"Food for Thought" — Module 8 Word Power

INTO READING · GRADE 4 · 120 WORDS

HOW TO USE THIS BOOK

Each set takes the module's words through six steps — meaning, blanks, synonyms & antonyms, reading, word partners, and stories — just like a Wordly Wise lesson.

WORD SETS

1	**Story 1. To Your Health!** · Warm-Up	15 WORDS
2	**Story 2. Eco-Friendly Food** · Main Story	30 WORDS
3	**Story 3. Kids Rock Nutrition in the Kitchen** · Warm-Up	15 WORDS
4	**Story 4. Bug Bites** · Main Story	30 WORDS
5	**Story 5. Now You're Cooking!** · Main Story	30 WORDS

nutrition, digest, break down, nutrients, sustainable, compost, unused, waste, percentages, measure, according to, aim, recommends, support, equivalent

1 Match the Meaning

Set 1 · Story 1. To Your Health! · Part 1 of 6

CCSS L.4.4 · L.4.5 · L.4.6

NAME _____ DATE _____

Directions. Read each word. Fill in the circle next to the meaning that matches BEST.

WORD LIST

nutrition · digest · break down · nutrients · sustainable · compost · unused · waste · percentages · measure · according to · aim · recommends · support · equivalent

Q1 L.4.5

nutrition

- ○ **A.** the act of skipping meals
- ○ **B.** the food your body takes in and how it uses it to stay healthy
- ○ **C.** things that are thrown away because they are not wanted
- ○ **D.** the parts of 100 that show how much of something there is

Q2 L.4.5

digest

- ○ **A.** to spit food out without swallowing
- ○ **B.** to change food inside your body so it can be used
- ○ **C.** to help something stay strong or keep going
- ○ **D.** to show the size or amount of something

Q3 L.4.5

break down

- ○ **A.** to join small parts into one big thing
- ○ **B.** to say that something is good or the right thing to do
- ○ **C.** to separate something into smaller parts
- ○ **D.** to set a goal to do something

Q4 L.4.5

nutrients

- A. the things in food that make you sick
- B. the things in food that help living things grow and stay healthy
- C. the parts of 100 that show how much of something there is
- D. things that are thrown away because they are not wanted

Q5 L.4.5

sustainable

- A. made or done in a way that does not harm the earth and can keep going for a long time
- B. sweet and full of sugar
- C. using up the earth's resources quickly
- D. equal in amount or value

Q6 L.4.5

compost

- A. to let food scraps and plant waste rot so they can be used to feed soil
- B. to set a goal to do something
- C. to throw food scraps into the trash
- D. to change food inside your body so it can be used

Q7 L.4.5

unused

- A. eaten up completely
- B. equal in amount or value
- C. cooked in hot oil
- D. left over and not eaten or touched

Q8 L.4.5

waste

- A. the food your body takes in and how it uses it to stay healthy
- B. things that are saved and used again
- C. things that are thrown away because they are not wanted
- D. the things in food that help living things grow and stay healthy

Q9 L.4.5

percentages

- **A.** the things in food that help living things grow and stay healthy
- **B.** the names of foods on a menu
- **C.** the food your body takes in and how it uses it to stay healthy
- **D.** the parts of 100 that show how much of something there is

Q10 L.4.5

measure

- **A.** to show the size or amount of something
- **B.** to hide how big something is
- **C.** to separate something into smaller parts
- **D.** to let food scraps and plant waste rot so they can be used to feed soil

Q11 L.4.5

according to

- **A.** made or done in a way that does not harm the earth and can keep going for a long time
- **B.** after a long time
- **C.** as said or shown by someone or something
- **D.** against what someone says

Q12 L.4.5

aim

- **A.** to change food inside your body so it can be used
- **B.** to separate something into smaller parts
- **C.** to give up trying
- **D.** to set a goal to do something

Q13 L.4.5

recommends

- **A.** to warn people not to do something
- **B.** to say that something is good or the right thing to do
- **C.** to let food scraps and plant waste rot so they can be used to feed soil
- **D.** to show the size or amount of something

Q14 L.4.5

support

- **A.** to separate something into smaller parts
- **B.** to let food scraps and plant waste rot so they can be used to feed soil
- **C.** to make something weak
- **D.** to help something stay strong or keep going

Q15 L.4.5

equivalent

- **A.** much bigger or much smaller
- **B.** equal in amount or value
- **C.** made or done in a way that does not harm the earth and can keep going for a long time
- **D.** left over and not eaten or touched

2 Fill in the Blank

Set 1 · Story 1. To Your Health! · Part 2 of 6

CCSS L.4.4 · L.4.5 · L.4.6

Directions. Choose the word that best fills in the blank.

WORD LIST

nutrition · digest · break down · nutrients · sustainable · compost · unused · waste · percentages · measure · according to · aim · recommends · support · equivalent

Q1 L.4.6

Eating fruits and vegetables every day is part of good _____.

○ **A.** equivalent ○ **B.** percentages ○ **C.** nutrition ○ **D.** waste

Q2 L.4.6

It takes a few hours for your stomach to _____ a big meal.

○ **A.** digest ○ **B.** support ○ **C.** compost ○ **D.** measure

Q3 L.4.6

Tiny creatures in the soil _____ old leaves.

○ **A.** measure ○ **B.** support ○ **C.** break down ○ **D.** aim

Q4 L.4.6

Plants take in water and _____ from the soil.

○ **A.** nutrients ○ **B.** recommends ○ **C.** waste ○ **D.** percentages

Q5 L.4.6

Riding a bike to school is a(n) _____ way to travel.

○ **A.** sustainable ○ **B.** break down ○ **C.** nutrients ○ **D.** equivalent

Q6 L.4.6

We _____ our banana peels and eggshells in the backyard.

○ **A.** support ○ **B.** compost ○ **C.** digest ○ **D.** aim

Q7 L.4.6

Mom saved the _____ paper plates for the next party.

◯ **A.** according to ◯ **B.** equivalent ◯ **C.** nutrition ◯ **D.** unused

Q8 L.4.6

Our class picked up the _____ left on the playground.

◯ **A.** nutrients ◯ **B.** nutrition ◯ **C.** waste ◯ **D.** percentages

Q9 L.4.6

The chart shows the _____ of students who walk or ride to school.

◯ **A.** waste ◯ **B.** nutrients ◯ **C.** nutrition ◯ **D.** percentages

Q10 L.4.6

Inches and feet _____ how long something is.

◯ **A.** compost ◯ **B.** break down ◯ **C.** measure ◯ **D.** digest

Q11 L.4.6

It will rain tomorrow, _____ the weather report.

◯ **A.** recommends ◯ **B.** according to ◯ **C.** unused ◯ **D.** sustainable

Q12 L.4.6

This year, I _____ to read twenty books.

◯ **A.** digest ◯ **B.** aim ◯ **C.** break down ◯ **D.** compost

Q13 L.4.6

The dentist _____ brushing your teeth twice a day.

◯ **A.** break down ◯ **B.** measure ◯ **C.** aim ◯ **D.** recommends

Q14 L.4.6

Strong walls _____ the roof of a house.

◯ **A.** support ◯ **B.** aim ◯ **C.** compost ◯ **D.** digest

Q15 L.4.6

One dollar is _____ to four quarters.

◯ **A.** equivalent ◯ **B.** sustainable ◯ **C.** according to ◯ **D.** unused

3 Synonyms, Antonyms & Pairs

Set 1 · Story 1. To Your Health! · Part 3 of 6

CCSS L.4.4 · L.4.5 · L.4.6

Directions. Items 1-6: choose the SYNONYM (same meaning). Items 7-11: choose the ANTONYM (opposite). Items 12-15: choose the example that FITS the word.

Q1 L.4.5

SAME Choose the synonym of **digest**:

◯ **A.** whistle ◯ **B.** decorate ◯ **C.** borrow ◯ **D.** process

Q2 L.4.5

SAME Choose the synonym of **waste**:

◯ **A.** honey ◯ **B.** music ◯ **C.** trash ◯ **D.** sunshine

Q3 L.4.5

SAME Choose the synonym of **measure**:

◯ **A.** sweep ◯ **B.** giggle ◯ **C.** calculate ◯ **D.** fold

Q4 L.4.5

SAME Choose the synonym of **according to**:

◯ **A.** instead of ◯ **B.** as stated by ◯ **C.** far from ◯ **D.** next to

Q5 L.4.5

SAME Choose the synonym of **aim**:

◯ **A.** try ◯ **B.** wobble ◯ **C.** melt ◯ **D.** sneeze

Q6 L.4.5

SAME Choose the synonym of **recommends**:

◯ **A.** chews ◯ **B.** spills ◯ **C.** paints ◯ **D.** suggests

Q7 L.4.5

OPPOSITE Choose the antonym of **break down**:

◯ **A.** build up ◯ **B.** sit down ◯ **C.** run out ◯ **D.** look up

Q8 L.4.5

OPPOSITE Choose the antonym of **sustainable**:

◯ **A.** tiny ◯ **B.** harmful ◯ **C.** crunchy ◯ **D.** polite

Q9 L.4.5

OPPOSITE Choose the antonym of **unused**:

◯ **A.** sticky ◯ **B.** shiny ◯ **C.** worn out ◯ **D.** friendly

Q10 L.4.5

OPPOSITE Choose the antonym of **support**:

◯ **A.** knit ◯ **B.** hop ◯ **C.** weaken ◯ **D.** stir

Q11 L.4.5

OPPOSITE Choose the antonym of **equivalent**:

◯ **A.** brave ◯ **B.** early ◯ **C.** soggy ◯ **D.** different

Q12 L.4.5

GOES WITH Choose the example that fits **nutrition**:

◯ **A.** packing your bag for school ◯ **B.** tying your shoes for gym class

◯ **C.** brushing your teeth before bed ◯ **D.** eating a balanced breakfast

Q13 L.4.5

GOES WITH Choose the example that fits **nutrients**:

◯ **A.** the price tag on a bag of oranges ◯ **B.** the color and shape of an orange

◯ **C.** vitamins and minerals in an orange ◯ **D.** the sticker on the skin of an orange

Q14 L.4.5

GOES WITH Choose the example that fits **compost**:

◯ **A.** turning apple cores into garden dirt ◯ **B.** throwing banana peels in the trash can

◯ **C.** washing apples in the kitchen sink ◯ **D.** planting tulip bulbs in the garden

Q15 L.4.5

GOES WITH Choose the example that fits **percentages**:

◯ **A.** the date stamped on the lid of a jar ◯ **B.** the numbers with a % sign on a food label

◯ **C.** the picture of a cow on a milk carton ◯ **D.** the name of the company on a food label

4 Read & Infer

Set 1 · Story 1. To Your Health! · Part 4 of 6

CCSS RI.4.4 · L.4.4

Directions. Read each short passage. Choose the best meaning of the bold word as it is used.

