Module Overview

Essential Question: How can one person make a meaningful difference in their local or global community?
Quote: "Every individual matters. Every individual has a role to play. Every individual makes a difference." — Jane Goodall
Big Idea Words (4): outreach, fellowship, communal, residents
Main Selections (workbook 4):

- Farmer Will Allen and the Growing Table · Jacqueline Briggs Martin (illus. Eric-Shabazz Larkin) · Biography
- One Plastic Bag · Miranda Paul (illus. Elizabeth Zunon) · Biography
- Energy Island · Allan Drummond (author-illustrator) · Narrative Nonfiction
- The Storyteller's Candle · Lucía González (illus. Lulu Delacre) · Historical Fiction

Note. The SoT lists 26 core vocabulary items on Worksheet A (4 Big Idea + 7 Farmer Will Allen + 3 One Plastic Bag + 6 Energy Island + 6 The Storyteller's Candle), in myBook page-order. This G3 Teacher's Guide labels each selection's panel "Critical Vocabulary" (the G3 equivalent of myBook "Power Words") — the string "Power Words" does not appear in the source. The teacher "Words for Using ..." strategy boxes are NOT counted as core vocabulary. "Let's Build a Park!" is the Big-Idea Short Read (no Critical Vocabulary panel) and carries the 4 Big Idea Words; it is excluded from the per-selection workbook units. Worksheet E is intentionally omitted — this workbook series uses 4 worksheets (A·B·C·D). Module 7 has NO video/media selection among its numbered selections.

Answer Distribution (78 Multiple-Choice Items)

Verified counts across Worksheets A (26), B (32), and D (20). Worksheet C is open-response IB and not counted in MCQ balance.

A · 20 · B · 20 · C · 19 · D · 19

These four totals are the count of correct-answer LETTERS (A/B/C/D) across all 78 multiple-choice items — 20 answers are "A", 20 are "B", 19 are "C", 19 are "D" (as even as 78 allows). Balance enforced via choice-order rotation only; correct-answer meanings and option texts are preserved from the Source of Truth. All 26 SoT vocabulary words covered on Worksheet A in myBook page-order (Big Idea → Farmer Will Allen → One Plastic Bag → Energy Island → The Storyteller's Candle).

Voca Trap Items (Worksheet A)

8 of 26 ≈ 31%, all flagged below. Trap pattern: polysemy / part-of-speech / sound-alike / near-distractor baits drawn from the natural meaning field of each word — no hallucination.

- Q5 **scarce** — sound-alike bait ("scary") and opposite-meaning bait ("far too much of it") vs. "there is very little of it"
- Q8 **crowded** — word-family bait (a "crowd" of people / shouting to a crowd) vs. "filled it up with no room left"
- Q13 **forage** — sound-alike bait ("fort" / "four" race) vs. "search through an area to find food"
- Q18 **converted** — near-field bait ("carried away" / "covered") vs. "changed to a different form"
- Q21 **slender** — opposite-meaning bait ("wide and heavy") vs. "thin"
- Q22 **gallant** — sound-alike bait ("gallery" art room) vs. "thoughtful and very brave"
- Q23 **chimed** — polysemy/sound-alike bait (ring a "chime" bell / "climbed") vs. "said something to agree"
- Q26 **concluded** — opposite-meaning bait ("only just started it") vs. "ended it"

Reading Trap Items (Worksheet B)

4 of 32 ≈ 13%, all flagged below. Trap pattern for Section B: MAIN-idea bait (a true detail mistaken for the main idea) and length-balanced correct answers so a longest-option-wins guess fails. Distractors built from SoT only — no hallucination. Codes used are RI.3.1 / .2 / .3 / .5 / .6 / .8 for the three nonfiction selections and RL.3.1 / .2 / .3 / .5 / .6 for the one historical-fiction selection. **RI.3.4, RI.3.7, and RL.3.7 are NOT used**, and there are no "from the text" snippet boxes.

- Q8 **Farmer Will Allen MAIN idea** — "was a basketball player" / "worms make compost" / "20,000 visitors" are true details, baited against the real main idea: one person can make a difference by growing food and teaching a

community to farm
- Q16 **One Plastic Bag MAIN idea** — "goats ate the bags" / "cut bags into thread" / "paid with dalasi coins" are true details, baited against the real main idea: one person's persistence and a recycling idea can change a whole community
- Q24 **Energy Island MAIN idea** — "an ordinary island" / "turbines have spinning blades" / "Søren was the teacher who got them to listen" are true details, baited against the real main idea: a community working together, sparked by one person, can change how it uses energy
- Q32 **The Storyteller's Candle theme** — "cold winters" / "Hildamar plays a part in the play" / "the ship Ponce sailed five days" are true details, baited against the real theme: one welcoming leader can give immigrants belonging and keep their culture alive

How the Four Worksheets Build Toward the EQ

This module asks **"How can one person make a meaningful difference in their local or global community?"** Each worksheet adds one layer of the answer, so the teacher can move from word knowledge to deep thinking in order:

