper. He goes to Ryan's house and says, "If we put our skills together, we'd have an awesome goalkeeper." He chooses to coach Ryan instead of resenting him. **End · Working Together:** Berk and Ryan drill the fundamentals together, the coach is proud, and the plan works. They win the championship and reach nationals. When Berk yells "You did it!", Ryan answers, "No, we did it." **Why it makes the team stronger:** Neither boy is the perfect keeper alone — Berk has skill but less athleticism, Ryan has athleticism but weak fundamentals. By combining their strengths (symbiosis) and respecting each other, they become better than either one could be alone. That is how collaboration beats rivalry.

KEYWORDS (3)

Q2 Responsibility DOK 3

In **"Bend It Like Bianca,"** Kelly the captain helps a brand-new player. Show THREE ways Kelly takes responsibility for her teammate and what each one does for the team.

MODEL ANSWER

Lets Bianca play: When an injury leaves the team a player short, the team would have to forfeit. Kelly welcomes Bianca, who has never played, so the team can keep playing. This keeps the whole team in the game. **Teaches the rules:** Bianca catches the ball with her hands, which is against the rules, so Kelly explains that most players cannot touch the ball with their hands in soccer. Now Bianca can play the right way. **Shows how to focus a kick:** Kelly teaches Bianca to focus on both direction and distance — which way to kick and how much force to use. This turns Bianca's wild kicks into real plays. **Stays patient:** Even though Bianca makes funny mistakes, Kelly does not give up on her or get angry. **Why this is responsibility:** A captain is the team's leader. By helping the newest, weakest player instead of leaving her behind, Kelly takes responsibility for the whole team. The team can only keep going because their captain teaches and includes everyone — that is what working together looks like.

Q3 Perspective DOK 3

In **"Running Rivals,"** Amy's feelings about Madison change. Trace THREE steps that move Amy from fear to friendship.

MODEL ANSWER

Step 1 · Fear: Amy is coming back from a knee injury and is afraid of racing Madison, her biggest competition. Madison always wins, so Amy is nervous and does not even want to talk to her. From Amy's side, Madison seems scary. **Step 2 · The Meeting:** On her sister Natalie's advice, Amy goes to practice with Madison. To her surprise, Madison is friendly. Madison says she should be asking Amy for advice because Amy's form is "always so perfect." The two girls trade running tips — Madison teaches Amy to start slower and finish strong; Amy teaches Madison to keep her elbows in. **Step 3 · Friendship:** By the final meet, the rivals smile at each other at the starting line. Madison wins, but Amy runs her personal best, and the two are friends who cheer each other on. **How her perspective changed:** At first Amy saw Madison only as a rival to fear. Once she got to know Madison's true side — kind, and admiring of Amy — she saw that a rival can also be a friend who helps you get better. Seeing the same person from a new perspective changed everything.

KEYWORDS (3)

fear = afraid to race Madison | meeting = practice + trade tips | friendship = personal best + cheer each other

SCORING NOTES

- Full credit (3): all three steps (fear → meeting → friendship) + how Amy's perspective on Madison changed.
- Partial (2): three steps but the change not explained.
- Minimal (1): only "they become friends" with no steps.

TEACHING STEPS

Step 1 · Feelings timeline.

코멘트. 에이미를 놀라게 한 매디슨의 말에 밑줄.

Step 3 · Perspective sentence.

강사: *"Finish: 'Amy used to think ___, but now she sees ___.'"*

코멘트. 문장 완성 — '에이미는 예전엔 ____라 생각했지만, 이제 ____를 본다.'

STUDENT PROMPTS

Q4 Connection / Community DOK 3

Two selections show teams of very different kinds. Compare HOW the players in **Soccer Shootout** and the brothers in **Brothers at Bat** work together.