Q1 RI.4.4

Good **nutrition** is one of the keys to good health. When you eat right, your body gets what it needs to grow strong.

What does **nutrition** mean here?

- ○ **A.** the act of skipping meals
- ○ **B.** the price of food at a store
- ○ **C.** a game played outdoors
- ○ **D.** the food your body takes in and how it uses it to stay healthy

Q2 RI.4.4

When you eat right, your body can **digest**, or break down, vitamins, minerals, and other nutrients that help you grow strong and stay well.

What does **digest** mean here?

- ○ **A.** to change food inside your body so it can be used
- ○ **B.** to grow food in a garden
- ○ **C.** to spit food out without swallowing
- ○ **D.** to cook food on a stove

Q3 RI.4.4

Your body can digest the food you eat. It can **break down** vitamins, minerals, and other nutrients that help you grow strong.

What does **break down** mean here?

- ○ **A.** to fall asleep after eating
- ○ **B.** to separate something into smaller parts
- ○ **C.** to wash food before eating
- ○ **D.** to join small parts into one big thing

Q4 RI.4.4

Your body breaks down vitamins, minerals, and other **nutrients**. They help you grow strong and stay well.

What does **nutrients** mean here?

- **A.** the prices of groceries
- **B.** the labels on food boxes
- **C.** the things in food that make you sick
- **D.** the things in food that help living things grow and stay healthy

Q5 RI.4.4

Good food choices can help the planet, too. While grocery shopping, look for **sustainable** foods.

What does **sustainable** mean here?

- **A.** sweet and full of sugar
- **B.** made or done in a way that does not harm the earth and can keep going for a long time
- **C.** very cheap and easy to find
- **D.** using up the earth's resources quickly

Q6 RI.4.4

Some people **compost** bits of unused fruits, vegetables, and other natural waste. Many cities also collect food waste.

What does **compost** mean here?

- **A.** to buy fruit at a store
- **B.** to throw food scraps into the trash
- **C.** to let food scraps and plant waste rot so they can be used to feed soil
- **D.** to cook vegetables in a pot

Q7 RI.4.4

Food scraps do not have to go in the trash. Some people compost bits of **unused** fruits, vegetables, and other natural waste.

What does **unused** mean here?

- **A.** cooked in hot oil
- **B.** eaten up completely
- **C.** very sweet and ripe
- **D.** left over and not eaten or touched

Q8 RI.4.4

Some people compost bits of unused food. Many cities also collect food **waste** to create compost.

What does **waste** mean here?

- **A.** things that are thrown away because they are not wanted
- **B.** things that are saved and used again
- **C.** things you eat as a healthy snack
- **D.** things you cook for dinner

Q9 RI.4.4

A food label shows a list of numbers. The **percentages** tell you how much of each thing there is out of the total amount that the USDA says adults should eat in a day.

What does **percentages** mean here?

- **A.** the steps in a recipe
- **B.** the names of foods on a menu
- **C.** the colors on a food label
- **D.** the parts of 100 that show how much of something there is

Q10 RI.4.4

A food label shows how much energy is in a food. Calories **measure** the energy food provides.

What does **measure** mean here?

- **A.** to show the size or amount of something
- **B.** to grow strong bones
- **C.** to hide how big something is
- **D.** to buy food at a store

Q11 RI.4.4

There are five food groups. **According to** the United States Department of Agriculture (USDA), we should aim to eat from each group every day.

What does **according to** mean here?

- **A.** against what someone says
- **B.** as said or shown by someone or something
- **C.** in a big hurry
- **D.** after a long time

Q12 RI.4.4

There are five food groups. According to the USDA, we should **aim** to eat from each group every day.

What does **aim** mean here?

- **A.** to throw a ball at a target
- **B.** to set a goal to do something
- **C.** to give up trying
- **D.** to eat a big lunch

Q13 RI.4.4

The USDA gives advice about healthy eating. Here's what the USDA **recommends** daily for kids between ages 9 and 13.

What does **recommends** mean here?

- **A.** to grow fruit on a farm
- **B.** to warn people not to do something
- **C.** to say that something is good or the right thing to do
- **D.** to sell food in a store

Q14 RI.4.4

Milk, cheese, and yogurt contain calcium and other minerals. These nutrients **support** strong teeth and bones.

What does **support** mean here?

- **A.** to pour a glass of milk
- **B.** to make something weak
- **C.** to help something stay strong or keep going
- **D.** to count calories

Q15 RI.4.4

Kids need dairy foods every day. One cup of dairy is **equivalent** to 1½ ounces of cheese or an 8-ounce container of yogurt.

What does **equivalent** mean here?

- **A.** equal in amount or value
- **B.** sweet and creamy
- **C.** cold and frozen
- **D.** much bigger or much smaller

WORD LIST

assess · wasteful · disposable · measures up · organized · ingredients · minimize · leftover · fertilizes · convenient · transported · every now and then · additives · come at a cost · cut down on · hydrated · impact · chilled · leaches · preparation · give it a try · harvest · compact · suitable · discard · monitor · thin out · reduces · principle · intensive

Q1 L.4.5

assess

- ○ **A.** to think carefully about something and judge it
- ○ **B.** to make something cold, often by putting it in a refrigerator
- ○ **C.** to make something as small as possible
- ○ **D.** to ignore something without thinking

Q2 L.4.5

wasteful

- ○ **A.** careful to use only what is needed
- ○ **B.** made to be thrown away after it is used
- ○ **C.** using more of something than you need
- ○ **D.** not big, and fitting into a little space

Q3 L.4.5

disposable

- ○ **A.** made to be thrown away after it is used
- ○ **B.** made to be used again and again
- ○ **C.** able to plan things and keep them in order
- ○ **D.** using more of something than you need

Q4 L.4.5

measures up

- A. to ignore how it compares with others
- B. to compare with something to see how good it is
- C. to make soil richer so plants grow better
- D. to use or do less of something

Q5 L.4.5

organized

- A. not eaten or used and still remaining
- B. messy and always forgetting things
- C. able to plan things and keep them in order
- D. handy and easy to use

Q6 L.4.5

ingredients

- A. the dishes left after a meal
- B. a basic idea or rule that explains how something works
- C. the work done to get something ready
- D. the foods that are mixed together to make a dish

Q7 L.4.5

minimize

- A. to let something grow larger
- B. to make something as small as possible
- C. to test something out to see if you like it
- D. to remove some plants so the rest have more room

Q8 L.4.5

leftover

- A. not eaten or used and still remaining
- B. eaten up with nothing remaining
- C. using a lot of effort or energy to get a job done
- D. having taken in plenty of water

Q9 L.4.5

fertilizes

- **A.** to make something smaller in size or amount
- **B.** to take something from one place to another
- **C.** to make soil poor and dry
- **D.** to make soil richer so plants grow better

Q10 L.4.5

convenient

- **A.** able to plan things and keep them in order
- **B.** hard to use and full of trouble
- **C.** having taken in plenty of water
- **D.** handy and easy to use

Q11 L.4.5

transported

- **A.** to let a substance slowly leak out into a liquid
- **B.** to take something from one place to another
- **C.** to keep something in one place
- **D.** to think carefully about something and judge it

Q12 L.4.5

every now and then

- **A.** sometimes, but not often
- **B.** right away
- **C.** always, every single day
- **D.** the things added to food to change its taste, color, or how long it lasts

Q13 L.4.5

additives

- **A.** the effect that one thing has on something else
- **B.** the plain foods with nothing added
- **C.** the things added to food to change its taste, color, or how long it lasts
- **D.** the work done to get something ready

Q14 L.4.5

come at a cost

- **A.** to compare with something to see how good it is
- **B.** to pick or gather crops when they are ready
- **C.** to cause a loss or harm in exchange for something
- **D.** to bring only good things with no harm

Q15 L.4.5

cut down on

- **A.** to use or do less of something
- **B.** to throw something away because you do not need it
- **C.** to cause a loss or harm in exchange for something
- **D.** to use or do more of something

Q16 L.4.5

hydrated

- **A.** right for a certain purpose or situation
- **B.** dry and in need of water
- **C.** having taken in plenty of water
- **D.** not big, and fitting into a little space

Q17 L.4.5

impact

- **A.** the foods that are mixed together to make a dish
- **B.** the effect that one thing has on something else
- **C.** a basic idea or rule that explains how something works
- **D.** the lack of any effect at all