- **A · Vocabulary** — students first own the four Big Idea Words of community (outreach, fellowship, communal, residents) and the words each selection uses (scarce, greenhouses, pollution, crowded, vats, vertical, factories, confesses, forage, recycled, cable, environmental, renewable, converted, resources, willing, slender, gallant, chimed, preparations, flickered, concluded). Without these words, students cannot describe how a person changes a community.
- **B · Reading Comprehension** — students gather evidence from all four selections: two biographies of real changemakers (Will Allen, Isatou Ceesay), a narrative-nonfiction story of a whole island (Energy Island), and a historical-fiction story of a welcoming librarian (The Storyteller's Candle). Structure and point-of-view items prepare the thinking that Section C needs. The first three selections are RI; The Storyteller's Candle is RL.
- **C · IB Critical Thinking** — students synthesize: they trace how Will Allen took RESPONSIBILITY, how Isatou's village CHANGED, how the islanders CONNECTED and worked together, how a city farm and an energy island compare, and finally answer the EQ with two selections. The C activities grow straight out of the B evidence.
- **D · MAP Practice** — four NEW passages let students apply the same idea to changemakers they have not studied here (a neighborhood garden, a reading buddy, a beach cleanup, and Wangari Maathai's trees), so the EQ becomes a transferable lens about how one person can make a difference, not a single-text answer.

Teaching tip. If time is short, the EQ can be reached with Section A (words) + Section C Q5 (synthesis) alone — but Section B supplies the evidence that makes Q5 specific rather than generic.

VERIFIED

How Every Item Is Grounded

Every item on this Answer Key traces to the Source-of-Truth JSON for G3 Module 7, built from the Teaching Pal OCR (5,151 lines, 47 pages) and verified against the PDF intro spreads (every Critical Vocabulary panel was read from a high-resolution crop). No characters, words, or events outside the Source of Truth were added.

- **Vocabulary (Worksheet A):** all 26 words come from the module's Big Idea Words (4: outreach, fellowship, communal, residents) and the four "Critical Vocabulary" panels — Farmer Will Allen 7, One Plastic Bag 3, Energy Island 6, The Storyteller's Candle 6. Each meaning is checked against the myBook inline definition. The teacher "Words for Using ..." strategy boxes are deliberately NOT counted as core vocabulary.
- **Terminology:** this G3 Teacher's Guide labels each panel "Critical Vocabulary," not "Power Words" — the workbook uses that exact label, matching the source.
- **Reading (Worksheet B):** the 32 items use RI.3 codes for the three nonfiction selections (RI.3.1 / .2 / .3 / .5 / .6 / .8) and RL.3 codes for the one historical-fiction selection (RL.3.1 / .2 / .3 / .5 / .6). Each correct answer is grounded in the Source of Truth; distractors are SoT-anchored, never invented. RI.3.4, RI.3.7, and RL.3.7 are not used, and there are no "from the text" snippet boxes.
- **Genre & credits:** Farmer Will Allen and the Growing Table = Biography (Jacqueline Briggs Martin, illus. Eric-Shabazz Larkin); One Plastic Bag = Biography (Miranda Paul, illus. Elizabeth Zunon); Energy Island = Narrative Nonfiction (Allan Drummond, author-illustrator); The Storyteller's Candle = Historical Fiction (Lucía González, illus. Lulu Delacre). Two biographies + one narrative nonfiction + one historical fiction — never labeled the same.
- **IB (Worksheet C):** the PYP concepts — Responsibility, Change, Connection — follow the Source-of-Truth community/social-studies focus of this module. The Essential Question text on Q5 matches the workbook word for word.
- **MAP (Worksheet D):** four NEW passages (154 / 164 / 161 / 162 words), RIT 195→215, Lexile 410L–680L. None recall the four anchor selections; each applies the EQ to a fresh "make a difference" topic.
- **Answer balance:** 78 multiple-choice items distribute as 20 "A" / 20 "B" / 19 "C" / 19 "D" (as even as 78 allows), achieved by choice-order rotation only — every meaning is preserved from the Source of Truth.

What This Module Does NOT Contain (Guardrails)

- No "Power Words" label — the G3 source says "Critical Vocabulary."
- No Worksheet E — this workbook series uses four worksheets (A · B · C · D).
- The module quote IS by a NAMED person, Jane Goodall. It is NOT anonymous.
- "Let's Build a Park!" is the Big-Idea Short Read (an opinion op-ed urging the community to build a local park, no Critical Vocabulary panel) and is excluded from the per-selection units; it carries the 4 Big Idea Words instead.
- Module 7 has NO video/media selection among its numbered selections. The only video is the module-opener "Get Curious" intro video "Kids Change the World" — it is not a body selection.
- Energy Island is by Allan Drummond, who is both author and illustrator; the TOC prints only "by Allan Drummond." One Plastic Bag is illustrated by Elizabeth Zunon (OCR garbles it as "Ehzabeth Z7unon").
- The teacher "Words for Using ..." boxes (Farmer Will Allen: loved/hated, garbage/waste; One Plastic Bag: bore, scents; Energy Island: small/little, big/huge/giant/enormous; The Storyteller's Candle: announcement, bubbled) are strategy-practice words, not student vocabulary items — they are not on Worksheet A.
- One Plastic Bag has only 3 Critical Vocabulary words (confesses, forage, recycled) — the smallest panel; Farmer Will Allen has 7 (the largest). Neither is padded. Counts are 7/3/6/6 = 22 Critical Vocabulary; Big Idea (4) + Critical (22) = 26 total.
- Performance Task = "Write an Opinion Essay." It is not an expository or narrative essay.