MODEL ANSWER

Soccer Shootout · A Soccer Team: This team is made of teammates who are not family. They work together by sharing skills. Berk and Ryan start as rivals, but Berk teaches Ryan the fundamentals while Ryan brings his athletic saves. By combining their strengths, they become one strong keeper and win the championship. The team works together by learning from each other. **Brothers at Bat · A Family Team:** This team is a real family — twelve Acerra brothers. They work together by sticking together no matter what. There was "no jealousy, no rivalry, no fighting." When a player made a mistake, no one yelled. When Alfred lost an eye, his brothers patiently threw him balls until he could play again. "We stuck together," Freddie said. **What each shows about staying strong:** Soccer Shootout shows a team stays strong when rivals share their skills and respect each other. Brothers at Bat shows a team stays strong through loyalty and never giving up on one another. **So:** Both are teams that work together, but one is built from sharing skills among teammates, and the other from family loyalty across many years. Both teach that working together makes a team stronger than any single player.

KEYWORDS (3)

Soccer Shootout = share skills, rivals to teammates

Brothers at Bat = family loyalty, "we stuck together"

both: working together beats going it alone

SCORING NOTES

- Full credit (3): how EACH team works together (sharing skills / sticking together) + what each shows about staying strong.
- Partial (2): both described but only one "stays strong" idea.
- Minimal (1): only "both are teams" with no difference.

TEACHING STEPS

Step 1 · T-chart.

강사: *"Make a T-chart: Soccer Shootout / Brothers at Bat. Who is on each team?"*

코멘트. T-차트 — Soccer Shootout / Brothers at Bat. 각 팀 구성원은?

Step 2 · How they work together.

강사: *"For each, write HOW they work together: share skills / stick together."*

코멘트. 각 팀이 협력하는 방법 — 기술 나누기 / 끝까지 함께.

Step 3 · Both sentence.

강사: *"Finish: 'Both teams stay strong because ___.'"*

코멘트. 문장 완성 — '두 팀이 강한 이유는 모두 ____.'

STUDENT PROMPTS

- "How is a family team different from a team of teammates?"
  가족 팀과 동료들로 이뤄진 팀은 어떻게 다를까?
- "Which team would you want to be on, and why?"

너는 어느 팀에 들어가고 싶니? 왜?

- "What does 'We stuck together' mean for a team?"
  '우린 끝까지 함께였다'는 팀에게 어떤 뜻일까?

DIFFERENTIATION

Brothers at Bat는 지어낸 이야기가 아님 — 실화(서사 논픽션).

PITFALL "Working together means everyone is the same." Each player brings something different; that is the point.

Q5 Connection / Cooperation DOK 4

Essential Question: What can sports teach us about working together? Use ideas from TWO of the selections in this module to answer.

MODEL ANSWER

Sports teach us that a team is stronger when its members work together instead of trying to win alone. In **"Soccer Shootout,"** Berk and Ryan begin as rivals fighting for the same goalkeeper spot. Instead of staying enemies, Berk teaches Ryan the fundamentals while Ryan adds his amazing saves. By putting their skills together, they win the championship — and Ryan says, "No, we did it." This shows that sharing your strengths with a teammate helps the whole team. In **"Brothers at Bat,"** twelve real brothers play baseball with "no jealousy, no rivalry, no fighting." When Alfred loses an eye, his brothers patiently help him return, and the family "stuck together" through hard times and even war. This shows that loyalty and not giving up on each other keep a team strong for years. **My Big Idea:** Sports teach us that working together — by sharing our skills, helping a teammate, and sticking together — lets a team do far more than any one talented player could do alone. As Michael Jordan said, "Talent wins games, but teamwork and intelligence win championships."

KEYWORDS (3)

Soccer Shootout = share skills, "we did it"

Brothers at Bat = loyalty, "we stuck together"

Big Idea: together > one talented player alone

SCORING NOTES

- Full credit (4): two selections named + what each teaches about working together (sharing skills / helping / sticking together) + WHY it matters + a Big Idea answering the EQ.
- Partial (3): two selections + lessons + Big Idea weak.
- Developing (2): one selection only.
- Minimal (1): generic ("teams are good") without naming a lesson from a selection.

SYNTHESIS FRAME

SELECTION 1 LESSON

Name what it teaches about working together: Soccer Shootout = share skills / rivals to teammates; Bend It Like Bianca = a captain helps a new player; Running Rivals = rivals help each other improve; Brothers at Bat = family loyalty, stick together.

CONNECTING WORD

BOTH / AND — joins two lessons about teamwork (sharing skills and sticking together, helping and improving) into one Big Idea about doing more together than alone.