Q18 L.4.5

chilled

- **A.** to let a substance slowly leak out into a liquid
- **B.** to wrap something tightly in plastic
- **C.** to watch and check something over time
- **D.** to make something cold, often by putting it in a refrigerator

Q19 L.4.5

leaches

- **A.** to keep everything sealed inside
- **B.** to let a substance slowly leak out into a liquid
- **C.** to remove some plants so the rest have more room
- **D.** to make soil richer so plants grow better

Q20 L.4.5

preparation

- **A.** the work done to get something ready
- **B.** the foods that are mixed together to make a dish
- **C.** the things added to food to change its taste, color, or how long it lasts
- **D.** the job of cleaning up afterward

Q21 L.4.5

give it a try

- **A.** to pick or gather crops when they are ready
- **B.** to refuse to do something at all
- **C.** to cause a loss or harm in exchange for something
- **D.** to test something out to see if you like it

Q22 L.4.5

harvest

- **A.** to pick or gather crops when they are ready
- **B.** to take something from one place to another
- **C.** to watch and check something over time
- **D.** to plant seeds in the ground

Q23 L.4.5

compact

- **A.** right for a certain purpose or situation
- **B.** large and spread out
- **C.** made to be thrown away after it is used
- **D.** not big, and fitting into a little space

Q24 L.4.5

suitable

- **A.** not eaten or used and still remaining
- **B.** right for a certain purpose or situation
- **C.** using more of something than you need
- **D.** wrong for the job

Q25 L.4.5

discard

- **A.** to make something smaller in size or amount
- **B.** to keep something safe
- **C.** to throw something away because you do not need it
- **D.** to use or do less of something

Q26 L.4.5

monitor

- **A.** to make something as small as possible
- **B.** to forget about something completely
- **C.** to make something cold, often by putting it in a refrigerator
- **D.** to watch and check something over time

Q27 L.4.5

thin out

- **A.** to remove some plants so the rest have more room
- **B.** to think carefully about something and judge it
- **C.** to test something out to see if you like it
- **D.** to plant more seeds close together

Q28 L.4.5

reduces

- **A.** to make something larger
- **B.** to compare with something to see how good it is
- **C.** to make something smaller in size or amount
- **D.** to throw something away because you do not need it

Q29 L.4.5

principle

- **A.** the things added to food to change its taste, color, or how long it lasts
- **B.** a basic idea or rule that explains how something works
- **C.** the effect that one thing has on something else
- **D.** a silly guess with no reason behind it

Q30 L.4.5

intensive

- **A.** using very little effort or energy
- **B.** made to be thrown away after it is used
- **C.** handy and easy to use
- **D.** using a lot of effort or energy to get a job done

2 Fill in the Blank

Q1 L.4.6

The coach will _____ each player's skills before the game.

◯ **A.** assess ◯ **B.** give it a try ◯ **C.** thin out ◯ **D.** come at a cost

Q2 L.4.6

Leaving the water running while you brush your teeth is _____.

◯ **A.** organized ◯ **B.** hydrated ◯ **C.** wasteful ◯ **D.** convenient

Q3 L.4.6

We used _____ paper cups at the picnic.

◯ **A.** intensive ◯ **B.** disposable ◯ **C.** compact ◯ **D.** suitable

Q4 L.4.6

Let's see how my science project _____ against the others.

◯ **A.** fertilizes ◯ **B.** reduces ◯ **C.** measures up ◯ **D.** leaches

Q5 L.4.6

My sister is so _____ that she packs her bag the night before.

◯ **A.** leftover ◯ **B.** organized ◯ **C.** disposable ◯ **D.** wasteful

Q6 L.4.6

Flour, eggs, and sugar are the _____ for a cake.

◯ **A.** ingredients ◯ **B.** impact ◯ **C.** preparation ◯ **D.** principle

Q7 L.4.6

Wearing a helmet can _____ the danger of riding a bike.

◯ **A.** discard ◯ **B.** monitor ◯ **C.** minimize ◯ **D.** assess

Q8 L.4.6

We had _____ pizza for lunch the next day.

◯ **A.** intensive ◯ **B.** compact ◯ **C.** organized ◯ **D.** leftover

Q9 L.4.6

The farmer _____ his fields every spring.

◯ **A.** fertilizes ◯ **B.** measures up ◯ **C.** reduces ◯ **D.** leaches

Q10 L.4.6

The store on the corner is very _____ for quick shopping.

◯ **A.** leftover ◯ **B.** hydrated ◯ **C.** wasteful ◯ **D.** convenient

Q11 L.4.6

The apples were _____ by truck to the city.

◯ **A.** harvest ◯ **B.** chilled ◯ **C.** transported ◯ **D.** minimize

Q12 L.4.6

We eat ice cream _____, as a special treat.

◯ **A.** transported ◯ **B.** every now and then ◯ **C.** cut down on ◯ **D.** additives

Q13 L.4.6

This juice has no sugar or other _____.

◯ **A.** impact ◯ **B.** preparation ◯ **C.** principle ◯ **D.** additives

Q14 L.4.6

Staying up late can _____: you feel tired the next day.

◯ **A.** give it a try ◯ **B.** come at a cost ◯ **C.** harvest ◯ **D.** monitor

Q15 L.4.6

Dad is trying to _____ the sugar in his coffee.

◯ **A.** cut down on ◯ **B.** assess ◯ **C.** discard ◯ **D.** come at a cost

Q16 L.4.6

Drink water during the game to stay _____.

◯ **A.** disposable ◯ **B.** convenient ◯ **C.** hydrated ◯ **D.** suitable

Q17 L.4.6

Recycling has a big _____ on our planet.

◯ **A.** principle ◯ **B.** impact ◯ **C.** preparation ◯ **D.** ingredients

Q18 L.4.6

Before the picnic, Mom _____ the watermelon in the fridge so it would be nice and cold.

◯ **A.** thin out ◯ **B.** cut down on ◯ **C.** transported ◯ **D.** chilled

Q19 L.4.6

A tea bag slowly _____ color into the hot water.

◯ **A.** leaches ◯ **B.** fertilizes ◯ **C.** reduces ◯ **D.** measures up

Q20 L.4.6

Cooking a big holiday dinner takes a lot of _____.

◯ **A.** impact ◯ **B.** principle ◯ **C.** additives ◯ **D.** preparation

Q21 L.4.6

I have never played chess, but I want to _____.

◯ **A.** come at a cost ◯ **B.** discard ◯ **C.** give it a try ◯ **D.** minimize

Q22 L.4.6

Farmers _____ corn at the end of summer.

◯ **A.** minimize ◯ **B.** give it a try ◯ **C.** thin out ◯ **D.** harvest

Q23 L.4.6

We bought a(n) _____ car that is easy to park.

◯ **A.** compact ◯ **B.** disposable ◯ **C.** wasteful ◯ **D.** suitable

Q24 L.4.6

Sandals are not _____ shoes for hiking in the snow.

◯ **A.** intensive ◯ **B.** compact ◯ **C.** suitable ◯ **D.** leftover

Q25 L.4.6

Please _____ the empty boxes in the recycling bin.

○ **A.** monitor ○ **B.** discard ○ **C.** assess ○ **D.** harvest

Q26 L.4.6

Nurses _____ patients all night long.

○ **A.** monitor ○ **B.** cut down on ○ **C.** give it a try ○ **D.** harvest

Q27 L.4.6

If the carrots grow too close, _____ the row so each plant has room.

○ **A.** cut down on ○ **B.** thin out ○ **C.** monitor ○ **D.** assess

Q28 L.4.6

Turning off the lights _____ the electric bill.

○ **A.** fertilizes ○ **B.** reduces ○ **C.** leaches ○ **D.** measures up

Q29 L.4.6

The _____ of fairness means everyone gets a turn.

○ **A.** preparation ○ **B.** impact ○ **C.** principle ○ **D.** ingredients

Q30 L.4.6

Training for a long race is _____ work.

○ **A.** hydrated ○ **B.** convenient ○ **C.** intensive ○ **D.** organized

◯ **A.** tangled ◯ **B.** rattled ◯ **C.** dusted ◯ **D.** heated

Q20 L.4.5

OPPOSITE Choose the antonym of **harvest**:

◯ **A.** swim ◯ **B.** clap ◯ **C.** plant ◯ **D.** yawn

Q21 L.4.5

OPPOSITE Choose the antonym of **discard**:

◯ **A.** whisper ◯ **B.** keep ◯ **C.** dance ◯ **D.** scrub

Q22 L.4.5

GOES WITH Choose the example that fits **measures up**:

◯ **A.** handing your test to the teacher at the end ◯ **B.** sharpening your pencil before the quiz

◯ **C.** writing your name at the top of the test ◯ **D.** checking your score against the class average

Q23 L.4.5

GOES WITH Choose the example that fits **ingredients**:

◯ **A.** a lunchbox, a bag, and a cooler for a trip ◯ **B.** a knife, a fork, and a spoon for dinner

◯ **C.** tomato, lettuce, and bread for a sandwich ◯ **D.** a plate, a napkin, and a cup for a picnic

Q24 L.4.5

GOES WITH Choose the example that fits **leftover**:

◯ **A.** a sandwich made fresh for lunch ◯ **B.** half a sandwich saved for later

◯ **C.** a pizza still baking in the oven ◯ **D.** a bowl of soup about to be served

Q25 L.4.5

GOES WITH Choose the example that fits **additives**:

◯ **A.** a wrapper that keeps candy clean ◯ **B.** a jar that holds candy on a shelf

◯ **C.** a store that sells candy by the pound ◯ **D.** a dye that makes candy bright red

Q26 L.4.5

GOES WITH Choose the example that fits **come at a cost**:

◯ **A.** sailboats gliding across a calm bay ◯ **B.** kids building sandcastles on the beach

◯ **C.** plastic bottles piling up in the ocean ◯ **D.** fish swimming freely in a clean ocean

Q27 L.4.5

GOES WITH Choose the example that fits **preparation**:

◯ **A.** telling the cook the meal tasted great ◯ **B.** eating the vegetables after they are served

◯ **C.** washing and chopping vegetables before cooking ◯ **D.** clearing the dishes once dinner is over

Q28 L.4.5

GOES WITH Choose the example that fits **give it a try**:

◯ **A.** tasting a new fruit for the first time ◯ **B.** eating the same cereal every morning

◯ **C.** pushing away a plate of strange food ◯ **D.** buying the snack you always buy

Q29 L.4.5

GOES WITH Choose the example that fits **thin out**:

◯ **A.** watering every sprout in a long row ◯ **B.** pulling up extra sprouts in a crowded row

◯ **C.** picking ripe tomatoes off the vine ◯ **D.** planting more seeds between the sprouts

Q30 L.4.5

GOES WITH Choose the example that fits **principle**:

◯ **A.** where the library is ◯ **B.** what time the bus leaves ◯ **C.** how much a ticket costs

◯ **D.** why hot air always rises

4 Read & Infer

Set 2 · Story 2. Eco-Friendly Food · Part 4 of 6

CCSS RI.4.4 · L.4.4

Directions. Read each short passage. Choose the best meaning of the bold word as it is used.