B

Meaning: residents of a city are the people who live there. **Source:** SoT Big Idea Word 4; "Sophie and Kendall Vu, new residents." *Distractors give cars / visitors / streets.*

CRITICAL VOCABULARY · FARMER WILL ALLEN AND THE GROWING TABLE

Q5 L.3.4 TRAP

scarce

A

Evidence: SoT — "If something is scarce, there is very little of it" (OCR line 836); fresh vegetables were scarce in the city. **Trap:** B baits the sound-alike "scary"; C reverses it to "too much."

Q6 L.3.4

greenhouses

C

Evidence: SoT — "Greenhouses are glass buildings that are used to grow plants and protect them from the weather" (OCR lines 852–854). *Distractors give green-painted houses / holes / trucks.*

Q7 L.3.4

pollution

B

Evidence: SoT — "Pollution is harmful or poisonous material in the air, water, and ground" (OCR lines 936–937). *Distractors give clean rain / healthy soil / a tool.*

Q8 L.3.5 TRAP

crowded

D

Evidence: SoT — "If you crowded a space with something, you filled it up with no room left for anything else" (OCR lines 1035–1036). **Trap:** A baits the "crowd" of people sense; B reverses it.

Q9 L.3.4

vats

A

Evidence: SoT — "Vats are large tanks or tubs that can hold water or other liquids" (OCR line 1037); Will added vats of water and fish. *Distractors give seeds / glass / tools.*

Q10 L.3.4

vertical

C

Evidence: SoT — "Something that is vertical stands tall or points up" (OCR line 1258); Will grew food in vertical rows to save space. *Distractors give flat / rolling / floating.*

Q11 L.3.4

factories

D

Evidence: SoT — "Factories are large buildings where things are built or made by people and machines" (OCR lines 1259–1260). *Distractors give a garden / a field / a fruit store.*

CRITICAL VOCABULARY · ONE PLASTIC BAG

Q12 L.3.4

confesses

B

Evidence: SoT — "If someone confesses something, they admit to doing or saying something wrong" (OCR lines 1649–1650); "I broke your basket," Isatou confesses. *Distractors keep it secret / laugh / blame others.*

Q13 L.3.5 TRAP

forage

A

Evidence: SoT — "When animals forage, they search through an area to find food" (OCR lines 1865–1866). **Trap:** B/D bait the sound-alikes "fort" and "four"; C gives hibernating.

Q14 L.3.4

recycled

C

Evidence: SoT — "When something is described as recycled, it has been used again or used in a different way" (OCR lines 2103–2105); purses from recycled plastic. *Distractors give buried / brand new / grown.*

CRITICAL VOCABULARY · ENERGY ISLAND

Q15 L.3.4

cable

D

Evidence: SoT — "A cable is a bundle of wires with a thick covering that is used to carry electricity" (OCR lines 2711–2712); electricity came by cable under the sea. *Distractors give a boat / a map / a tower.*

Q16 L.3.4

environmental

B

Evidence: SoT — "Something that is environmental is connected to protecting Earth's land, water, animals, and air" (OCR lines 2794–2795); Søren was an environmental teacher. *Distractors give skyscrapers / a band / a bank.*

Q17 L.3.4

renewable

A

Evidence: SoT — "Something that is renewable will always be available" (OCR lines 2857–2858); wind is renewable energy. *Distractors give runs out / underground only / dangerous.*

Q18 L.3.5 TRAP

converted

C

Evidence: SoT — "When something is converted, it is changed to a different form or changed in some important way" (OCR lines 2860–2864). **Trap:** A/B bait the near-field "carried"/"covered"; D reverses it.

Q19 L.3.4

resources

D

Evidence: SoT — "Things people can use to get a job done are resources" (OCR line 2979); wind and sunlight are resources. *Distractors give mistakes / stories / rules.*

Q20 L.3.4

willing

B

Evidence: SoT — "If you are willing to do something, you are ready to do it" (OCR lines 3122–3123); the neighbors were willing to work together. *Distractors give afraid / too tired / angry.*

Q21 L.3.5 TRAP

slender

A

Evidence: SoT — "If something is slender, it is thin" (OCR line 4179); the candle was tall and slender. **Trap:** C reverses it ("wide and heavy"); B/D give loud / warm.

Q22 L.3.5 TRAP

gallant

C

Evidence: SoT — "If you are gallant, you are thoughtful and very brave" (OCR line 4394). **Trap:** A baits the sound-alike "gallery" (art room); B/D give running / sleepy.

Q23 L.3.5 TRAP

chimed

B

Evidence: SoT — "If you chimed in, you said something to agree with what someone else said" (OCR lines 4395–4397). **Trap:** A baits the bell "chime"; C baits the sound-alike "climbed."

