Module Overview

Essential Question: What can we do to make more healthful food choices?
Quote: "You are what you eat." — American saying
Big Idea Words (4): nutrition, digest, sustainable, compost
Main Selections (workbook 4):

- Eco-Friendly Food · Cath Senker · Informational Text
- Kids Rock Nutrition in the Kitchen · from Nutrition.gov · Cooking Video
- Bug Bites · Informational Text (no byline in source)
- Now You're Cooking! · René Saldaña, Jr. (illus. Jonathan Allardyce) · Realistic Fiction / Recipe

Note. The SoT lists 24 core vocabulary items on Worksheet A (4 Big Idea + 7 Eco-Friendly Food + 2 Kids Rock Nutrition + 4 Bug Bites + 7 Now You're Cooking!), in myBook appearance order. This G4 Teacher's Guide labels each selection's panel "Critical Vocabulary" — the string "Power Words" does not appear in the source. The teacher "Words for Using Context Clues" / "Words for Using Multiple-Meaning Words" strategy boxes (organic, leaches, arthropods, squeamish, right, left) and inline LANGUAGE notes (measures up, anchor, the idiom "now you're cooking") are NOT counted as core vocabulary. "To Your Health!" is the Informational Big-Idea Short Read (no Critical Vocabulary panel) and carries the 4 Big Idea Words; it is excluded from the per-selection workbook units.

Answer Distribution (76 Multiple-Choice Items)

Verified counts across Worksheets A (24), B (32), and D (20). Worksheet C is open-response IB and not counted in MCQ balance.

A · 19 · B · 19 · C · 19 · D · 19

These four totals are the count of correct-answer LETTERS (A/B/C/D) across all 76 multiple-choice items — exactly 19 are "A", 19 are "B", 19 are "C", and 19 are "D". Within each worksheet the split is even: Worksheet A = 6/6/6/6, Worksheet B = 8/8/8/8, Worksheet D = 5/5/5/5. Balance is achieved via choice-order rotation only; correct-answer meanings and option texts are preserved from the Source of Truth. All 24 SoT vocabulary words are covered on Worksheet A in myBook appearance order (Big Idea → Eco-Friendly Food → Kids Rock Nutrition → Bug Bites → Now You're Cooking!).

Voca Trap Items (Worksheet A)

7 of 24 = 29%, all flagged below. Trap pattern: opposite-meaning / wrong-field baits drawn from the natural meaning field of each word — no hallucination.

- Q3 **sustainable** — opposite bait ("runs out quickly," "harms the environment") vs. "can stay at a certain level and not cause harm to the environment"
- Q6 **disposable** — opposite bait ("used again and again for years," "too valuable to ever use") vs. "meant to be thrown away once it has been used"
- Q11 **intensive** — opposite / wrong-field bait ("almost no effort," "very small and light") vs. "uses a lot of effort to complete a task"
- Q12 **adventurous** — opposite bait ("afraid to leave home," "refuses to taste anything new") vs. "tries to do new things"
- Q16 **forbidden** — opposite bait ("welcomed and encouraged," "served at every meal") vs. "not allowed or accepted"
- Q19 **astounded** — opposite bait ("completely bored," "not at all surprised") vs. "completely surprised by something"
- Q23 **crestfallen** — opposite bait ("cheerful and excited," "proud and confident") vs. "sad and discouraged"

Reading Trap Items (Worksheet B)

1 of 32 = 3%, flagged below. Trap pattern for Section B: theme / lesson bait (a true detail mistaken for the central lesson) with length-balanced correct answers so a longest-option-wins guess fails. Distractors built from the SoT only — no hallucination. Three of the four anchors are INFORMATIONAL (RI) — Eco-Friendly Food, the Kids Rock

Nutrition video, and Bug Bites — and the fourth, Now You're Cooking!, is LITERARY (RL). Codes used are RI.4.1 / .2 / .3 / .5 / .6 / .8 and RL.4.1 / .2 / .3 / .5 / .6. **RI.4.4, RI.4.7, and RL.4.7 are NOT used**, and there are no "from the text" snippet boxes. The single Section B theme trap is reserved for the one literary selection, where a stated theme exists.

- Q32 **Now You're Cooking! theme** — "Martina's friend is named Avani," "the cook-off is held in the spring," "Joey's mother owns a restaurant" are true details, baited against the real lesson: believe in yourself and draw on what makes you unique — doing your best and being gracious matter more than winning

The three informational selections are tested with central-idea, key-detail, text-structure, author's-purpose, and argument-and-evidence (RI.4.8) items rather than theme traps, because informational texts state central ideas, not story morals. This keeps every Section B distractor grounded in the Source of Truth.

Source-of-Truth Verification

Into Reading · Grade 4 · Module 8 · For Teacher Use

VERIFIED

How Every Item Is Grounded

Every item on this Answer Key traces to the Source-of-Truth JSON for G4 Module 8, built from the Teaching Pal OCR (4,453 lines, 33 spread-pages incl. glossary) and verified against the PDF intro spreads (every Critical Vocabulary panel was read from a high-resolution crop, and each panel's rounded bottom corner was confirmed so no words are cut off). No characters, words, or events outside the Source of Truth were added.