Q1 RI.4.4

Are you wasteful or waste-aware? First, **assess** yourself!

What does **assess** mean here?

- **A.** to ignore something without thinking
- **B.** to think carefully about something and judge it
- **C.** to pack a lunch box
- **D.** to throw away a bottle

Q2 RI.4.4

Before you pack your lunch, think about your habits. Are you **wasteful** or waste-aware?

What does **wasteful** mean here?

- **A.** using more of something than you need
- **B.** careful to use only what is needed
- **C.** cold and chilled
- **D.** fresh and healthy

Q3 RI.4.4

Many lunches are packed with plastic bags and plastic cutlery. Check this list of **disposable** items.

What does **disposable** mean here?

- **A.** made to be thrown away after it is used
- **B.** grown in a garden
- **C.** made to be used again and again
- **D.** full of sugar

Q4 RI.4.4

Are you wasteful or waste-aware? Check this list to see how your packed lunch **measures up**.

What does **measures up** mean here?

- **A.** to pack food in a bag
- **B.** to compare with something to see how good it is
- **C.** to ignore how it compares with others
- **D.** to weigh food on a scale

Q5 RI.4.4

Packing your own lunch takes some planning. Of course, it can be hard to be **organized** enough to prepare food every day.

What does **organized** mean here?

- **A.** able to plan things and keep them in order
- **B.** hungry and tired
- **C.** fresh from the garden
- **D.** messy and always forgetting things

Q6 RI.4.4

Workers at a school snack bar prepare sandwiches and salads with fresh **ingredients**. Some of the produce comes from the school garden.

What does **ingredients** mean here?

- **A.** the foods that are mixed together to make a dish
- **B.** the bottles in a fridge
- **C.** the gardens at a school
- **D.** the dishes left after a meal

Q7 RI.4.4

At the school snack bar, workers **minimize** food waste by making meals or sandwiches when they are ordered.

What does **minimize** mean here?

- **A.** to grow vegetables at school
- **B.** to drink a bottle of soda
- **C.** to let something grow larger
- **D.** to make something as small as possible

Q8 RI.4.4

Workers make meals only when they are ordered. Any **leftover** food goes in the compost along with fruit and vegetable peelings.

What does **leftover** mean here?

- **A.** grown in a garden
- **B.** eaten up with nothing remaining
- **C.** not eaten or used and still remaining
- **D.** wrapped in plastic

Q9 RI.4.4

Leftover food goes in the compost. The liquid from the compost **fertilizes** the garden, and the whole cycle begins again!

What does **fertilizes** mean here?

- **A.** to make soil poor and dry
- **B.** to make soil richer so plants grow better
- **C.** to cut vegetables for a salad
- **D.** to pack a lunch box

Q10 RI.4.4

Pre-packaged organic meals and snacks are **convenient**, but are they better for the environment?

What does **convenient** mean here?

- **A.** hard to use and full of trouble
- **B.** kept cold in a fridge
- **C.** handy and easy to use
- **D.** made only from plants

Q11 RI.4.4

Once produced, processed foods are packaged, **transported**, and often chilled in a refrigerator just like non-organic foods.

What does **transported** mean here?

- **A.** to grow food on a farm
- **B.** to keep something in one place
- **C.** to cook food at home
- **D.** to take something from one place to another

Q12 RI.4.4

There is nothing wrong with buying a soda or fruit drink **every now and then** when you're out.

What does **every now and then** mean here?

- **A.** sometimes, but not often
- **B.** right away
- **C.** always, every single day
- **D.** only in the summer

Q13 RI.4.4

Some bottled drinks are healthy. However, many contain a large amount of sugar and **additives**, and they are not cheap.

What does **additives** mean here?

- **A.** the plants in a garden
- **B.** the things added to food to change its taste, color, or how long it lasts
- **C.** the plain foods with nothing added
- **D.** the bottles that are recycled

Q14 RI.4.4

Bottled drinks are not cheap. Also, packaging, transporting, and refrigerating the beverages **come at a cost** to the environment.

What does **come at a cost** mean here?

- **A.** to be sold at a store
- **B.** to be kept in a fridge
- **C.** to cause a loss or harm in exchange for something
- **D.** to bring only good things with no harm

Q15 RI.4.4

Bottled drinks cost money and harm the environment. So, how can you **cut down on** costs and waste but stay hydrated and healthy?

What does **cut down on** mean here?

- **A.** to cut food into pieces
- **B.** to use or do more of something
- **C.** to stay healthy
- **D.** to use or do less of something

Q16 RI.4.4

Bottled drinks come at a cost to the environment. So, how can you cut down on costs and waste but stay **hydrated** and healthy?

What does **hydrated** mean here?

- **A.** full of healthy food
- **B.** dry and in need of water
- **C.** having taken in plenty of water
- **D.** tired from a long walk

Q17 RI.4.4

Plastic water bottles have an **impact** on the earth. About 75 percent of the bottles are thrown away, not recycled.

What does **impact** mean here?

- **A.** a plastic water bottle
- **B.** the effect that one thing has on something else
- **C.** the lack of any effect at all
- **D.** a list of lunch foods

Q18 RI.4.4

Processing food requires a large amount of energy. Once produced, processed foods are packaged, transported, and often **chilled** in a refrigerator.

What does **chilled** mean here?

- **A.** to carry something by truck from place to place
- **B.** to wrap something tightly in plastic
- **C.** to make something cold, often by putting it in a refrigerator
- **D.** to grow something without chemicals

Q19 RI.4.4

Some bottled water is not as safe as it seems. The plastic in some bottles **leaches** (leaks) a substance called phthalate into the water.

What does **leaches** mean here?

- **A.** to let a substance slowly leak out into a liquid
- **B.** to cool down in a fridge
- **C.** to keep everything sealed inside
- **D.** to grow in the soil

Q20 RI.4.4

Why not grow your own food? You don't need any gardening experience, and the **preparation** is simple.

What does **preparation** mean here?

- **A.** the work done to get something ready
- **B.** the taste of fresh food
- **C.** the price of seeds
- **D.** the job of cleaning up afterward

Q21 RI.4.4

You don't need any gardening experience, and the preparation is simple. Why not **give it a try**?

What does **give it a try** mean here?

- **A.** to water a garden
- **B.** to buy seeds at a store
- **C.** to refuse to do something at all
- **D.** to test something out to see if you like it

Q22 RI.4.4

If you are gardening at school, look for varieties that you can **harvest** within a school quarter or semester, which is 30 to 90 days.

What does **harvest** mean here?

- **A.** to plant seeds in the ground
- **B.** to cut off a bucket's bottom
- **C.** to pick or gather crops when they are ready
- **D.** to buy food at a store

Q23 RI.4.4

Not much room for a garden? Search for **compact** varieties that can grow in a small space.

What does **compact** mean here?

- **A.** large and spread out
- **B.** not big, and fitting into a little space
- **C.** wet and full of water
- **D.** fast and easy to harvest

Q24 RI.4.4

Not every plant grows well in a bucket. The vegetables that are **suitable** for cylinder gardening are beans, carrots, parsley, peas, or tomatoes.

What does **suitable** mean here?

- **A.** right for a certain purpose or situation
- **B.** too expensive to buy
- **C.** grown far away
- **D.** wrong for the job

Q25 RI.4.4

To make a cylinder garden, you need a bucket. Cut off the bottom of the bucket and **discard** it.

What does **discard** mean here?

- **A.** to fill a bucket with soil
- **B.** to throw something away because you do not need it
- **C.** to keep something safe
- **D.** to cut something into pieces

Q26 RI.4.4

Monitor the seedlings as they grow, keeping them moist with water and adding fertilizer regularly.

What does **monitor** mean here?

- **A.** to forget about something completely
- **B.** to plant seeds in a row
- **C.** to cut down a plant
- **D.** to watch and check something over time

Q27 RI.4.4

Keep the seedlings moist as they grow. **Thin out** the seedlings if they are crushed together.

What does **thin out** mean here?

- **A.** to plant more seeds close together
- **B.** to pick ripe tomatoes
- **C.** to water plants every day
- **D.** to remove some plants so the rest have more room

Q28 RI.4.4

Food that travels a long way is worse for the environment. Growing your own vegetables **reduces** food miles.

What does **reduces** mean here?