Q24 L.3.4

preparations

D

Evidence: SoT — "The things that have to be done to get ready for an event are preparations" (OCR lines 4541–4542). *Distractors give the audience / costumes / songs.*

Q25 L.3.4

flickered

A

Evidence: SoT — "If a flame flickered, it gave off a light that moved in an unsteady way" (OCR lines 4662–4663). *Distractors give steady / went out / turned blue.*

Q26 L.3.5 TRAP

concluded

C

Evidence: SoT — "When you have concluded something, you have ended it" (OCR lines 4765–4766). **Trap:** A reverses it ("only just started"); B/D give made bigger / forgot.

Selection 1 · Farmer Will Allen and the Growing Table

BIOGRAPHY · 8 ITEMS

Q1 RI.3.2

B

Evidence: the biography follows Will Allen from boyhood to founding "Growing Power" and teaching people to farm (OCR lines 616–626, 1126–1129). *Others pick a stray detail.*

Q2 RI.3.3

C

Evidence: Will saw "fresh vegetables were as scarce in the city as trout in the desert" and "believed everyone, everywhere" has a right to good food (OCR lines 808–833). *Others off-text.*

Q3 RI.3.3

A

Evidence: in Belgium Will "learned to make good soil with food garbage... composting," using "red wiggler worms" to turn garbage into compost (OCR lines 913–931). *Others off-text.*

Q4 RI.3.5

D

Text Structure: SoT — the author organizes the biography "in chronological order," with clues like "When Will Allen was a boy... He graduated from college and moved to Belgium" (OCR lines 751–759). *Others off-text.*

Q5 RI.3.3

A

Evidence: Will packed greenhouses with rows of plants and "added vats of water and fish," with sprouts, water, and work together as a "farm machine" (OCR lines 1026–1037). *Others off-text.*

Q6 RI.3.3

B

Evidence: "Will Allen looked around. He saw teenagers, schoolchildren, parents, grandparents. HE TAUGHT THEM TO BE FARMERS" (OCR lines 1126–1129). *Others off-text.*

Q7 RI.3.6

C

Author's Craft: SoT — the narrator (the author) uses Will's quote "loved digging in the dirt" to "show exactly how Will feels," even though the author is not Will (OCR lines 675–681). *Others misread the purpose.*

Q8 RI.3.2 TRAP

D

Main Idea: one person can make a difference by growing good food and teaching a whole community to farm (OCR theme; lines 1106–1113). **Trap:** A/B/C are true details, not the main idea.

Selection 2 · One Plastic Bag

BIOGRAPHY · 8 ITEMS

Q9 RI.3.2

C

Evidence: the biography tells how Isatou Ceesay turned wasted plastic bags into recycled purses and cleaned up Njau, Gambia (OCR lines 1937–2016, 2111–2117). *Others off-topic.*

Q10 RI.3.3

A

Evidence: "Many goats have been eating these... the animals cannot survive. Now three of your goats and so many other goats in the village have died!" (OCR lines 1840–1842). *Others off-text.*

Q11 RI.3.3

B

Evidence: "Let's wash them," says Fatim; the women "cut bags into strips and roll them into spools of plastic thread... they teach themselves how to crochet" (OCR lines 1937–2016). *Others off-text.*

Q12 RI.3.3

D

Evidence: "One woman lays dalasi coins on the table. She chooses a purse... Then two. Then ten. Soon everyone wants one!" (OCR lines 2111–2117). *Others off-text.*

Q13 RI.3.1

B

Evidence: the women sell the purses for dalasi coins, turning trash into income for the village (OCR lines 2111–2117; SoT theme). *Others off-text.*

Q14 RI.3.6

C

Author's Craft: SoT — the author uses the word *mbuba* "to show an example of Isatou's native language" (OCR lines 1630–1632). *Others off-text.*

Q15 RI.3.8

A

Support: Isatou's idea spreads — "Soon everyone wants one!" — and the recycling cleans the village (OCR lines 2111–2117; SoT theme). *Others are true but off-point.*

Q16 RI.3.2 TRAP

D

Main Idea: one person's persistence and a recycling idea can change a whole community (SoT theme). **Trap:** A/B/C are stray details.

Selection 3 · Energy Island

NARRATIVE NONFICTION · 8 ITEMS

Q17 RI.3.2

A

Evidence: the islanders of Samsø work together to become independent of nonrenewable energy using wind, solar, and biomass (OCR lines 2599–2600, 3456–3460). *Others off-topic.*

Q18 RI.3.3

B

Evidence: "The Danish Ministry of Environment and Energy chose Samsø as the ideal place in Denmark to become independent of nonrenewable energy" (OCR lines 2720–2724). *Others off-text.*

Q19 RI.3.3

D

Evidence: teacher Søren Hermansen rallied skeptics: "We just need to work together and think big" (OCR lines 3075–3077); he worked tirelessly for years. *Others off-text.*

Q20 RI.3.3

C

Evidence: during a blackout, only Brian Kjær's house had power — "My turbine works!" — and "after that night, everyone was asking how they could make energy of their own" (OCR lines 3199–3209). *Others off-text.*