- **Vocabulary (Worksheet A):** all 24 words come from the module's Big Idea Words (4: nutrition, digest, sustainable, compost) and the four "Critical Vocabulary" panels — Eco-Friendly Food 7, Kids Rock Nutrition (video) 2, Bug Bites 4, Now You're Cooking! 7. Each meaning is checked against the myBook inline footnote definition and the back-of-book Glossary (OCR lines 3370–4452), which contains every one of the 24 words. The teacher strategy boxes (organic, leaches, arthropods, squeamish, right, left) and craft notes (measures up, anchor) are deliberately NOT counted as core vocabulary.
- **Terminology:** this G4 Teacher's Guide labels each panel "Critical Vocabulary," not "Power Words" — the workbook uses that exact label, matching the source.
- **Reading (Worksheet B):** the 32 items use RI.4 codes for the three informational anchors (Eco-Friendly Food, the Kids Rock Nutrition video, Bug Bites) and RL.4 codes for the one realistic-fiction anchor (Now You're Cooking!). Each correct answer is grounded in the Source of Truth; distractors are SoT-anchored, never invented. RI.4.4, RI.4.7, and RL.4.7 are not used, and there are no "from the text" snippet boxes.
- **Genre & credits:** Eco-Friendly Food = Informational Text (by Cath Senker); Kids Rock Nutrition in the Kitchen = Cooking Video (from Nutrition.gov; no individual author; the 2 Critical Vocabulary words adventurous and unique are introduced via the Prepare-to-View "Listen for..." cue); Bug Bites = Informational Text (no author byline — the quoted "Eat-a-Bug Cookbook" author David George Gordon is a SOURCE inside the article, not the selection's author); Now You're Cooking! = Realistic Fiction / Recipe (by René Saldaña, Jr., illus. Jonathan Allardyce; Martina Deanda, her friend Avani, Joey Cardenas, Mrs. Cardenas, emcee Mr. Jack Jackson, and her grandfather abuelito Servando are the characters; ends with the recipe "Bolillo Boats").
- **IB (Worksheet C):** the PYP concepts — Responsibility, Connection, Perspective, Change, Inquiry — follow the Source-of-Truth themes of this module. The Essential Question text on Q5 matches the workbook word for word. Korean teacher guidance appears in Section C only; Sections A, B, and D are in English.
- **MAP (Worksheet D):** four NEW passages (179 / 185 / 194 / 204 words), RIT 200→220, Lexile 500L–800L. None recall the four anchor selections; each is a different food/nutrition text (a Three Sisters garden text, a no-waste lunchbox story, a how-honey-is-made explanation, and a grow-your-own-greens story).
- **Answer balance:** 76 multiple-choice items distribute as 19 "A" / 19 "B" / 19 "C" / 19 "D"; every meaning is preserved from the Source of Truth.

MAP Mini-Passage Word Counts (Worksheet D)

- Passage 1 · The Three Sisters Garden · **179 words** · Lexile 500–560L · RIT 200–206
- Passage 2 · The Lunchbox Letter · **185 words** · Lexile 560–620L · RIT 206–211
- Passage 3 · How Honey Is Made · **194 words** · Lexile 620–700L · RIT 211–216
- Passage 4 · The Boy Who Would Not Eat His Greens · **204 words** · Lexile 700–800L · RIT 216–220

Word counts match the workbook passage meta exactly. All four within target band 150–220 words; RIT 200→220; Lexile 500L–800L. Each passage connects to the module's food-and-nutrition topic. Passages are NEW — no recall of the four anchor selections.

What This Module Does NOT Contain (Guardrails)

- No "Power Words" label — the G4 source says "Critical Vocabulary."
- No Worksheet E — this workbook series uses four worksheets (A · B · C · D).
- The module quote is "You are what you eat." attributed to an AMERICAN SAYING and is the EPIGRAPH only — it is NOT a story author.
- "To Your Health!" is the Informational Big-Idea Short Read (no Critical Vocabulary panel) and is excluded from the per-selection units; it carries the 4 Big Idea Words instead. Its author is unverified — no byline in the source.
- Critical Vocabulary counts are 7 / 2 / 4 / 7 = 20, not evened out. Big Idea (4) + Critical (20) = 24 total. The Kids Rock Nutrition video genuinely has only 2 (adventurous, unique); Eco-Friendly Food and Now You're Cooking! genuinely have 7 each.
- "Kids Rock Nutrition in the Kitchen" is a graded Cooking Video (from Nutrition.gov), distinct from the module-opener "Get Curious" video "Cupcake vs. Apple," which is not a graded selection. Do not merge them.
- "Now You're Cooking!" is REALISTIC FICTION/RECIPE — it ends with a real recipe ("Bolillo Boats"); the recipe is part of the selection, not a separate selection.
- The topic strand is "SCIENCE CONNECTION: Food and Nutrition." The previous module, M7 "Tricksters and Tall Tales" (SOCIAL STUDIES CONNECTION), is out of scope and not mixed in.
- Performance Task = "Write an Opinion Essay" (why people should make healthful food choices).

Worksheet A — Vocabulary · Answer Key

24 items · CCSS L.4.4 / L.4.5 / L.4.6

BIG IDEA WORDS

Q1 — L.4.6

nutrition

C

Meaning: if you have good nutrition, you eat the right foods to help you stay healthy and grow. **Source:** SoT Big Idea Word — Vocabulary Card 8.1; Glossary. *Distractors A/B/D bait the food-and-health field (eat only the sweetest foods / skip meals / exercise but eat little).*

Q2 — L.4.6

digest

A

Meaning: when you digest food, it moves through your body and breaks down so you can use it. **Source:** SoT Big Idea Word 8.2; "your body can digest, or break down" (OCR 284–286). *Distractors B/C/D bait the opposite of breaking down (stays whole / grows larger / turns back into the food).*

Q3 — L.4.6 — TRAP

sustainable

C

Meaning: a sustainable resource can stay at a certain level and not cause harm to the environment. **Source:** SoT Big Idea Word 8.3; Glossary. **Trap:** A/B bait the opposite (runs out / harms the environment); D baits a wrong field.

Q4 — L.4.6

compost

D

Meaning: compost is decayed plant waste that can be used to fertilize soil. **Source:** SoT Big Idea Word 8.4; "Some people compost bits of unused fruits, vegetables" (OCR 295–298). *Distractors A/B/C bait other garden things (seeds / fresh water / pulled weeds).*

CRITICAL VOCABULARY · ECO-FRIENDLY FOOD

Q5 — L.4.4

assess

A

Evidence: SoT — "If you assess something, you think about it carefully and judge it" (OCR 602, 3529). Body: "First, assess yourself!" *Distractors B/C/D bait the opposite of careful judging (accept at once / copy someone else's decision / guess quickly).*

Q6 — L.4.5 — TRAP

disposable

B

Evidence: SoT — "If something is disposable, it is meant to be thrown away once it has been used" (OCR 603, 3727). **Trap:** A baits the opposite (used again for years); D baits "too valuable to use."

Q7 — L.4.4

convenient

A

Evidence: SoT — "If something is convenient, it is handy and useful" (OCR 745, 3647). Body: "Pre-packaged organic meals ... are convenient." *Distractors B/C/D give dirty / hard to find / heavy.*

Q8 — L.4.4

transported

A

Evidence: SoT — "If something is transported, it is taken from one place to another" (OCR 747, 4398). Body: "packaged, transported, and often chilled." *Distractors B/C/D bait the opposite of moving (kept in one place / left to sit / sent back to the start).*

Q9 L.4.4

hydrated

C

Evidence: SoT — "Something that is hydrated has taken in plenty of water" (OCR 784, 3900). Body: "stay hydrated and healthy." *Distractors A/B/D bait the opposite (dried in the sun / dried out and water lost / heated until dry).*

Q10 L.4.4

impact

B

Evidence: SoT — "Impact is the effect that one thing has on something else" (OCR 786, 3922); the "Eco Impact" sidebar. *Distractors A/C/D bait cause-vs-effect confusion (the reason it begins / a plan made first / a choice that changes nothing).*

Q11 L.4.5 TRAP

intensive

C

Evidence: SoT — "Something that is intensive uses a lot of effort to complete a task" (OCR 1089, 3959). Body: "less energy-intensive methods." **Trap:** A baits the opposite (almost no effort); B/D bait wrong fields (small / once a year).