- **A.** to drive a tractor
- **B.** to make something smaller in size or amount
- **C.** to make something larger
- **D.** to grow vegetables at home

Q29 RI.4.4

The **principle** behind food miles is that the farther away your food is produced, the worse for the environment.

What does **principle** mean here?

- **A.** a basic idea or rule that explains how something works
- **B.** a mile on a map
- **C.** a tractor on a farm
- **D.** a silly guess with no reason behind it

Q30 RI.4.4

Local beans grown with diesel tractors could be worse than beans grown by less energy-**intensive** methods in another country.

What does **intensive** mean here?

- **A.** fresh from the garden
- **B.** using a lot of effort or energy to get a job done
- **C.** using very little effort or energy
- **D.** grown in another country

Q1 L.4.6

Doctors _____ how healthy you are at a checkup.

◯ **A.** assess ◯ **B.** harvest ◯ **C.** give it a try ◯ **D.** minimize

Q2 L.4.6

Throwing away half your lunch every day is _____.

◯ **A.** disposable ◯ **B.** leftover ◯ **C.** wasteful ◯ **D.** organized

Q3 L.4.6

Many people now use cloth bags instead of _____ plastic ones.

◯ **A.** hydrated ◯ **B.** intensive ◯ **C.** compact ◯ **D.** disposable

Q4 L.4.6

Let's check how your answer _____ to the answer key.

◯ **A.** reduces ◯ **B.** fertilizes ◯ **C.** measures up ◯ **D.** leaches

Q5 L.4.6

Keeping a list helps you stay _____.

◯ **A.** organized ◯ **B.** suitable ◯ **C.** convenient ◯ **D.** wasteful

Q6 L.4.6

Read the label to see what _____ are in the cereal.

◯ **A.** preparation ◯ **B.** impact ◯ **C.** principle ◯ **D.** ingredients

Q7 L.4.6

We closed the windows to _____ the noise from the street.

○ **A.** monitor ○ **B.** thin out ○ **C.** come at a cost ○ **D.** minimize

Q8 L.4.6

Mom turned the _____ rice into fried rice.

○ **A.** organized ○ **B.** suitable ○ **C.** leftover ○ **D.** wasteful

Q9 L.4.6

A layer of rotting leaves _____ the forest floor.

○ **A.** reduces ○ **B.** fertilizes ○ **C.** leaches ○ **D.** measures up

Q10 L.4.6

A backpack with many pockets is _____ for school trips.

○ **A.** leftover ○ **B.** hydrated ○ **C.** intensive ○ **D.** convenient

Q11 L.4.6

Ships _____ cars across the ocean.

○ **A.** chilled ○ **B.** transported ○ **C.** cut down on ○ **D.** discard

Q12 L.4.6

Grandpa visits us _____.

○ **A.** transported ○ **B.** ingredients ○ **C.** assess ○ **D.** every now and then

Q13 L.4.6

Fresh fruit has no _____ at all.

○ **A.** principle ○ **B.** preparation ○ **C.** impact ○ **D.** additives

Q14 L.4.6

Fast food is quick, but it can _____ to your health.

○ **A.** thin out ○ **B.** assess ○ **C.** come at a cost ○ **D.** give it a try

Q15 L.4.6

We turn off the lights to _____ energy use.

○ **A.** cut down on ○ **B.** discard ○ **C.** harvest ○ **D.** come at a cost

Q16 L.4.6

Plants need rain to stay _____.

○ **A.** hydrated ○ **B.** convenient ○ **C.** disposable ○ **D.** compact

Q17 L.4.6

Good teachers have a big _____ on their students.

○ **A.** additives ○ **B.** impact ○ **C.** principle ○ **D.** preparation

Q18 L.4.6

The lemonade tasted much better after we _____ it in a bucket of ice for an hour.

○ **A.** cut down on ○ **B.** chilled ○ **C.** transported ○ **D.** minimize

Q19 L.4.6

An old metal pipe _____ rust into the drinking water.

○ **A.** measures up ○ **B.** reduces ○ **C.** leaches ○ **D.** fertilizes

Q20 L.4.6

The team's _____ for the big game started a week early.

○ **A.** preparation ○ **B.** ingredients ○ **C.** principle ○ **D.** impact

Q21 L.4.6

The new soup looks strange, but let's _____.

○ **A.** monitor ○ **B.** minimize ○ **C.** give it a try ○ **D.** come at a cost

WORD LIST

delicious · packets · flavors · seasonings · excellent · protein · adventurous · prefer · preheated · internal · toppings · calcium · colorful · unique · in season

Q1 L.4.5

delicious

- ○ **A.** willing to try new and different things
- ○ **B.** ready to be picked and easy to find at that time of year
- ○ **C.** very pleasant to eat or smell
- ○ **D.** having a strong, spicy bite

Q2 L.4.5

packets

- ○ **A.** foods put on top of another food to add taste or decoration
- ○ **B.** a mineral in milk and other foods that builds strong bones and teeth
- ○ **C.** large boxes for shipping things far away
- ○ **D.** little packages or wrapped bundles that hold something

Q3 L.4.5

flavors

- ○ **A.** a part of foods like meat, fish, eggs, and beans that helps your body grow strong
- ○ **B.** the special way a food seems on your tongue, such as sweet or salty
- ○ **C.** little packages or wrapped bundles that hold something
- ○ **D.** the special way a food looks, such as red or green

Q4 L.4.5

seasonings

- A. foods put on top of another food to add taste or decoration
- B. a mineral in milk and other foods that builds strong bones and teeth
- C. things like salt, pepper, or herbs added to make food taste better
- D. sauces poured over food after it is cooked

Q5 L.4.5

excellent

- A. having many bright shades, like red, green, and yellow
- B. very, very good
- C. just okay, not bad but not great
- D. different from everything else, one of a kind

Q6 L.4.5

protein

- A. a part of foods like candy that gives a quick burst of sugar
- B. the special way a food seems on your tongue, such as sweet or salty
- C. a part of foods like meat, fish, eggs, and beans that helps your body grow strong
- D. things like salt, pepper, or herbs added to make food taste better

Q7 L.4.5

adventurous

- A. eager to win every game or contest
- B. very, very good
- C. inside something, not on its outer surface
- D. willing to try new and different things

Q8 L.4.5

prefer

- A. to wash your hands before cooking
- B. to like one thing more than another
- C. to need something to stay healthy
- D. to heat an oven to the right temperature before cooking

Q9 L.4.5

preheated

- A. to keep food warm after it is done cooking
- B. to like one thing more than another
- C. to heat an oven to the right temperature before cooking
- D. to wash dishes in the sink

Q10 L.4.5

internal

- A. willing to try new and different things
- B. near the bottom of something
- C. very pleasant to eat or smell
- D. inside something, not on its outer surface

Q11 L.4.5

toppings

- A. foods served on the side of the main dish
- B. things like salt, pepper, or herbs added to make food taste better
- C. little packages or wrapped bundles that hold something
- D. foods put on top of another food to add taste or decoration

Q12 L.4.5

calcium

- A. a mineral in milk and other foods that builds strong bones and teeth
- B. a vitamin in oranges that helps fight colds
- C. little packages or wrapped bundles that hold something
- D. the special way a food seems on your tongue, such as sweet or salty

Q13 L.4.5

colorful

- A. having one pale shade all over
- B. having many bright shades, like red, green, and yellow
- C. ready to be picked and easy to find at that time of year
- D. very, very good

Q14 L.4.5

unique

- **A.** different from everything else, one of a kind
- **B.** having many bright shades, like red, green, and yellow
- **C.** inside something, not on its outer surface
- **D.** slightly different, but mostly the same as others

Q15 L.4.5

in season

- **A.** ready to be picked and easy to find at that time of year
- **B.** different from everything else, one of a kind
- **C.** able to be kept in the fridge for a long time
- **D.** very pleasant to eat or smell

○ **A.** vivid ○ **B.** heavy ○ **C.** quiet ○ **D.** chewy

Q6 L.4.5

OPPOSITE Choose the antonym of **excellent**:

○ **A.** drowsy ○ **B.** oily ○ **C.** hollow ○ **D.** terrible

Q7 L.4.5

OPPOSITE Choose the antonym of **adventurous**:

○ **A.** chilly ○ **B.** timid ○ **C.** bumpy ○ **D.** salty

Q8 L.4.5

OPPOSITE Choose the antonym of **internal**:

◯ **A.** fresh ◯ **B.** sticky ◯ **C.** outer ◯ **D.** loud

Q9 L.4.5

OPPOSITE Choose the antonym of **unique**:

◯ **A.** frozen ◯ **B.** noisy ◯ **C.** ordinary ◯ **D.** crispy

Q10 L.4.5

GOES WITH Choose the example that fits **packets**:

◯ **A.** a tall glass jar of honey ◯ **B.** a tiny paper pouch of flower seeds ◯ **C.** a huge metal barrel of oil

◯ **D.** a heavy wooden crate of apples

Q11 L.4.5

GOES WITH Choose the example that fits **protein**:

◯ **A.** a cup of sugary soda ◯ **B.** a bowl of plain lettuce ◯ **C.** a stick of chewing gum

◯ **D.** a grilled chicken breast

Q12 L.4.5

GOES WITH Choose the example that fits **preheated**:

◯ **A.** slicing the pizza at the kitchen table ◯ **B.** shopping for cheese at the corner store

◯ **C.** warming the oven before the pizza goes in ◯ **D.** scrubbing the pan once dinner is over

Q13 L.4.5

GOES WITH Choose the example that fits **toppings**:

◯ **A.** the spoon used to eat a bowl of ice cream ◯ **B.** the cone holding a scoop of ice cream

◯ **C.** the freezer that keeps ice cream cold ◯ **D.** the sprinkles scattered over a sundae

Q14 L.4.5

GOES WITH Choose the example that fits **calcium**:

◯ **A.** a glass of cold milk ◯ **B.** a slice of white bread ◯ **C.** a can of sugary soda

◯ **D.** a bag of potato chips

Q15 L.4.5

GOES WITH Choose the example that fits **in season**:

- ◯ **A.** frozen blueberries saved since summer
- ◯ **B.** dried raisins kept in a pantry jar
- ◯ **C.** canned peaches stored for a whole year
- ◯ **D.** ripe strawberries piled high in June

4 Read & Infer

Set 3 · Story 3. Kids Rock Nutrition in the Kitchen · Part 4 of 6

CCSS RI.4.4 · L.4.4

Directions. Read each short passage. Choose the best meaning of the bold word as it is used.