Q21 RI.3.5

D

Graphic Features: SoT — "The map shows where in the world Denmark is and where Samsø is... The illustrations show how windy Samsø is" (OCR lines 2651–2655). *Others off-text.*

Q22 RI.3.1

A

Evidence: "Our island is in the middle of Denmark, and it's in the middle of the sea. That's why it's always very windy here!" (OCR lines 2611–2612). *Others off-text.*

Q23 RI.3.8

B

Support: "Samsø may be a small island, but we have made a difference in the world—reducing our carbon emissions by 140 percent in just ten years" (OCR lines 3456–3460). *Others are true but off-point.*

Q24 RI.3.2 TRAP

C

Main Idea: a community working together, sparked by one persistent person, can change how it uses energy (SoT theme). **Trap:** A/B/D are stray details.

Story Structure: SoT — the story is told "through important events," moving forward in time from the cold afternoon to the fiesta (OCR lines 3770–3773). *Others off-text.*

Q32 RL.3.2 TRAP

D

Theme: one welcoming community leader can give immigrants a sense of belonging and keep their culture alive (SoT theme; OCR lines 4759–4762). **Trap:** A/B/C are stray details.

Worksheet C — IB Critical Thinking · Answer Key

5 questions · PYP Key Concepts · DOK 2–4

Q1 Responsibility DOK 3

In **"Farmer Will Allen and the Growing Table,"** show the PROBLEM Will saw, the ACTIONS he took, and the RESULT for his community.

MODEL ANSWER

The Problem: When Will Allen looked at his city, he saw that fresh, healthy food was scarce. Many families, especially children, never ate a ripe tomato or a fresh green bean. Will believed that everyone, everywhere, has a right to good food, so he decided this was a problem he had to fix. **Will's Actions:** Will bought an empty city lot, even though the soil was "dirty" with pollution and nothing would grow. He used food garbage and red wiggler worms to make rich compost and bring the dead soil back to life. He packed greenhouses with vertical rows of plants and added vats of water and fish so he could grow lots of food in a small space. Then he taught teenagers, schoolchildren, parents, and grandparents to be farmers too. **The Result:** Will's "table" grew until it held thousands of pounds of food. Neighbors came to buy fresh vegetables, fish, and eggs, and Will traveled across the United States and the world teaching others to grow their own food. **How responsibility helped:** Will did not wait for someone else to fix the problem. By taking responsibility, one person proved that a city can grow good food and showed a whole community how to feed itself.

KEYWORDS (3)

problem = good food was scarce | action = compost, greenhouses, teach others | result = a city learns to feed itself

SCORING NOTES

- Full credit (3): problem + actions + result + how taking responsibility made a difference.
- Partial (2): problem and actions named but no result.
- Minimal (1): only "he was a farmer" with no problem or result.

TEACHING STEPS

Step 1 · Three boxes in order.

강사: *"Label three boxes: Problem, Action, Result. What goes in each?"*

코멘트. 상자 세 칸 — 문제·행동·결과. 각 칸에 들어갈 내용 적기.

Step 2 · One action.

강사: *"Underline one thing Will did to fix the problem."*

코멘트. 윌이 문제를 풀기 위해 한 일 하나에 밑줄.

Step 3 · Responsibility sentence.

강사: *"Finish: 'Will took responsibility by ____.'"*

코멘트. 문장 완성 — '윌은 ____함으로써 책임을 다했다.'

STUDENT PROMPTS

- "Why didn't Will just buy food from somewhere else?"

윌은 왜 그냥 다른 곳에서 음식을 사 오지 않았을까?

- "How did teaching others make the difference bigger?"
  다른 사람을 가르친 것이 변화를 어떻게 더 크게 만들었을까?
- "What problem in your community would you want to fix?"
  너희 동네에서 고치고 싶은 문제는 무엇이니?

DIFFERENTIATION

STRUGGLING Put 3 cards (no good food / built a city farm / taught others) in order.

COMMON MISCONCEPTIONS

PITFALL "Will grew food just for himself." No — he taught the whole community to farm so many people could eat.
윌이 자기 먹으려고만 기른 게 아님 — 온 동네에 농사를 가르쳐 많은 사람을 먹임.

PITFALL "The soil was always good." No — it was full of pollution, and Will had to rebuild it with compost.
흙이 처음부터 좋았던 게 아님 — 오염된 흙을 퇴비로 되살림.

LEARNER PROFILE LINK

PRINCIPLED Believing everyone has a right to good food, and acting on it, is being principled.
모두가 좋은 음식을 누릴 권리가 있다고 믿고 행동 — Principled.

CARING Feeding a whole community shows caring.
온 동네를 먹이는 것 — Caring.

KOREAN BRIDGE

표현 "One person can take responsibility and change a community." → "한 사람이 책임을 지고 공동체를 바꿀 수 있다."

단어 "scarce / 부족한 — compost / 퇴비 — greenhouse / 온실 — community / 공동체"
핵심 단어 영-한.

Q2 Change DOK 3

In **"One Plastic Bag,"** trace THREE steps in how Isatou's village changed, then explain how one person started it.