SELECTION 2 LESSON

A lesson from a DIFFERENT selection than Selection 1 — so the two show two ways sports teach working together.

REAL-WORLD CONNECTION

KOREA 학교 운동회의 이어달리기나 축구부도 서로 실력을 나누고 끝까지 함께한다 — Soccer Shootout의 협력, Brothers at Bat의 의리처럼.

내가 한 팀 활동(스포츠·합창·조별 과제)에서 '함께라서 더 잘된' 순간 하나 떠올리기.

PERSONAL When have you done better with a team than you could have done by yourself?

혼자보다 팀과 함께 더 잘 해낸 적이 언제였니?

RUBRIC

LEVEL	WHAT IT LOOKS LIKE
Exceeding (4)	Names 2 selections + what each teaches about working together (sharing skills / helping / sticking together) + WHY it matters + a Big Idea answering the EQ.
Meeting (3)	Names 2 selections + a teamwork lesson in each + a Big Idea.
Approaching (2)	Names 2 selections but only retells the plot — no teamwork lesson named.
Beginning (1)	Generic ("teams are fun") without text evidence.

Watch out: Many G3 students will just retell what happened (Berk and Ryan win; the brothers play ball) and stop. Push them to name the LESSON about working together — sharing skills (Soccer Shootout), a captain helping a new player (Bend It Like Bianca), rivals helping each other (Running Rivals), family loyalty (Brothers at Bat) — and to say WHY it makes a team stronger. The full EQ needs what sports TEACH about teamwork, not just what happens in the story.

TEACHING STEPS

Step 1 · Two selection cards.

강사: *"Pick 2 selections. For each, write the teamwork lesson it teaches."*

코멘트. 선택지 둘 — 각자 가르치는 '협력의 교훈' 적기.

Step 2 · Why it matters.

강사: *"Under each, write WHY that makes a team stronger."*

코멘트. 각각 아래 — 그것이 팀을 왜 더 강하게 하는지.

Step 3 · Big Idea sentence.

강사: *"Write one sentence answering the EQ. Use both selections."*

코멘트. EQ에 답하는 한 문장 — 두 선택지 모두 사용.

STUDENT PROMPTS

- "Can sharing skills and sticking together both make a team strong?"
  실력 나누기와 끝까지 함께하기, 둘 다 팀을 강하게 만들 수 있을까?
- "Which selection's lesson about teamwork meant the most to YOU?"
  어느 작품의 협력 교훈이 너에게 가장 와닿았니?
- "Why can a team do more than one talented player alone?"
  팀은 왜 재능 있는 한 명보다 더 많은 걸 해낼 수 있을까?

DIFFERENTIATION

STRUGGLING Sentence frame: "In ____, the team works together by ____. In ____, the team works together by ____. Both show that sports teach ____."

3단 문장 골격.

ADVANCED Use THREE selections and sort them by the kind of teamwork each shows (share / help / stick together).

선택지 셋 사용 — 협력 종류별 분류(나누기·돕기·함께하기).

COMMON MISCONCEPTIONS

PITFALL "The best player wins the game." The module shows teamwork beats single talent — that is the EQ.

최고 선수가 이기는 게 아님 — 협력이 개인 재능을 이긴다는 게 EQ.

PITFALL "Retelling the plot answers the EQ." The EQ asks what sports TEACH about working together, not just what happens.

줄거리 요약은 EQ 답이 아님 — 스포츠가 협력에 대해 '무엇을 가르치는지' 물음.

LEARNER PROFILE LINK

THINKERS Synthesizing two selections into one Big Idea about teamwork is the heart of critical thinking.

두 선택지를 한 Big Idea로 종합 — Thinker.

COMMUNICATORS Explaining how a team works together makes you a communicator.

팀이 협력하는 방식을 설명 — Communicator.

KOREAN BRIDGE

표현 "Working together lets a team do more than one player alone." → "협력은 팀이 한 명보다 더 많은 걸 해내게 한다."

M5 마무리 문장 — 학생 글쓰기 핵심.

인용 "Talent wins games, but teamwork and intelligence win championships." — Michael Jordan → "재능은 경기를 이기지만, 팀워크와 지혜는 우승을 이긴다."