Q1 RI.4.4

The chef starts the cooking show. Today they will make some **delicious** chicken packets and fruit parfaits.

What does **delicious** mean here?

- ○ **A.** very pleasant to eat or smell
- ○ **B.** wrapped up tightly in foil
- ○ **C.** costing a lot of money
- ○ **D.** having a strong, spicy bite

Q2 RI.4.4

The chef tells the kids what they will cook. They will make chicken **packets** and fruit parfaits.

What does **packets** mean here?

- ○ **A.** large boxes for shipping things far away
- ○ **B.** little packages or wrapped bundles that hold something
- ○ **C.** letters sent through the mail
- ○ **D.** cold desserts made with yogurt and fruit

Q3 RI.4.4

You can put almost any vegetable in the packets. You can change up the **flavors** every time by adding different ingredients.

What does **flavors** mean here?

- ○ **A.** the plates set out on a table
- ○ **B.** the vegetables chosen for a dish
- ○ **C.** the special way a food seems on your tongue, such as sweet or salty
- ○ **D.** the special way a food looks, such as red or green

Q4 RI.4.4

The chef says the dish has three parts. There is the protein, the vegetables, and the **seasonings**.

What does **seasonings** mean here?

- **A.** sauces poured over food after it is cooked
- **B.** tools used to cut up food
- **C.** things like salt, pepper, or herbs added to make food taste better
- **D.** meats like chicken or fish cooked for dinner

Q5 RI.4.4

Fish cooks faster than chicken. But the chef says they are both **excellent** sources of protein.

What does **excellent** mean here?

- **A.** very, very good
- **B.** costing very little money
- **C.** cooked for a very short time
- **D.** just okay, not bad but not great

Q6 RI.4.4

The chef is cooking fish, and the kids are cooking chicken. The chef says they are both excellent sources of **protein**.

What does **protein** mean here?

- **A.** a cup used to measure water
- **B.** a part of foods like meat, fish, eggs, and beans that helps your body grow strong
- **C.** a part of foods like candy that gives a quick burst of sugar
- **D.** a piece of fish wrapped in foil

Q7 RI.4.4

The chef wants the kids to try something new. If you're feeling **adventurous** today, try a vegetable you haven't tried before.

What does **adventurous** mean here?

- **A.** eager to win every game or contest
- **B.** hungry for a big meal right now
- **C.** tired after a long day
- **D.** willing to try new and different things

Q8 RI.4.4

The chef says you can try a new vegetable. Or if you **prefer**, you can pick your favorites today.

What does **prefer** mean here?

- **A.** to need something to stay healthy
- **B.** to wash your hands before cooking
- **C.** to try a vegetable for the first time
- **D.** to like one thing more than another

Q9 RI.4.4

The packets are ready to bake. The oven is set to 400 degrees and **preheated**.

What does **preheated** mean here?

- **A.** to wash dishes in the sink
- **B.** to heat an oven to the right temperature before cooking
- **C.** to keep food warm after it is done cooking
- **D.** to wrap food tightly in foil

Q10 RI.4.4

The chef will check the chicken in 20 minutes. The **internal** temperature has to reach 165 degrees.

What does **internal** mean here?

- **A.** inside something, not on its outer surface
- **B.** cooked in a very hot oven
- **C.** near the bottom of something
- **D.** colored bright red

Q11 RI.4.4

Next the kids make the parfaits. For **toppings**, there is low-fat whole grain granola and some pecans.

What does **toppings** mean here?

- **A.** foods served on the side of the main dish
- **B.** foods put on top of another food to add taste or decoration
- **C.** cups of low-fat yogurt in bowls
- **D.** pans used for baking bread

Q12 RI.4.4

The kids put low-fat yogurt in their bowls. The chef says yogurt and milk send **calcium** to your bones.

What does **calcium** mean here?

- **A.** a kind of low-fat yogurt
- **B.** a vitamin in oranges that helps fight colds
- **C.** a mineral in milk and other foods that builds strong bones and teeth
- **D.** a sweet sauce for ice cream

Q13 RI.4.4

A student says the food is like edible art. It's **colorful** and creative at the same time.

What does **colorful** mean here?

- **A.** having one pale shade all over
- **B.** made of things you can eat
- **C.** having many bright shades, like red, green, and yellow
- **D.** cooked for a long time

Q14 RI.4.4

At the end, the chef talks about the best part. It was putting the packets together and creating their own **unique** flavors.

What does **unique** mean here?

- **A.** very hot and spicy
- **B.** different from everything else, one of a kind
- **C.** slightly different, but mostly the same as others
- **D.** cooked together in one pan

Q15 RI.4.4

The chef says the kids can make parfaits at home. They can use whatever fruits are **in season**.

What does **in season** mean here?

- **A.** able to be kept in the fridge for a long time
- **B.** cut into small pieces for a snack
- **C.** ready to be picked and easy to find at that time of year
- **D.** sold at a very high price

- D. to show or tell someone about something so they notice it

Q6 L.4.5

slurped

- A. to challenge someone to do something brave or risky
- B. to sip something quietly
- C. to eat or drink something with a loud sucking noise
- D. to keep animals so they can have babies and make more

Q7 L.4.5

dared

- A. to challenge someone to do something brave or risky
- B. to warn someone to stay safe
- C. to be a smart, reasonable thing to do
- D. to be not the same as something else

Q8 L.4.5

nutritious

- A. real and true, not just something said to be funny
- B. bad for your body
- C. full of good things your body needs to grow and stay well
- D. very angry and shocked

Q9 L.4.5

habit

- A. the ways you think and feel about something
- B. something you do so often that you do it without thinking
- C. something that depends on what each person likes
- D. something you have never done before

Q10 L.4.5

larvae

- A. the people who move to a new land and settle there
- B. a scientist who studies living things
- C. the eggs that insects lay on leaves
- D. the young insects that look like small worms before they change form

Q11 L.4.5

made sense

- A. to be a silly, foolish thing to do
- B. to be a smart, reasonable thing to do
- C. to chew food steadily and noisily
- D. to chew or crush something so it makes a cracking sound

Q12 L.4.5

right under their noses

- A. far away and hard to find
- B. not allowed or accepted
- C. very close by and easy to find
- D. safe for people to eat

Q13 L.4.5

no wonder

- A. to eat or drink something with a loud sucking noise
- B. it is very surprising
- C. it is not surprising
- D. it is hard to say

Q14 L.4.5

edible

- **A.** easily upset or grossed out by unpleasant things
- **B.** safe for people to eat
- **C.** real and true, not just something said to be funny
- **D.** poisonous and unsafe to eat

Q15 L.4.5

line

- **A.** to show or tell someone about something so they notice it
- **B.** to be scattered all around
- **C.** to stand or be placed in rows along something
- **D.** to chew food steadily and noisily

Q16 L.4.5

heaping

- **A.** very angry and shocked
- **B.** piled high, with a lot on top
- **C.** almost empty
- **D.** very close by and easy to find

Q17 L.4.5

clearly

- **A.** special foods that are rare and highly prized
- **B.** in a slow, careful way
- **C.** in a way that is hard to tell
- **D.** in a way that is easy to see or understand

Q18 L.4.5

come out ahead

- **A.** to end up winning or doing better than others
- **B.** to stand or be placed in rows along something
- **C.** to end up losing
- **D.** to chew or crush something so it makes a cracking sound

4 Read & Infer

Set 4 · Story 4. Bug Bites · Part 4 of 6

CCSS RI.4.4 · L.4.4

Directions. Read each short passage. Choose the best meaning of the bold word as it is used.

Q1 RI.4.4

In an old joke, a man finds a bug in his food. **Outraged**, he points it out to the waiter.

What does **outraged** mean here?

- ○ **A.** calm and pleased
- ○ **B.** sleepy and bored
- ○ **C.** very hungry
- ○ **D.** very angry and shocked

Q2 RI.4.4

Outraged, he **points it out** to the waiter, who says, 'Keep your voice down, or everybody'll want one!'

What does **points it out** mean here?

- ○ **A.** to eat something quickly
- ○ **B.** to cook something for dinner
- ○ **C.** to show or tell someone about something so they notice it
- ○ **D.** to hide something so no one sees it

Q3 RI.4.4

In Australia, South America, Africa, and Asia, eating bugs is **no joke**. Bugs aren't just pests.

What does **no joke** mean here?

- ○ **A.** very tasty and crunchy
- ○ **B.** hard to find
- ○ **C.** silly and meant to make people laugh
- ○ **D.** real and true, not just something said to be funny

Q4 RI.4.4

In many places, eating bugs is no joke. Bugs aren't just **pests**.

What does **pests** mean here?

- **A.** insects that help farmers
- **B.** insects or small animals that harm crops or bother people
- **C.** insects that make honey
- **D.** insects that glow in the dark

Q5 RI.4.4

To those who've never **crunched** a cricket or slurped a worm, the idea of eating bugs sounds strange.