MODEL ANSWER

Step 1 · The Problem: In Isatou's village of Njau, used plastic bags piled up everywhere as ugly trash. The bags bred mosquitoes, and worst of all, goats ate them and died. The plastic was making the village dirty and hurting the animals. **Step 2 · The Idea:** Isatou would not ignore the problem. She and her friends washed the dirty bags, cut them into strips, and rolled the strips into spools of plastic thread. Then they taught themselves to crochet the thread into purses. They turned trash into something useful. **Step 3 · The Change:** At first people thought the purses were strange. But one woman bought one, then two, then ten — soon everyone wanted one. The women earned money from the purses, and the village grew cleaner because the bags were collected instead of thrown away. **How one person started it:** Isatou did not have money or power, just a good idea and the courage to keep trying. Because one person was persistent, a whole community changed the way it handled its trash and made the village healthier.

KEYWORDS (3)

problem = plastic trash kills goats | idea = wash, cut, crochet into purses | change = clean village + income

SCORING NOTES

- Full credit (3): all three steps (problem → idea → change) + how one person started it.
- Partial (2): three steps named but no explanation of Isatou's role.
- Minimal (1): only "she made purses" with no problem or change.

TEACHING STEPS

Step 1 · Three boxes.

강사: *"Label three boxes: Problem, Idea, Change. What goes in each?"*

코멘트. 상자 세 칸 — 문제·아이디어·변화. 각 칸 채우기.

Step 2 · Trash into treasure.

강사: *"Write how the women turned plastic bags into something useful."*

코멘트. 여인들이 비닐봉지를 어떻게 쓸모 있는 것으로 바꿨는지 적기.

Step 3 · Change sentence.

강사: *"Finish: 'One person, Isatou, changed her village by ____.'"*

코멘트. 문장 완성 — '한 사람 이사투는 ____함으로써 마을을 바꿨다.'

STUDENT PROMPTS

- "Why was it hard at first to get people to buy the purses?"
  처음에 사람들이 가방을 사게 하는 게 왜 어려웠을까?
- "How did selling purses help the village two ways?"
  가방을 파는 일이 마을을 어떻게 두 가지로 도왔을까?
- "What could you make from something people throw away?"

사람들이 버리는 것으로 무엇을 만들 수 있을까?

DIFFERENTIATION

STRUGGLING Match 3 cards (trash piles up / make purses / village is cleaner) in order.

카드 3장 — 쓰레기·가방 제작·깨끗한 마을 순서 배열.

ADVANCED Compare how the village changed its mind to how Samsø changed its mind in Energy Island.

마을의 마음 변화를 Energy Island의 삼쇠 변화와 비교.

COMMON MISCONCEPTIONS

PITFALL "Isatou changed the village all by herself in one day." It took friends and a lot of time before everyone joined.

이사투가 하루 만에 혼자 바꾼 게 아님 — 친구들과 오랜 시간이 걸림.

PITFALL "The purses were just for decoration." They cleaned up trash AND earned money.

가방이 장식만 위한 게 아님 — 쓰레기도 치우고 돈도 벌었음.

Q3 Connection DOK 3

In **"Energy Island,"** show how ONE person and the WHOLE community each helped, and what they achieved together.

MODEL ANSWER

One Person: A teacher named Søren Hermansen was chosen to lead the project to make Samsø independent of nonrenewable energy. For years he patiently talked to his neighbors, telling them, "There's energy all around us! We just need to work together and think big." He never gave up, even when people were unsure. Another islander, the electrician Brian Kjær, "thought small" and put up one secondhand wind turbine by his house. **The Whole Community:** At first many islanders doubted the plan. But after a winter blackout, when Brian's turbine kept his lights on, everyone wanted energy of their own. Families put solar panels on their farms, some neighbors built big wind turbines, and the islanders worked together to use the wind all around them. **What they achieved:** By connecting and working together, Samsø reduced its carbon emissions by 140 percent in just ten years and became famous as "Energy Island." **Why not alone:** One person could spark the idea, but it took the whole community connecting and helping each other to change a whole island's energy. No single person could power the island alone.

KEYWORDS (3)

one person = Søren leads, won't give up

community = turbines + solar together

together = "Energy Island," cleaner air

SCORING NOTES

- Full credit (3): one person's role + the community's role + what they achieved together + why they could not do it alone.
- Partial (2): one person and community named but no shared result.
- Minimal (1): only "they made energy" with no connection idea.

TEACHING STEPS

Step 1 · Two columns.

강사: *"Make two columns: One Person / The Whole Community. Who did what?"*

코멘트. 두 칸 — 한 사람 / 공동체 전체. 각자 무엇을 했나?

Step 2 · The turning point.

강사: *"Underline the night that made everyone want their own energy."*

코멘트. 모두가 자기 에너지를 원하게 만든 그 밤에 밑줄.

Step 3 · Together sentence.

강사: *"Finish: 'By working together, the island ____.'"*

코멘트. 문장 완성 — '함께 일함으로써, 섬은 ____했다.'

STUDENT PROMPTS

- "Why did the islanders change their minds after the blackout?"
  정전 후에 섬 사람들은 왜 마음을 바꿨을까?
- "Could one person power the whole island alone? Why not?"