Q12 L.4.5 TRAP

adventurous

D

Evidence: SoT — "Someone who is adventurous tries to do new things" (OCR 1425, 3493); "be adventurous and try different vegetables." **Trap:** A/B/C bait the opposite (afraid / same food / refuses new things).

CRITICAL VOCABULARY · KIDS ROCK NUTRITION IN THE KITCHEN

Q13 L.4.4

unique

B

Evidence: SoT — "Something that is unique is different or one of a kind" (OCR 1427, 4429); the video's Critical Vocabulary ("Listen for ... adventurous and unique"). *Distractors A/C/D bait the opposite (the same as the rest / common everywhere / just like a copy).*

CRITICAL VOCABULARY · BUG BITES

Q14 L.4.4

pests

A

Evidence: SoT — "Pests are insects or small animals that harm crops or annoy people" (OCR 1770, 4129). Body: "Bugs aren't just pests." *Distractors B/C/D bait the insect-and-animal field but reverse the meaning (helpful insects / tame pets / tiny seeds).*

Q15 L.4.4

edible

B

Evidence: SoT — "If something is edible, it is safe for people to eat" (OCR 1804, 3755). Body: "lots of other bugs are edible, too." *Distractors A/C/D bait the opposite of safe-to-eat (not safe to swallow / poisonous / spoiled).*

Q16 L.4.5 TRAP

forbidden

D

Evidence: SoT — "If something is forbidden, it is not allowed or accepted" (OCR 1974, 3846). Body: "Other parts of the world also have forbidden foods." **Trap:** A/B/C bait the opposite (welcomed / served at every meal / most popular).

Q17 L.4.4

attitudes

B

Evidence: SoT — "Your attitudes are the ways you think and feel about something" (OCR 2096, 3557). Body: "Attitudes about bugs are already changing." *Distractors A/C/D bait near-but-wrong inner traits (memorized facts / habits / practiced skills).*

CRITICAL VOCABULARY · NOW YOU'RE COOKING!

Q18 L.4.4

react

D

Evidence: SoT — "When you react to something, you act in a way that shows you are aware of it" (OCR 2444, 4187). Body: "When Martina didn't react..." *Distractors A/B/C bait the opposite of responding (ignore it / plan it long before / forget it at once).*

Q19 L.4.5 TRAP

astounded

C

Evidence: SoT — "If you are astounded by something, you are completely surprised by it" (OCR 2555, 3551). Body: "astounded that she'd made it to the finals." **Trap:** A/B/D bait the opposite (bored / sleepy / not surprised).

Q20 L.4.4

luscious

A

Evidence: SoT — "A food that is luscious is tasty and often juicy" (OCR 2556, 4014). *Distractors B/C/D bait the opposite taste (dry and flavorless / old and spoiled / burnt and hard to chew).*

Q21 L.4.4

culinary

D

Evidence: SoT — "Something that is culinary is connected to cooking" (OCR 2578, 3679). *Distractors A/B/C name other restaurant work, not cooking (farming / cleaning / serving tables).*

Q22 L.4.4

offense

B

Evidence: SoT — "An offense is something that makes you feel hurt, annoyed, or insulted" (OCR 2686–2687, 4050). Body: "'No offense.'" *Distractors A/C/D bait the opposite, pleasant feeling (a kind word / a polite thank-you / a funny joke).*

Q23 L.4.5 TRAP

crestfallen

C

Evidence: SoT — "If you are crestfallen, you are sad and discouraged" (OCR 2842, 3673). Body: "she wasn't crestfallen." **Trap:** A/B/D bait the opposite (cheerful / proud / wide awake).

Q24 L.4.4

opted

D

Evidence: SoT — "If you opted for something, you chose it" (OCR 2843, 4080). Body: "opted for olive oil instead of butter." *Distractors give refused / threw away / forgot.*

Worksheet B — Reading Comprehension · Answer Key

32 items · CCSS RI.4.1 / .2 / .3 / .5 / .6 / .8 · RL.4.1 / .2 / .3 / .5 / .6

Selection 1 · Eco-Friendly Food

INFORMATIONAL TEXT · 8 ITEMS

Q1 RI.4.2

B

Central Idea/Gist: simple food and drink choices that are better for you and the environment (SoT key text, OCR 565–568, 1083–1087). *Others pick a stray detail.*

Q2 RI.4.3

B

Evidence: "First, assess yourself! Are you wasteful or waste-aware?" (OCR 567–568). *Others off-text.*

Q3 RI.4.8

C

Argument/Evidence: pre-packaged meals are "packaged, transported, and often chilled," which uses energy and creates waste (OCR 724–726, 741–742). *Others are not reasons given.*

Q4 RI.4.3

D

Evidence: "About 50 percent of bottled water is actually tap water... Bottled water costs 100 times as much as tap water!" (OCR 801–820). *Others off-text.*

Q5 RI.4.3

D

Evidence: "a cheap and easy way to grow food at school... Cylinder gardening uses containers that can be placed almost anywhere" (OCR 924–927). *Others off-text.*

Q6 RI.4.5

B

Text Structure: SoT GENRE STUDY — science texts may include directions "organized as a series of numbered steps" (OCR 421–434); the "Make a Cylinder Garden" how-to shows the reader the order of the project. *Others name the wrong purpose.*

Q7 RI.4.6

D

Author's Purpose: SoT — TARGETED CLOSE READ focus is Author's Purpose; the author informs readers about choices that make food healthier and better for the environment. *Others off-purpose.*

Q8 RI.4.2

A

Central Idea: small, everyday choices make food healthier, cheaper, and better for the environment (SoT theme; "Being Green: Summing Up," OCR 1083–1087). *A/C/D overstate a single detail.*