What does **crunched** mean here?

- **A.** to tell a joke
- **B.** to chew or crush something so it makes a cracking sound
- **C.** to grow in a garden
- **D.** to swallow something soft without a sound

Q6 RI.4.4

To many people, the idea of eating bugs sounds strange. They have never **slurped** a worm!

What does **slurped** mean here?

- **A.** to eat or drink something with a loud sucking noise
- **B.** to smell food from far away
- **C.** to cut food with a knife
- **D.** to sip something quietly

Q7 RI.4.4

Some people think bugs are gross. They wouldn't eat those creepy-crawlies even if someone **dared** them!

What does **dared** mean here?

- **A.** to point at a waiter
- **B.** to warn someone to stay safe
- **C.** to challenge someone to do something brave or risky
- **D.** to cook bugs for dinner

Q8 RI.4.4

The idea of eating bugs sounds strange to some people. Yet lots of bugs are **nutritious**, tasty, and perfectly safe to eat.

What does **nutritious** mean here?

- ○ **A.** very crunchy
- ○ **B.** full of good things your body needs to grow and stay well
- ○ **C.** hard to find in stores
- ○ **D.** bad for your body

Q9 RI.4.4

Eating bugs is an old **habit**. Ten thousand years ago, our ancestors found food by hunting and gathering.

What does **habit** mean here?

- ○ **A.** something you do so often that you do it without thinking
- ○ **B.** something you have never done before
- ○ **C.** a farm with many animals
- ○ **D.** a cooked grasshopper

Q10 RI.4.4

In many parts of the world, people eat bugs. In Thailand, outdoor markets offer silkworm **larvae**.

What does **larvae** mean here?

- ○ **A.** the people who sell food at markets
- ○ **B.** the young insects that look like small worms before they change form
- ○ **C.** the spicy sauces cooked with bugs
- ○ **D.** the eggs that insects lay on leaves

Q11 RI.4.4

Long ago, people found food by hunting and gathering. It **made sense** for ancient people to eat a source of nutrition that was right under their noses.

What does **made sense** mean here?

- ○ **A.** to be hard to catch
- ○ **B.** to be a silly, foolish thing to do
- ○ **C.** to taste sweet like fruit
- ○ **D.** to be a smart, reasonable thing to do

Q12 RI.4.4

Ancient people found food by hunting and gathering. It made sense for them to eat a source of nutrition that was **right under their noses**, or buzzing by their ears.

What does **right under their noses** mean here?

- **A.** far away and hard to find
- **B.** very close by and easy to find
- **C.** high up in a tree
- **D.** buzzing loudly in the air

Q13 RI.4.4

One out of every three animals is a bug. **No wonder** more than half the people on earth still eat bugs daily.

What does **no wonder** mean here?

- **A.** it is not surprising
- **B.** it is very surprising
- **C.** it is very tasty
- **D.** it is hard to say

Q14 RI.4.4

The most popular bugs to eat are crickets and termites, but lots of other bugs are **edible**, too.

What does **edible** mean here?

- **A.** very crunchy and loud
- **B.** poisonous and unsafe to eat
- **C.** sold in a can
- **D.** safe for people to eat

Q15 RI.4.4

Bugs are sold as food in many places. Cans of baby bees **line** supermarket shelves in Japan.

What does **line** mean here?

- **A.** to stand or be placed in rows along something
- **B.** to be cooked in a pan
- **C.** to be scattered all around
- **D.** to swim in the ocean

Q16 RI.4.4

Dinner is served: on one plate, a big, juicy hamburger, and on the other, a **heaping** pile of cooked grasshoppers.

What does **heaping** mean here?

- **A.** almost empty
- **B.** fried in hot oil
- **C.** piled high, with a lot on top
- **D.** cold and frozen

Q17 RI.4.4

A hamburger and a plate of grasshoppers both have lots of protein. But in other ways, grasshoppers **clearly** come out ahead.

What does **clearly** mean here?

- **A.** in a way that is hard to tell
- **B.** in a slow, careful way
- **C.** in a loud, angry way
- **D.** in a way that is easy to see or understand

Q18 RI.4.4

A hamburger and cooked grasshoppers both have lots of protein. But in other ways, grasshoppers clearly **come out ahead**.

What does **come out ahead** mean here?

- **A.** to end up losing
- **B.** to cook a big meal
- **C.** to end up winning or doing better than others
- **D.** to leave the table early

Q19 RI.4.4

Says **biologist** David George Gordon, author of the Eat-a-Bug Cookbook, 'I tell kids, if your bones are still growing, eat more crickets and termites.'

What does **biologist** mean here?

- **A.** a cook who makes fancy meals
- **B.** a person who sells bugs
- **C.** a farmer who grows corn
- **D.** a scientist who studies living things

Q20 RI.4.4

Shrimp, crabs, and lobsters are in the 'bug group' of animals. In fact, lobsters have only recently made the **transition** from bug to edible treat.

What does **transition** mean here?

- **A.** a change from one thing or state to another
- **B.** a cookbook full of recipes
- **C.** a time when nothing changes
- **D.** a trip across the ocean

Q21 RI.4.4

Lobsters were not always a treat. The first American **colonists** ate lobsters only when they didn't have anything else.

What does **colonists** mean here?

- **A.** the people who catch lobsters for fun
- **B.** the people who move to a new land and settle there
- **C.** the people who write cookbooks
- **D.** the people who have always lived in a place

Q22 RI.4.4

People eat different foods in different places. Other parts of the world also have **forbidden** foods.

What does **forbidden** mean here?

- **A.** not allowed or accepted
- **B.** cooked in a pan
- **C.** very hard to catch
- **D.** allowed and welcome

Q23 RI.4.4

Lots of people would never eat lobsters and the other sea-dwelling 'bugs' that others consider **delicacies**.

What does **delicacies** mean here?

- **A.** plain foods that people eat every day
- **B.** bugs that harm crops
- **C.** cans on a store shelf
- **D.** special foods that are rare and highly prized

Q24 RI.4.4

People in many countries eat insects. Even among people who eat insects, tastes **differ**.

What does **differ** mean here?

- **A.** to be exactly alike
- **B.** to be not the same as something else
- **C.** to eat bugs for lunch
- **D.** to raise animals on a farm

Q25 RI.4.4

In some countries, bugs are a normal lunch. South Africans might **munch** termites for lunch.

What does **munch** mean here?

- **A.** to throw food away
- **B.** to nibble very quietly
- **C.** to chew food steadily and noisily
- **D.** to grow food in the ground

Q26 RI.4.4

Different people eat different bugs. So when it comes to eating, people mostly **stick with** food they're used to.

What does **stick with** mean here?

- **A.** to cook on a stick
- **B.** to switch to something new
- **C.** to keep doing or using the same thing
- **D.** to glue paper together

Q27 RI.4.4

People mostly stick with food they're used to. What's food and what's not is **a matter of taste**, and what you've been taught.

What does **a matter of taste** mean here?

- **A.** something that depends on what each person likes
- **B.** something everyone agrees on
- **C.** the way food smells
- **D.** a recipe for cooking bugs

Q28 RI.4.4

Attitudes about bugs are already changing. Kids in the U.S. today are less squeamish about insects.

What does **attitudes** mean here?

- **A.** the bugs that live in your yard
- **B.** the ways you think and feel about something
- **C.** the facts that never change
- **D.** the foods you eat for lunch

Q29 RI.4.4

Thanks to bug-appreciation programs at schools and science centers, kids in the U.S. today are less **squeamish** about insects.

What does **squeamish** mean here?

- **A.** quick and clever
- **B.** very hungry
- **C.** easily upset or grossed out by unpleasant things
- **D.** calm and not bothered by gross things

Q30 RI.4.4

Bugs are even considered a perfect food for long space journeys, because astronauts could **breed** them in outer space.

What does **breed** mean here?

- **A.** to cook food in a pan
- **B.** to fly into outer space
- **C.** to let animals die out
- **D.** to keep animals so they can have babies and make more

Who Eats Bugs?

In an old joke, a man finds a bug in his food. He is **(1)** _____, and he **(2)** _____ to the waiter, who says, 'Keep your voice down, or everybody'll want one!' But in many parts of the world, eating bugs is **(3)** _____. Bugs aren't just **(4)** _____. To people who've never **(5)** _____ a cricket or **(6)** _____ a worm, eating bugs sounds strange. They wouldn't eat bugs even if someone **(7)** _____ them! Yet lots of bugs are **(8)** _____, tasty, and safe to eat. Eating bugs is an old **(9)** _____. Even today, outdoor markets in Thailand offer silkworm **(10)** _____. Ten thousand years ago, people found food by hunting and gathering, so it **(11)** _____ for them to eat food that was **(12)** _____. One out of every three animals is a bug, so it is **(13)** _____ more than half the people on earth still eat bugs. Crickets and termites are the most popular, but lots of other bugs are **(14)** _____, too. In Japan, cans of baby bees **(15)** _____ supermarket shelves.

WORD BANK **attitudes · come out ahead · transition · forbidden · biologist · delicacies · munch · squeamish · colonists · differ · heaping · a matter of taste · stick with · clearly · breed**

Bugs on the Menu

Dinner is served: a big, juicy hamburger on one plate and a **(1)** _____ pile of cooked grasshoppers on the other. Both have lots of protein, but in other ways, the grasshoppers **(2)** _____ **(3)** _____. A **(4)** _____ named David George Gordon tells kids with growing bones to eat more crickets and termites. Lobsters are in the 'bug group' too, and they have only recently made the **(5)** _____ from bug to edible treat. The first American **(6)** _____ ate

lobsters only when they had nothing else. Other parts of the world also have **(7)** _____ foods, and many people would never eat the sea 'bugs' that others consider **(8)** _____. Even among people who eat insects, tastes **(9)** _____. South Africans might **(10)** _____ termites for lunch. Most people **(11)** _____ the food they're used to, and what's food and what's not is **(12)** _____. But **(13)** _____ about bugs are already changing. Kids in the U.S. are less **(14)** _____ about insects, and astronauts could even **(15)** _____ bugs in outer space.