한 사람이 섬 전체에 전기를 댈 수 있을까? 왜 안 될까?

- "When has your class done something big by working together?"
  너희 반이 함께 힘을 모아 큰일을 한 적은 언제니?

DIFFERENTIATION

STRUGGLING Sort 4 cards (Søren / Brian / the families / "Energy Island") into one-person or community.
카드 4장을 한 사람·공동체로 분류.

ADVANCED Explain how "thinking small" and "thinking big" both helped the island.
'작게 생각하기'와 '크게 생각하기'가 섬을 어떻게 도왔는지 설명.

COMMON MISCONCEPTIONS

PITFALL "Søren built everything himself." No — he convinced others; the whole community built the turbines and panels.
쇠렌이 다 혼자 만든 게 아님 — 그는 설득했고, 공동체가 함께 만듦.

PITFALL "The island changed in one day." It took years of talking before the community joined.

Q4 Responsibility / Community DOK 3

Compare HOW **Will Allen** in Farmer Will Allen and the Growing Table and the islanders in **Energy Island** each helped their community.

MODEL ANSWER

Will Allen · A City Farm: Will Allen made a difference mostly as one strong leader. He saw that good food was scarce, bought a city lot, rebuilt the dead soil with compost, and grew food in greenhouses. Then he taught teenagers, families, and people around the world how to farm. One person started the change and led the way. **Samsø · Energy Island:** The islanders of Samsø made a difference by a whole community working together. One teacher, Søren Hermansen, sparked the idea, but it took everyone — families putting up solar panels, neighbors building wind turbines — to make the island energy-independent. The change belonged to the whole community. **What each shows:** Farmer Will Allen shows that one determined person can lead a community to a better life. Energy Island shows that a whole community, sparked by one person, can work together to change their world. **So:** Both stories answer the Essential Question. In one, a single leader makes the difference by teaching others; in the other, a whole community makes the difference by connecting. Both prove that people can make a meaningful difference in their community.

KEYWORDS (3)

Will Allen = one leader teaches a city

Samsø = whole community works together

both: people change their community

SCORING NOTES

- Full credit (3): how EACH made a difference (one leader / whole community) + what each shows about making a difference.
- Partial (2): both described but only one "difference" idea.
- Minimal (1): only "both helped people" with no difference between them.

TEACHING STEPS

Step 1 · T-chart.

강사: *"Make a T-chart: Will Allen / Samsø. How did each make a difference?"*

코멘트. T-차트 — 윌 앨런 / 삼쇠. 각자 어떻게 변화를 만들었나?

Step 2 · One leader or many?

강사: *"Mark which one is mostly one leader and which is a whole community."*

코멘트. 주로 한 지도자인 쪽과 공동체 전체인 쪽 표시.

Step 3 · Both sentence.

강사: *"Finish: 'Both made a difference, but one ___ and the other ___.'"*

코멘트. 문장 완성 — '둘 다 변화를 만들었지만, 하나는 ____, 다른 하나는 ____.'

STUDENT PROMPTS

- "Why did Will need to teach others, not just grow food himself?"
  윌은 왜 직접 기르기만 하지 않고 남을 가르쳐야 했을까?
- "Why couldn't one islander power all of Samsø alone?"

왜 섬사람 한 명이 삼쇠 전체에 전기를 댈 수 없었을까?

- "Which way of making a difference feels closer to you?"
  두 방식 중 어느 쪽이 너에게 더 가깝게 느껴지니?

DIFFERENTIATION

STRUGGLING Match 2 cards ("one leader teaches" / "whole community works together") to the right story.
카드 2장을 알맞은 이야기와 매칭.

ADVANCED Add One Plastic Bag as a third example and say which way it fits.
One Plastic Bag를 셋째 예로 추가 — 어느 방식에 맞는지 설명.

COMMON MISCONCEPTIONS

PITFALL "Only a famous leader can make a difference." Ordinary neighbors on Samsø made a difference together.
유명한 지도자만 변화를 만드는 게 아님 — 평범한 이웃들도 함께 변화를 만듦.

PITFALL "The two stories are exactly the same." Both make a difference, but one is led by a single person and one by a whole community.
두 이야기가 똑같은 게 아님 — 한쪽은 한 사람, 한쪽은 공동체.

LEARNER PROFILE LINK

THINKERS Comparing two ways to make a difference is real thinking.
변화를 만드는 두 방식을 비교 — Thinker.

PRINCIPLED Both Will and the islanders did what they believed was right.

Q5 Community / Responsibility DOK 4

Essential Question: How can one person make a meaningful difference in their local or global community? Use ideas from TWO of the selections in this module to answer.

MODEL ANSWER

One person can make a meaningful difference by seeing a problem in their community and taking action to fix it, even when it is hard. In **"Farmer Will Allen and the Growing Table,"** Will Allen saw that fresh, healthy food was scarce in his city. Instead of waiting, he bought a city lot, rebuilt the polluted soil with compost and red wiggler worms, filled greenhouses with food, and then taught teenagers and families to be farmers themselves. One person brought good food to a whole community. In **"One Plastic Bag,"** Isatou Ceesay saw plastic-bag trash piling up and killing the goats in her village. She and her friends washed the bags, cut them into thread, and crocheted them into purses they could sell. Her idea spread until the whole village was cleaner and the women earned money. **My Big Idea:** One person can make a meaningful difference by noticing a problem, taking responsibility, and inviting others to help — the way Will Allen fed his city and Isatou cleaned her village. As Jane Goodall said, "Every individual makes a difference."