Selection 2 · Kids Rock Nutrition in the Kitchen

COOKING VIDEO · 8 ITEMS

Q9 RI.4.2

D

Central Idea/Gist: how to prepare tasty, nutritious meals and make healthful food choices (SoT theme; OCR 1283–1296). *Others off-topic.*

Q10 RI.4.3

B

Evidence: "What recipes are being prepared in the video? (chicken pockets, fish pockets, and fruit parfaits)" (OCR 1359–1361). *Others off-text.*

Q11 RI.4.3

C

Evidence: "Chicken needs to bake for about 20 minutes to reach 165 degrees F" (OCR 1394–1397). *Others off-text.*

Q12 RI.4.6

C

Media Technique: SoT — "A narrator introduces the ingredients... explains and shows viewers the steps" (OCR 1283–1296). *Others misread the narrator's job.*

Q13 RI.4.5

C

Media Technique: SoT — "Recipe videos might include text on the screen to show ingredients and describe the steps for cooking" (OCR 1286–1296). *Others off-text.*

Q14 RI.4.3

D

Evidence: the teacher note to "be adventurous and try different vegetables when you want a change" (OCR 1386–1387). *Others off-text.*

Q15 RI.4.2

A

Central Idea: kids can help prepare healthful, tasty meals in the kitchen (SoT theme — students help the dietitian make the recipes). *A/B/C contradict the video.*

Q16 RI.4.6

A

Author's/Source's Purpose: from Nutrition.gov — to teach families how to make healthful food choices and prepare nutritious meals (SoT EQ + source credit). *B/C/D off-purpose.*

Selection 3 · Bug Bites

INFORMATIONAL TEXT · 8 ITEMS

Q17 RI.4.2

A

Central Idea/Gist: eating insects around the world and why bugs can be a nutritious food (SoT key text, OCR 1761–1763, 1932–1936). *Others off-topic.*

Q18 RI.4.3

B

Evidence: "Bugs aren't just pests. They're lunch or dinner or a nice afterschool snack" (OCR 1761–1763). *Others off-text.*

Q19 RI.4.8

A

Argument/Evidence: "A pound of grasshoppers has less fat than a pound of beef, and the insects are higher in calcium and iron" (OCR 1932–1936). *Others are not the supporting evidence.*

Q20 RI.4.3

C

Evidence: "Honey is made by bees. Shrimp, crayfish, crabs, and lobsters are all arthropods" (OCR 1946–1949). *Others off-text.*

Q21 RI.4.5

A

Text Feature: SoT — headings such as "Bugs Do a Body Good" and "Future Food" tell the reader what each part will be about (SoT _text_feature_note). *Others misread headings.*

Q22 RI.4.6

C

Author's Craft: the opening joke ("a fly in his soup," OCR 1753–1758) catches interest in a light, humorous way before the facts (SoT humorous voice). *Others misread the purpose.*

Q23 RI.4.3

D

Evidence: "Bugs are even considered a perfect food for long space journeys" (OCR 2086–2091) — because they are nutritious. *Others off-text.*

Q24 RI.4.2

B

Central Idea: insects are a nutritious, sustainable food eaten worldwide, and what counts as food is a matter of taste and culture (SoT theme, OCR 2086–2091). *A/C/D overstate a detail.*

Selection 4 · Now You're Cooking!

REALISTIC FICTION · 8 ITEMS

Q25 RL.4.2

B

Theme/Gist: Martina competes in a cook-off and finds inspiration in her own family's recipe (SoT key text, OCR 2428–2435, 2813–2815). *Others off-topic.*

Q26 RL.4.3

D

Evidence: "she was one of two finalists... her experience in the kitchen had been limited to pouring milk on her cereal" (OCR 2428–2435). *Others off-text.*

Q27 RL.4.3

C

Evidence: Joey's mother owns La Tampiqueña, "the best Mexican restaurant in town," and he learns from its chef (OCR 2532–2533, 2571). *Others off-text.*

Q28 RL.4.3

A

Evidence: "she also had memories of her abuelito Servando teaching her to fix his favorite breakfast" (OCR 2813–2815). *Others off-text.*

Q29 RL.4.3

D

Evidence: "'Congratulations, Joey,' she said. 'You cooked a better meal than mine'" — she loses graciously (OCR 2821–2832). *Others off-text.*

Q30 RL.4.6

A

Point of View: SoT GENRE STUDY — third-person point of view, "the story is told through an outside observer" who uses "she/he" and names (OCR 2299–2316). *Others describe first person or no narrator.*

Q31 RL.4.5

B

Genre: SoT GENRE STUDY — realistic fiction tells a made-up story about "characters who act, think, and speak like real people" (OCR 2299–2316). *Others name the wrong feature.*

Q32 RL.4.2 TRAP

C

Theme: believe in yourself and draw on what makes you unique — doing your best and being gracious matter more than winning (SoT theme). **Trap:** A/B/D are true details, not the lesson.

Worksheet C — IB Critical Thinking · Answer Key

5 questions · PYP Key Concepts · DOK 2–4

Q1 Responsibility DOK 3

In **"Eco-Friendly Food,"** show WHAT problem the author points out, then explain HOW we can make better choices and what it teaches.

MODEL ANSWER

The Problem: The author, Cath Senker, points out that many of our everyday food and drink habits are wasteful and not good for the planet. Packed lunches are full of disposable wrappers and bags. Pre-packaged meals are convenient, but they have to be packaged, transported, and often chilled, which uses a lot of energy. Even bottled water is a problem: about half of it is really just tap water in a plastic bottle, yet it can cost 100 times as much. **A Better Choice:** The author says the first step is to assess yourself — are you wasteful or waste-aware? Then she shows simple changes anyone can make: pack a waste-aware lunch in reusable containers, stay hydrated by drinking tap water instead of bottled water, and grow your own food in an easy cylinder garden at school. **Why It Matters:** These small choices are cheaper, healthier, and better for the environment. The lesson is that we each have a responsibility to make better food choices, and even tiny everyday actions can add up to a big difference. **What this shows:** Taking responsibility for small choices is a real way to help both your body and the planet.

KEYWORDS (3)

problem = wasteful food and drink habits hurt the planet

better choice = reusable lunch, tap water, grow your own food

lesson = we are each responsible for small, everyday choices

SCORING NOTES

- Full credit (3): the problem (waste/energy) + a better choice (reusable lunch, tap water, or cylinder garden) + the lesson about responsibility.
- Partial (2): names a problem or a choice but no clear lesson.
- Minimal (1): only "be eco-friendly" with no problem or lesson.