4 Read & Infer

Set 5 · Story 5. Now You're Cooking! · Part 4 of 6

CCSS RI.4.4 · L.4.4

Directions. Read each short passage. Choose the best meaning of the bold word as it is used.

Q1 RI.4.4

Martina was one of two **finalists** in the Spring Cook-Off, an annual event sponsored by the school district and the local farmers market.

What does **finalists** mean here?

- ○ **A.** the people who sell food at a market
- ○ **B.** the people who make it to the last round of a contest
- ○ **C.** the people who judge the food
- ○ **D.** the people who lose in the first round

Q2 RI.4.4

Martina made it to the final round of the Spring Cook-Off. It is an annual event **sponsored** by the school district and the local farmers market.

What does **sponsored** mean here?

- ○ **A.** to win a contest
- ○ **B.** to have nothing to do with an event
- ○ **C.** to pay for or help run an event
- ○ **D.** to cook food for a crowd

Q3 RI.4.4

Otherwise, Martina's cooking skills were **nonexistent**. She was an avid viewer of television cooking shows, though.

What does **nonexistent** mean here?

- ○ **A.** fast and loud
- ○ **B.** not there at all
- ○ **C.** plentiful and easy to find
- ○ **D.** very fancy

Q4 RI.4.4

Martina's cooking skills were nonexistent. She was an **avid** viewer of television cooking shows, though.

What does **avid** mean here?

- **A.** shy and quiet
- **B.** tired and hungry
- **C.** very eager and interested in something
- **D.** bored and not interested

Q5 RI.4.4

Avani hugged Martina and said, 'Now you're cooking!' Avani chuckled at her own **pun**.

What does **pun** mean here?

- **A.** a prize at a contest
- **B.** a recipe for a dish
- **C.** a joke that plays with a word that has two meanings
- **D.** a serious, plain sentence

Q6 RI.4.4

Avani made a joke about cooking. When Martina didn't **react**, Avani said, 'Get it?'

What does **react** mean here?

- **A.** to win a prize
- **B.** to cook a meal fast
- **C.** to show no sign that you noticed
- **D.** to act in a way that shows you noticed something

Q7 RI.4.4

Martina had never really cooked before. Martina was just **astounded** that she'd made it to the finals.

What does **astounded** mean here?

- **A.** quite bored
- **B.** not surprised at all
- **C.** very hungry
- **D.** completely surprised

Q8 RI.4.4

Martina was just astounded that she'd made it to the finals. 'More like **my goose is cooked**,' she told her friend.

What does **my goose is cooked** mean here?

- **A.** I am in big trouble and will surely fail
- **B.** my dinner is ready to eat
- **C.** everything will turn out great for me
- **D.** I am very hungry

Q9 RI.4.4

Avani reminded Martina how far she had come. There were ten **contestants**.

What does **contestants** mean here?

- **A.** the people who take part in a contest
- **B.** the people who watch from the crowd
- **C.** the people who sponsor an event
- **D.** the people who grow vegetables

Q10 RI.4.4

Avani reminded Martina of what she had made. 'First, you baked some **luscious** breakfast empanadas.'

What does **luscious** mean here?

- **A.** burned and black
- **B.** tasty and often juicy
- **C.** dry and tasteless
- **D.** cold and frozen

Q11 RI.4.4

First, you baked some luscious breakfast empanadas, and then you made that roasted vegetable panini that the judges described as '**mouth-watering**.'

What does **mouth-watering** mean here?

- **A.** looking or smelling so good that you want to eat it
- **B.** made with lots of water
- **C.** very hot and spicy
- **D.** so gross that you lose your appetite

Q12 RI.4.4

'Contestants, it's time for you to show off your **culinary** skills,' announced emcee Jack Jackson.

What does **culinary** mean here?

- **A.** having nothing to do with food
- **B.** connected to television
- **C.** connected to farming
- **D.** connected to cooking

Q13 RI.4.4

'Contestants, it's time for you to show off your culinary skills,' announced **emcee** and local television news anchor Jack Jackson.

What does **emcee** mean here?

- **A.** a person who judges the food
- **B.** the person who leads a show and introduces each part
- **C.** a person who sits quietly in the audience
- **D.** a person who washes the dishes

Q14 RI.4.4

Jack Jackson was the emcee of the cook-off. He was also a local television news **anchor**.

What does **anchor** mean here?

- **A.** a person who reads the news on TV
- **B.** a person who watches the news at home
- **C.** a heavy weight that holds a boat in place
- **D.** a person who cooks on TV

Q15 RI.4.4

As she turned to go, Avani looked over her shoulder and said, 'She's so **on fire** today that the thermometer's going to explode!'

What does **on fire** mean here?

- **A.** feeling sleepy
- **B.** doing very badly
- **C.** burning in an oven
- **D.** doing something extremely well

Q16 RI.4.4

The other finalist, Joey, was not worried. 'Well, you know, cooking's **in my genes**,' he said.

What does **in my genes** mean here?

- **A.** passed down to me from my family
- **B.** inside my jeans pocket
- **C.** learned all by myself from nothing
- **D.** written in a cookbook

Q17 RI.4.4

'Well, you know, cooking's in my genes,' Joey said. 'No **offense**.'

What does **offense** mean here?

- **A.** a recipe from a family
- **B.** a prize from the judges
- **C.** something that makes you feel proud
- **D.** something that makes you feel hurt, annoyed, or insulted

Q18 RI.4.4

Mr. Jackson looked out over the crowd and said, 'We have come to my favorite part of this competition, the **finale**.'

What does **finale** mean here?

- **A.** the crowd at an event
- **B.** the first part of a show
- **C.** the last part of a show or event
- **D.** the best dish at a contest

Q19 RI.4.4

For the first time, Joey looked nervous. He kept **fidgeting** with the strings on his apron.

What does **fidgeting** mean here?

- **A.** to sit very still and calm
- **B.** to tie an apron tightly
- **C.** to keep moving your hands or body because you are nervous
- **D.** to cook eggs in a pan

Q20 RI.4.4

Joey said cooking was in his genes. Martina imagined that the Cardenas family **reputation** was on the line.

What does **reputation** mean here?

- **A.** the opinion that most people have of someone or something
- **B.** a big family dinner
- **C.** a secret that no one knows
- **D.** a restaurant menu

Q21 RI.4.4

The finale was about to begin. Martina imagined that the Cardenas family reputation was **on the line**.

What does **on the line** mean here?

- **A.** completely safe and certain
- **B.** at risk and could be lost
- **C.** standing in a long line
- **D.** cooked and ready to eat

Q22 RI.4.4

Martina looked out at the audience and saw her own parents, both **beaming** with pride.

What does **beaming** mean here?

- **A.** to shine a flashlight
- **B.** to clap loudly
- **C.** to frown because you are upset
- **D.** to smile very widely because you are happy

Q23 RI.4.4

Avani was sitting next to them, pumping a fist in the air and **mouthing** the words, 'Go, Martina!'

What does **mouthing** mean here?

- **A.** to point at something
- **B.** to shout words very loudly
- **C.** to make the shapes of words with your lips without saying them out loud
- **D.** to eat food quickly

Q24 RI.4.4

Martina had to make a delicious, healthful meal with every ingredient in the bag. She **had no clue**.

What does **had no clue** mean here?

- **A.** to know for sure
- **B.** to not know at all
- **C.** to have a new recipe
- **D.** to have extra time

Q25 RI.4.4

Martina ran over to the rack to look at all the spices. Then **it struck her**.

What does **it struck her** mean here?

- **A.** all of her ideas were forgotten
- **B.** an idea suddenly came to her
- **C.** something hit her on the head
- **D.** a meal made her very hungry

Q26 RI.4.4

In the end, Martina didn't win the cook-off, but she wasn't **crestfallen**.

What does **crestfallen** mean here?

- **A.** cheerful and full of hope
- **B.** angry and loud
- **C.** tired and sleepy
- **D.** sad and discouraged

Q27 RI.4.4

Martina didn't win. Mr. Jackson reminded her that the instructions **called for** a healthful meal.

What does **called for** mean here?

- **A.** to say something is not needed
- **B.** to need or ask for something
- **C.** to cook something fast
- **D.** to shout someone's name

Q28 RI.4.4

Martina used the peppers, tomato, strawberries, and peach. But she still could've separated the egg whites from the yolks and **opted** for olive oil instead of butter.

What does **opted** mean here?

- ○ **A.** to pick one thing instead of another
- ○ **B.** to turn something down
- ○ **C.** to win a prize
- ○ **D.** to cook with butter

Q29 RI.4.4

Joey held up the trophy and said, 'It looks that way.' But he **glanced** at the judges' plates.

What does **glanced** mean here?

- ○ **A.** to stare at something for a long time
- ○ **B.** to look at something quickly
- ○ **C.** to taste something slowly
- ○ **D.** to wash something carefully

Q30 RI.4.4

The story ends with a recipe for Bolillo Boats. The last step says, '**Garnish** with a sprig of cilantro.'

What does **garnish** mean here?

- ○ **A.** to freeze food
- ○ **B.** to leave food plain
- ○ **C.** to fry food in oil
- ○ **D.** to decorate food with a small amount of something