KEYWORDS (3)

Will Allen = grows food, teaches a city

Isatou = recycles bags, cleans a village

Big Idea: see a problem, act, invite others

SCORING NOTES

- Full credit (4): two selections named + how each person made a difference + WHY it matters + a Big Idea answering the EQ.
- Partial (3): two selections + actions + Big Idea weak.
- Developing (2): one selection only.
- Minimal (1): generic ("people help") without naming a person from a selection.

SYNTHESIS FRAME

SELECTION 1 DIFFERENCE

Name how the person (or community) made a difference: Farmer Will Allen = built a city farm and taught others; One Plastic Bag = recycled bags into purses; Energy Island = whole community made clean energy; The Storyteller's Candle = a librarian welcomed immigrants.

CONNECTING WORD

BOTH / AND — joins two ways of making a difference (feeding a city and cleaning a village, leading and welcoming) into one Big Idea about how a person changes a community.

SELECTION 2 DIFFERENCE

A difference from a DIFFERENT selection than Selection 1 — so the two show two ways one person can change a community.

REAL-WORLD CONNECTION

KOREA 우리 주변에도 변화를 만드는 사람이 있다 — 동네 분리수거를 챙기는 이웃, 골목을 쓸어 주는 어르신, 책을 기부하는 학생처럼. 윌 앨런의 도시 농장, 이사투의 재활용처럼 한 사람의 행동이 동네를 바꾼다.

내가 본 '동네를 바꾼 한 사람'을 떠올리기.

PERSONAL What is one small problem you could help fix in your school or town?

너희 학교나 동네에서 네가 도와 고칠 수 있는 작은 문제 하나는 무엇이니?

RUBRIC

LEVEL	WHAT IT LOOKS LIKE
Exceeding (4)	Names 2 selections + how each person made a difference (saw a problem, took action, invited others) + WHY it matters + a Big Idea answering the EQ.
Meeting (3)	Names 2 selections + how each made a difference + a Big Idea.
Approaching (2)	Names 2 selections but only retells the plot — no difference named.
Beginning (1)	Generic ("people are nice") without text evidence.

Watch out: Many G3 students will just retell what happened (Will grows food; Isatou makes purses) and stop. Push them to name the DIFFERENCE the person made for the community — feeding a whole city (Will Allen), cleaning a village and earning money (Isatou), powering an island together (Energy Island), welcoming immigrants (The Storyteller's Candle) — and to say WHY it matters. The full EQ asks HOW one person makes a meaningful difference, not just what happens in the story.

TEACHING STEPS

Step 1 · Two selection cards.

강사: *"Pick 2 selections. For each, write the difference the person made."*

코멘트. 선택지 둘 — 각자 그 사람이 만든 '변화' 적기.

Step 2 · Why it matters.

강사: *"Under each, write WHY that difference mattered to the community."*

코멘트. 각각 아래 — 그 변화가 공동체에 왜 중요했는지.

Step 3 · Big Idea sentence.

강사: *"Write one sentence answering the EQ. Use both selections."*

코멘트. EQ에 답하는 한 문장 — 두 선택지 모두 사용.

STUDENT PROMPTS

- "Can feeding a city and cleaning a village both make a difference?"
  도시를 먹이는 일과 마을을 청소하는 일, 둘 다 변화를 만들 수 있을까?
- "Which person's difference surprised YOU the most?"
  어느 사람의 변화가 너에게 가장 놀라웠니?
- "Why does it help to invite other people to join you?"
  다른 사람을 함께하자고 부르는 것이 왜 도움이 될까?

DIFFERENTIATION

STRUGGLING Sentence frame: "In ___, ___ made a difference by ___. In ___, ___ made a difference by ___. Both show that one person can ___."

3단 문장 골격.

ADVANCED Use THREE selections and sort them by HOW the person made a difference (grow food / recycle / work together / welcome).

선택지 셋 사용 — 변화 방식별 분류(식량·재활용·협력·환대).

COMMON MISCONCEPTIONS

PITFALL "Only rich or famous people can make a difference." Will Allen and Isatou started with very little — just an idea and hard work.

부자나 유명인만 변화를 만드는 게 아님 — 윌과 이사투는 아이디어와 노력으로 시작.

PITFALL "Retelling the plot answers the EQ." The EQ asks HOW one person makes a difference, not just what happens.

줄거리 요약은 EQ 답이 아님 — 한 사람이 '어떻게' 변화를 만드는지 물음.

LEARNER PROFILE LINK

THINKERS Synthesizing two selections into one Big Idea about community is the heart of critical thinking.

두 선택지를 한 Big Idea로 종합 — Thinker.

CARING Explaining how one person helps a whole community shows you value caring.