TEACHING STEPS

Step 1 · Three boxes in order.

강사: *"Label three boxes: The Problem, A Better Choice, Why It Matters."*

코멘트. 상자 세 칸 — 문제·더 나은 선택·왜 중요한가. 각 칸 채우기.

Step 2 · Find one simple change.

강사: *"Underline one small change the author suggests (tap water, reusable lunch, or a cylinder garden)."*

코멘트. 저자가 제안한 작은 변화 하나에 밑줄(수돗물·재사용 도시락·실린더 정원).

Step 3 · Lesson sentence.

강사: *"Finish: 'A small choice like ___ helps because ___.'"*

코멘트. 문장 완성 — '____ 같은 작은 선택이 도움이 되는 이유는 ____이기 때문이다.'

STUDENT PROMPTS

- "Why is bottled water a surprising example?"
  왜 생수가 놀라운 예일까?
- "What does it mean to be 'waste-aware'?"
  'waste-aware(쓰레기를 의식하는)'는 무슨 뜻일까?
- "What small food choice could YOU change tomorrow?"
  너는 내일 어떤 작은 음식 선택을 바꿀 수 있을까?

DIFFERENTIATION

STRUGGLING Match 2 cards ("a plastic water bottle" / "a reusable bottle of tap water") to wasteful and waste-aware.

카드 2장 — '플라스틱 생수병'과 '수돗물 재사용 병'을 낭비·절약과 매칭.

ADVANCED Explain why a convenient choice is not always the eco-friendly choice.

편리한 선택이 늘 친환경 선택은 아닌 이유 설명.

COMMON MISCONCEPTIONS

PITFALL "Organic, pre-packaged food is always best for the planet." Packaging and transport still use energy and create waste.

유기농 포장 식품이 늘 친환경은 아님 — 포장·운반에 에너지와 쓰레기가 듦.

PITFALL "Bottled water is always cleaner than tap water." About half of bottled water is just tap water.

생수가 늘 수돗물보다 깨끗한 건 아님 — 절반은 사실 수돗물.

LEARNER PROFILE LINK

PRINCIPLED Choosing waste-aware habits is doing the right thing for others and the planet.

쓰레기를 줄이는 습관은 모두와 지구를 위한 옳은 행동 — Principled.

CARING Eco-friendly choices show we care about the environment.

친환경 선택은 환경을 아끼는 마음 — Caring.

KOREAN BRIDGE

표현 "Small, everyday choices can help your body and the planet." → "매일의 작은 선택이 몸과 지구를 도울 수 있다."

책임(Responsibility) 핵심 문장.

단어 "disposable / 일회용의 — convenient / 편리한 — hydrated / 수분이 충분한 — sustainable / 지속 가능한"

핵심 단어 영-한.

Q2 Connection DOK 3

In **"Bug Bites,"** show WHAT makes bugs healthful, then explain HOW eating them connects food to the wider world.

MODEL ANSWER

Why Bugs Are Healthful: The article explains that bugs are surprisingly good for you. A pound of grasshoppers has less fat than a pound of beef, and insects are higher in calcium and iron. Many bugs are edible, and around the world people eat crickets, termites, ant tacos, and more — not as pests, but as a real meal or snack. **A Connection:** Eating bugs connects food to the wider world in several ways. Many foods we already eat are "bug-related": honey is made by bees, and shrimp, crayfish, crabs, and lobsters are all arthropods, just like insects. Bugs are also part of the food chain and the environment. **Future Food:** Because they are nutritious, bugs may become an important food in the future — the article notes that astronauts could even breed them in outer space on long journeys. **What this shows:** When we see food as part of a larger system, we understand that a small insect can connect our health, other cultures, and even space travel — and that helps us make more sustainable choices.

KEYWORDS (3)

healthful = more protein, calcium, and iron; less fat than beef

connection = honey, shrimp, crabs are all bug-related

future = a sustainable, nutritious food, even for space

SCORING NOTES

- Full credit (3): why bugs are healthful (nutrition) + a connection (bug-related foods or the environment) + why bugs matter for the future.
- Partial (2): names the nutrition OR a connection, but not both.
- Minimal (1): only "bugs are good to eat" with no connection.

TEACHING STEPS

Step 1 · Three boxes.

강사: *"Fill three boxes: Why Bugs Are Healthful, A Connection, Future Food."*

코멘트. 세 칸 — 벌레가 건강에 좋은 이유·연결고리·미래 식량. 각 칸 채우기.

Step 2 · Compare two foods.

강사: *"Underline the comparison of grasshoppers and beef."*

코멘트. 메뚜기와 소고기를 비교한 부분에 밑줄.

Step 3 · Connection sentence.

강사: *"Finish: 'Bugs are connected to ___ because ___.'"*

코멘트. 문장 완성 — '벌레는 ____와 연결돼 있는데, 그 이유는 ____이다.'

STUDENT PROMPTS

- "How are shrimp and crabs related to insects?"
  새우·게는 곤충과 어떻게 연결될까?
- "Why does the article say bugs could be a good food for astronauts?"
  왜 벌레가 우주비행사에게 좋은 식량이 될 수 있다고 했을까?

- "What foods do you eat that come from an insect?"
  네가 먹는 음식 중 곤충에서 온 것은?

DIFFERENTIATION

STRUGGLING Match 2 cards ("honey from bees" / "shrimp and crabs") to "bug-related foods."

카드 2장 — '벌이 만든 꿀'과 '새우·게'를 '벌레 관련 식품'과 매칭.

ADVANCED Explain why a food being nutritious and easy to breed might make it important in the future.

영양가 높고 기르기 쉬운 식품이 왜 미래에 중요해질 수 있는지 설명.

COMMON MISCONCEPTIONS

PITFALL "Bugs have no food value." A pound of grasshoppers has less fat than beef and more calcium and iron.

벌레가 영양가 없다는 건 오해 — 메뚜기는 소고기보다 지방 적고 칼슘·철분 많음.

PITFALL "Bug Bites is a made-up story." It is informational text with real facts and a humorous voice.

'Bug Bites'는 지어낸 이야기가 아님 — 사실을 담은 정보 글(유머러스한 어조).

LEARNER PROFILE LINK

KNOWLEDGEABLE Connecting bugs, honey, and shrimp builds real understanding of food.

벌레·꿀·새우를 연결하면 음식에 대한 이해가 깊어짐 — Knowledgeable.

OPEN-MINDED Seeing bugs as food asks us to keep an open mind.

벌레를 음식으로 보려면 열린 마음이 필요 — Open-minded.

KOREAN BRIDGE

표현 "Food connects our health, other cultures, and the environment." → "음식은 우리의 건강·다른 문화·환경을 연결한다."

연결(Connection) 핵심 문장.

단어 "pests / 해충 — edible / 먹을 수 있는 — arthropods / 절지동물 — sustainable / 지속 가능한"

핵심 단어 영-한.

Q3 Perspective DOK 3

In **"Bug Bites,"** compare TWO different points of view about eating bugs, then explain the lesson.

MODEL ANSWER

One View of Eating Bugs: In many parts of the world — in Australia, South America, Africa, and Asia — eating bugs is completely normal. People enjoy crickets, termites, ant tacos in Mexico, canned baby bees in Japan, silkworm larvae in Thailand, and grasshoppers in Mozambique. From this point of view, bugs aren't pests at all; they are a tasty, healthful meal or snack. **Another View of Eating Bugs:** To many people in the United States, the idea of eating a bug sounds strange or even gross. The article jokes about a customer who finds a fly in his soup and asks, "Who on earth would want to eat a bug?" From this point of view, bugs are pests, not food. **The Lesson:** The author says that what counts as food is "a matter of taste — and what you've been taught." The same insect can look like dinner to one person and like a pest to another. The lesson is that people from different cultures can see the same food in very different ways, and understanding that helps us respect other points of view. **What this shows:** Looking at a topic from more than one perspective helps us understand the world more fairly.

KEYWORDS (3)

view 1 = in many countries, bugs are a normal, tasty food

view 2 = to some, eating bugs seems strange or gross

lesson = food is a matter of taste and culture

SCORING NOTES

- Full credit (3): both points of view named + the lesson that food depends on taste and culture.
- Partial (2): one view clear, the other vague, or a weak lesson.
- Minimal (1): only "some people eat bugs" with no second view or lesson.

TEACHING STEPS

Step 1 · Two columns.

강사: *"Make two columns: One View / Another View of eating bugs."*

코멘트. 두 칸 — 벌레 먹기에 대한 한 관점 / 다른 관점.

Step 2 · Find the author's line.

강사: *"Underline 'a matter of taste — and what you've been taught.'"*

코멘트. 'a matter of taste(취향의 문제)' 문장에 밑줄.

Step 3 · Lesson sentence.

강사: *"Finish: 'People see the same food differently because ____.'"*

코멘트. 문장 완성 — '사람들이 같은 음식을 다르게 보는 이유는 ____이기 때문이다.'

STUDENT PROMPTS

- "Why might a cricket be a snack in one country and a pest in another?"
  왜 귀뚜라미가 어느 나라에선 간식, 다른 나라에선 해충일까?
- "How do our attitudes about food get 'taught' to us?"
  음식에 대한 태도는 어떻게 '배워지는' 걸까?
- "Is there a food YOU find strange that others love?"

남들은 좋아하는데 너에겐 낯선 음식이 있니?

DIFFERENTIATION

STRUGGLING Match 2 cards ("ant tacos in Mexico" / "a fly in the soup joke") to the two points of view.

카드 2장 — '멕시코의 개미 타코'와 '수프 속 파리 농담'을 두 관점과 매칭.

ADVANCED Explain how "attitudes about bugs are already changing" links to perspective.

'벌레에 대한 태도가 바뀌고 있다'가 관점과 어떻게 연결되는지 설명.

COMMON MISCONCEPTIONS

PITFALL "One view is right and the other is wrong." Both are valid points of view shaped by culture.

한 관점만 옳은 게 아님 — 둘 다 문화가 빚은 타당한 관점.

PITFALL "Only people far away eat bugs." Attitudes in the U.S. are changing too.

먼 나라 사람만 벌레를 먹는 게 아님 — 미국의 태도도 변하는 중.

LEARNER PROFILE LINK

OPEN-MINDED Respecting different food customs is being open-minded.

다른 음식 문화를 존중하는 것 — Open-minded.

THINKERS Comparing two points of view is careful, critical thinking.

두 관점을 비교하는 것은 비판적 사고 — Thinker.

KOREAN BRIDGE

표현 "What counts as food is a matter of taste and culture." → "무엇이 음식인지는 취향과 문화의 문제다."

관점(Perspective) 핵심 문장.

단어 "forbidden / 금지된 — attitudes / 태도 — edible / 먹을 수 있는 — culture / 문화"

핵심 단어 영-한.

Q4 Change DOK 3

In **"Now You're Cooking!,"** show the CHOICE Martina makes, then explain the CHANGE it brings and the lesson it teaches.

MODEL ANSWER

Martina's Choice: Martina Deanda is a finalist in the Spring Cook-Off, but her only cooking experience came from watching TV cooking shows. At first she feels nervous and unsure, because her competitor Joey learned to cook from a real restaurant chef. Then it strikes her: she has more than the TV shows to inspire her. She remembers her grandfather, abuelito Servando, teaching her to fix his favorite breakfast. She chooses to stop copying TV chefs and to cook her own family's healthful recipe instead — and she even opts for olive oil instead of butter. **What Changes:** Making that choice changes how Martina feels. Instead of doubting herself, she cooks with confidence and pride because the dish is truly hers. In the end she does not win the cook-off, but she is not crestfallen. She graciously congratulates Joey, telling him he cooked a better meal. **The Lesson:** One small choice — to believe in herself and use what makes her unique — brings a big change in how she feels. The lesson is that doing your best and being gracious matter more than winning. **What this shows:** A single choice can change the way we feel about ourselves, even when we do not win.

KEYWORDS (3)

choice = cook her grandfather's recipe, not copy TV chefs

change = she feels proud and confident, and loses graciously

lesson = believe in yourself; doing your best beats winning

SCORING NOTES

- Full credit (3): the choice (her own family recipe) + the change (confidence/grace) + the lesson, using the word *change*.
- Partial (2): choice and change clear, but no lesson, or no use of *change*.
- Minimal (1): only "Martina cooks a dish" with no choice or lesson.

TEACHING STEPS

Step 1 · Two columns.

강사: *"Make two columns: Martina's Choice / What Changes."*

코멘트. 두 칸 — 마티나의 선택 / 무엇이 바뀌었나.

Step 2 · Find the turning point.

강사: *"Underline the moment Martina remembers her abuelito Servando."*

코멘트. 마티나가 할아버지(abuelito Servando)를 떠올리는 순간에 밑줄.

Step 3 · Change sentence.

강사: *"Finish: 'Martina's choice changed ___, so ___.'"*

코멘트. 문장 완성 — '마티나의 선택이 ____을 바꿔서 ____.'

STUDENT PROMPTS

- "Why does remembering her grandfather change Martina's plan?"
  왜 할아버지를 떠올린 것이 마티나의 계획을 바꿀까?

- "How does Martina act when she loses?"
  마티나는 졌을 때 어떻게 행동하니?
- "When did a small choice change how YOU felt?"
  작은 선택이 네 기분을 바꾼 적이 있니?

DIFFERENTIATION

STRUGGLING Match 2 cards ("copy a TV chef" / "cook abuelito's recipe") to before and after her choice.
카드 2장 — 'TV 셰프 따라하기'와 '할아버지 레시피 만들기'를 선택 전·후와 매칭.

ADVANCED Explain why losing graciously can be a kind of winning.
우아하게 지는 것이 왜 일종의 승리가 될 수 있는지 설명.

COMMON MISCONCEPTIONS

PITFALL "Martina wins the cook-off." She loses to Joey but is not crestfallen — she is gracious.
마티나는 요리 대회에서 이기지 않음 — 조이에게 졌지만 의기소침하지 않고 의젓함.

PITFALL "The story is a true recipe article." It is realistic fiction that ends with a recipe ("Bolillo Boats").
이 글은 실제 요리 기사가 아님 — 레시피('Bolillo Boats')로 끝나는 사실적 소설.

LEARNER PROFILE LINK

COURAGEOUS Martina takes the risk of cooking her own family dish.
마티나는 자기 가족 요리에 도전하는 용기를 냄 — Courageous.

BALANCED She keeps her balance and stays gracious after losing.
지고 나서도 균형을 잃지 않고 의젓함 — Balanced.

KOREAN BRIDGE

표현 "One small choice can change how you feel about yourself." → "작은 선택 하나가 자신에 대한 마음을 바꿀 수 있다."
변화(Change) 핵심 문장.

단어 "astounded / 깜짝 놀란 — culinary / 요리의 — crestfallen / 풀이 죽은 — opted / 선택했다"
핵심 단어 영-한.

Q5 Inquiry DOK 4

Essential Question: What can we do to make more healthful food choices? Use ideas from TWO of the selections in this module to answer.

MODEL ANSWER

There are many things we can do to make more healthful food choices. In **"Eco-Friendly Food,"** the author shows that we can pack waste-aware lunches in reusable containers, drink tap water to stay hydrated instead of buying bottled water, and even grow our own food in a simple cylinder garden. These small, everyday choices are cheaper, healthier, and better for the planet. In **"Bug Bites,"** the author shows that we can also be open-minded about new foods. Insects are a nutritious, sustainable food eaten all over the world — a pound of grasshoppers has less fat than beef and more calcium and iron. Trying new and unexpected foods is part of eating well. **My Big Idea:** As the American saying goes, "You are what you eat." To make more healthful food choices, we can take responsibility for small daily habits — choosing reusable lunches, drinking water, growing some of our own food — and keep an open mind about healthful, sustainable foods. When we pay attention to what we eat and where it comes from, we help both our bodies and the planet.

KEYWORDS (3)

Eco-Friendly Food = reusable lunch, tap water, grow your own

Bug Bites = be open-minded about nutritious, sustainable food

Big Idea: take responsibility for daily food choices

SCORING NOTES

- Full credit (4): two selections named + a healthful-choice idea from each + a Big Idea answering the EQ.
- Partial (3): two selections + ideas, Big Idea weak.
- Developing (2): one selection only.
- Minimal (1): generic ("eat healthy food") without naming a selection.

SYNTHESIS FRAME

SELECTION 1 IDEA	CONNECTING WORD	SELECTION 2 IDEA
Name a healthful-choice idea: Eco-Friendly Food = reusable lunches, tap water, a cylinder garden; To Your Health! = use the five food groups and read Nutrition Facts labels; Bug Bites = try nutritious, sustainable foods; Now You're Cooking! = cook healthful homemade meals (opt for olive oil instead of butter).	BOTH / AND — joins two selections (for example Eco-Friendly Food AND Bug Bites) into one Big Idea answering "What can we do to make more healthful food choices?"	A different selection than Selection 1 — so the two show two different ways to make more healthful food choices.

REAL-WORLD CONNECTION

KOREA 건강한 식습관은 멀리 있지 않다 — 한국의 밥상에도 제철 나물, 콩·두부, 발효 음식처럼 몸과 환경에 좋은 선택이 많다. 도시락을 다회용 용기에 싸고, 텀블러로 물을 마시고, 화단이나 베란다에서 채소를 길러 보는 것부터 시작할 수 있다.

우리 식탁에서 실천할 수 있는 건강한 선택 하나를 EQ와 연결하기.

PERSONAL Which idea — a no-waste lunch, drinking water, growing food, or trying a new food — could YOU try this week, and why?

무포장 도시락·물 마시기·채소 기르기·새 음식 도전 중 네가 이번 주에 해볼 수 있는 것은? 이유는?

RUBRIC

LEVEL	WHAT IT LOOKS LIKE
Exceeding (4)	Names 2 selections + a healthful-choice idea from each + a Big Idea answering the EQ.
Meeting (3)	Names 2 selections + an idea for each + a Big Idea.
Approaching (2)	Names 2 selections but only retells facts — no clear answer to the EQ.
Beginning (1)	Generic ("eat healthy") without text evidence.

Watch out: Many G4 students will just list facts (bottled water costs more; grasshoppers have protein) and stop. Push them to turn each fact into an ACTION we can take — pack a reusable lunch, drink tap water, grow food, try a new healthful food — and to write a Big Idea. The EQ asks what we can DO, not just what the texts say.

TEACHING STEPS

Step 1 · Two selection cards.

강사: *"Pick 2 selections. For each, name one healthful food choice it shows."*

코멘트. 선택지 둘 — 각각 보여 주는 건강한 음식 선택 하나 적기.

Step 2 · Turn it into an action.

강사: *"Under each, write one thing a person could actually do."*

코멘트. 각각 아래 — 실제로 할 수 있는 행동 하나 적기.

Step 3 · Big Idea sentence.

강사: *"Write one sentence answering the EQ. Use both selections."*

코멘트. EQ에 답하는 한 문장 — 두 선택지 모두 사용.

STUDENT PROMPTS

- "What healthful choice does each selection you chose show?"
  고른 선택지마다 어떤 건강한 선택을 보여 주니?
- "How can a fact from the text become something you DO?"
  글 속 사실을 어떻게 '실천'으로 바꿀 수 있을까?
- "Why does the saying 'You are what you eat' fit this module?"
  'You are what you eat'라는 말이 왜 이 모듈에 어울릴까?

DIFFERENTIATION

STRUGGLING Sentence frame: "In ___, I learned we can ___. In ___, I learned we can ___. To eat well, we can ___."

문장 골격 제공.

ADVANCED Use THREE selections and sort the ideas (reduce waste / drink water / grow food / try new healthful foods).

선택지 셋 사용 — 아이디어를 종류별로 분류.

COMMON MISCONCEPTIONS

PITFALL "Listing facts answers the EQ." The EQ asks what we can DO to make healthful choices, not just what the texts say.

사실 나열은 EQ 답이 아님 — '무엇을 할 수 있는가'를 물음.

PITFALL "The quote is by a story author." It is the module EPIGRAPH, an American saying, not a story author.

인용문은 이야기 작가의 말이 아님 — 모듈 에피그래프(미국 속담).

LEARNER PROFILE LINK

THINKERS Building one Big Idea from two texts is the heart of critical thinking.

두 글로 하나의 Big Idea를 세움 — Thinker.

PRINCIPLED Choosing healthful, low-waste food is doing the right thing for yourself and others.

건강하고 쓰레기 적은 음식을 고르는 것은 옳은 행동 — Principled.

KOREAN BRIDGE

표현 "We can take responsibility for small, healthful food choices every day." → "우리는 매일 작고 건강한 음식 선택에 책임을 질 수 있다."

M8 마무리 문장 — 학생 글쓰기 핵심.

인용 "You are what you eat." — American saying → "당신은 당신이 먹는 것이다."

에피그래프 — 음식과 건강의 연결.

Worksheet D — MAP Practice · Answer Key

20 items · RIT 200 → 220 · Lexile 500L–800L

MAP Mini-Passage Word Counts (Worksheet D)

- Passage 1 · The Three Sisters Garden · **179 words** · Lexile 500–560L · RIT 200–206
- Passage 2 · The Lunchbox Letter · **185 words** · Lexile 560–620L · RIT 206–211
- Passage 3 · How Honey Is Made · **194 words** · Lexile 620–700L · RIT 211–216
- Passage 4 · The Boy Who Would Not Eat His Greens · **204 words** · Lexile 700–800L · RIT 216–220

All four passages within target band 150–220 words; RIT 200→220; Lexile 500L–800L. Word counts match the workbook passage meta exactly. Each passage connects to the module's food-and-nutrition topic. Passages are NEW — no recall of the four anchor selections.

PASSAGE 1 · THE THREE SISTERS GARDEN

Q1 · RIT 200

C

Lexile 500L · Key Detail. "corn, beans, and squash... They called these crops the 'Three Sisters.'" *Distractors A/B/D off-text.*

Q2 · RIT 202

A

Lexile 520L · Key Detail. "First, the farmers planted the corn." *Trap B/C/D off-text.*

Q3 · RIT 203

D

Lexile 530L · Cause & Effect. "The bean vines climbed up the corn stalk, so they did not need a wooden stick." *Trap A/B/C off-text.*

Q4 · RIT 205

B

Lexile 550L · Cause & Effect. "This blanket of leaves kept the soil cool and wet, and it stopped weeds from growing." *Trap A/C/D off-text.*

Q5 · RIT 206

A

Lexile 560L · Main Idea. Planting the Three Sisters together "give the people a healthful meal" and is "good for the soil." *Trap B/C/D narrow or off-topic.*

PASSAGE 2 · THE LUNCHBOX LETTER

Q6 · RIT 206

D

Lexile 560L · Key Detail. "It was from her older brother, Theo." *Trap A/B/C off-text.*

Q7 · RIT 208

B

Lexile 580L · Key Detail. "she filled a reusable bottle with water from the tap." *Trap A/C/D off-text.*

Q8 · RIT 209

A

Lexile 590L · Cause & Effect. "there was nothing to throw away — not a single wrapper." *Trap B/C/D off-text.*

Q9 · RIT 210

C

Lexile 600L · Inference. The friends saw Maya's no-waste lunch and started bringing reusable bottles too. *Trap A/B/D off-text.*

Q10 · RIT 211

B

Lexile 620L · Main Idea. "A small change... had grown into something bigger, and it had started with one little note." *Trap A/C/D narrow or off-topic.*

PASSAGE 3 · HOW HONEY IS MADE

Q11 RIT 211

B

Lexile 620L · Key Detail. "it sips a sweet liquid called nectar from deep inside each blossom." *Trap A/C/D off-text.*

Q12 RIT 212

D

Lexile 640L · Key Detail. "The bees place this thick liquid into small wax rooms called honeycombs." *Trap A/B/C off-text.*

Q13 RIT 213

C

Lexile 660L · Cause & Effect. "the bees beat their wings fast... The moving air dries the honey until it is thick." *Trap A/B/D off-text.*

Q14 RIT 215

A

Lexile 680L · Vocabulary. "it sips a sweet liquid" — sips = drinks a little at a time. *Trap B/C/D take the wrong meaning.*

Q15 RIT 216

D

Lexile 700L · Main Idea. "One little jar of honey is the work of thousands of bees and millions of flowers." *Trap A/B/C trivialize it.*

PASSAGE 4 · THE BOY WHO WOULD NOT EAT HIS GREENS

Q16 RIT 216

A

Lexile 700L · Key Detail. "a boy named Otis who would not eat anything green." *Trap B/C/D off-text.*

Q17 RIT 217

C

Lexile 720L · Key Detail. "his grandmother gave him a small packet of seeds and a pot of soil." *Trap A/B/D off-text.*

Q18 RIT 218

B

Lexile 740L · Cause & Effect. "After a week, a tiny green shoot pushed up through the dirt." *Trap A/C/D off-text.*

Q19 RIT 219

D

Lexile 770L · Vocabulary. "Otis was amazed" — amazed = filled with wonder and surprise. *Trap A/B/C take the wrong meaning.*

Q20 RIT 220

C

Lexile 800L · Main Idea. "the best way to like a food is to grow it with your own hands" — keep an open mind. *Trap A/B/D trivialize it.*
